CHAPTER NO. 15

[HB 10]

AN ACT TO GENERALLY REVISE AND CLARIFY THE LAWS RELATING TO EDUCATION AND MINORS; AMENDING SECTIONS 20-3-331, 20-6-321, 20-9-351, 20-9-352, 20-9-407, 20-15-403, 41-3-609, 41-3-1103, 41-3-1121, AND 41-5-601, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-3-331, MCA, is amended to read:

"20-3-331. Purchase of liability insurance. The trustees of any district may purchase insurance coverage for the district, trustees, and employees against liability for the death, injury, or disability of any person or damage to property. If such insurance is purchased, the trustees shall pay the insurance premium cost from the general fund."

Section 2. Section 20-6-321, MCA, is amended to read:

"20-6-321. High school district consolidation of districts in two or more counties. Any two or more high school districts located in two or more counties and whose territory is contiguous may consolidate to organize a joint high school district. Whenever a joint district consolidation is considered by two or more districts, the procedure for consolidation without the assumption of bonded indebtedness prescribed in 20-6-315 and 20-6-319 must be used, except that each district shall submit its resolution or petition and its election certificate to the county superintendent of its

HeinOnline -- 1985 vol. I 31 1985

resident county and the several county superintendents shall jointly perform the duties prescribed for the county superintendent in 20-6-315."

Section 3. Section 20-9-407, MCA, is amended to read:

"20-9-407. Industrial facility agreement for bond issue in excess of maximum. (1) In a school district within which a new major industrial facility which seeks to qualify for taxation as class five property under 15-6-135 is being constructed or is about to be constructed, the school district may require, as a precondition of the new major industrial facility qualifying as class five property, that the owners of the proposed industrial facility enter into an agreement with the school district concerning the issuing of bonds in excess of the *45%* limitation prescribed in 20-9-406. Under such an agreement, the school district may, with the approval of the voters, issue bonds which exceed the limitation prescribed in this section by a maximum of *45%* of the estimated taxable value of the property of the new major industrial facility subject to taxation when completed. The estimated taxable value of the property of the new major industrial facility subject to taxation shall be computed by the department of revenue when requested to do so by a resolution of the board of trustees of the school district. A copy of the department's statement of estimated taxable value shall be printed on each ballot used to vote on a bond issue proposed under this section.

(2) Pursuant to the agreement between the new major industrial facility and the school district and as a precondition to qualifying as class five property, the new major industrial facility and its owners shall pay, in addition to the taxes imposed by the school district on property owners generally, so much of the principal and interest on the bonds provided for under this section as represents payment on an indebtedness in excess of the limitation prescribed in *20-9-406*. After the completion of the new major industrial facility and when the indebtedness of the school district no longer exceeds the limitation prescribed in this section, the new major industrial facility shall be entitled, after all the current indebtedness of the school district has been paid, to a tax credit over a period of no more than 20 years. The credit shall as a total amount be equal to the amount which the facility paid the principal and interest of the school district's bonds in excess of its general liability as a taxpayer within the district.

(3) A major industrial facility is a facility subject to the taxing power of the school district, whose construction or operation will increase the population of the district, imposing a significant burden upon the resources of the district and requiring construction of new school facilities. A significant burden is an increase in ANB of at least 20% in a single year."

Section 4. Section 20-9-351, MCA, is amended to read:

"20-9-351. Funding of deficiency in state equalization aid. If the estimated state equalization level made under the provisions of 20-9-348 is less than 100%, it shall be the duty of the superintendent of public instruction to request the budget director to submit a request for a supplemental appropriation in the second year of the biennium that would be sufficient to complete the funding of the foundation programs of the elementary or secondary schools, or both, for the current biennium."

HeinOnline -- 1985 vol. I 32 1985

Section 5. Section 20-9-352, MCA, is amended to read:

"20-9-352. Permissive amount and permissive levy. (1) Whenever the trustees of any district shall deem it necessary to adopt a general fund budget in excess of the foundation program amount but not in excess of the maximum general fund budget amount for such district as established by the schedules in 20-9-316 through 20-9-321, the trustees shall adopt a resolution stating the reasons and purposes for exceeding the foundation program amount. Such excess above the foundation program amount shall be known as the "permissive amount", and it shall be financed by a levy on the taxable value of all taxable property within the district as prescribed in 20-9-141, supplemented with any biennial appropriation by the legislature for this purpose. *The proceeds of such an appropriation shall be deposited to the state special revenue fund, permissive account.*

(2) The district levies to be set for the purpose of funding the permissive amount are determined as follows:

(a) For each elementary school district, the county commissioners shall annually set a levy not exceeding 6 mills on all the taxable property in the district for the purpose of funding the permissive amount of the district. The permissive levy in mills shall be obtained by multiplying the ratio of the permissive amount to the maximum permissive amount by 6 or by using the number of mills which would fund the permissive amount, whichever is less. If the amount of revenue raised by this levy, plus anticipated motor vehicle fees and reimbursement under the provisions of 61-3-532 and 61-3-536, is not sufficient to fund the permissive amount in full, the amount of the deficiency shall be paid to the district from the state special revenue fund according to the provisions of *subsections* (3) *and (4)* of this section.

(b) For each high school district, the county commissioners shall annually set a levy not exceeding 4 mills on all taxable property in the district for the purpose of funding the permissive amount of the district. The permissive levy in mills shall be obtained by multiplying the ratio of the permissive levy to the maximum permissive amount by 4 or by using the number of mills which would fund the permissive amount, whichever is less. If the amount of revenue raised by this levy, plus anticipated motor vehicle fees and reimbursement under the provisions of 61-3-532 and 61-3-536, is not sufficient to fund the permissive amount in full, the amount of the deficiency shall be paid to the district from the state special revenue fund according to the provisions of *subsections* (3) *and (4)* of this section.

(3) The superintendent of public instruction shall, if the appropriation by the legislature for the permissive account for the biennium is insufficient, request the budget director to submit a request for a supplemental appropriation in the second year of the biennium. *The supplemental appropriation shall provide enough revenue to fund the permissive deficiency of the elementary and high school districts of the state. The proceeds of this appropriation shall be deposited to the state special revenue fund, permissive account, and shall be distributed to the elementary and high school districts in accordance with their entitlements as determined by the*

HeinOnline -- 1985 vol. I 33 1985

superintendent of public instruction according to the provisions of subsections (1) and (2) of this section.

(4) Distribution under this section from the state special revenue fund shall be made in two payments. The first payment shall be made at the same time as the first distribution of state equalization aid is made after January 1 of the fiscal year. The second payment shall be made at the same time as the last payment of state equalization aid is made for the fiscal year. If the appropriation is not sufficient to finance the deficiencies of the districts as determined according to subsection (2), each district will receive the same percentage of its deficiency. Surplus revenue in the second year of the biennium may be used to reduce the appropriation required for the next succeeding biennium or may be transferred to the state equalization aid state special revenue fund if revenues in that fund are insufficient to meet foundation program requirements."

Section 6. Section 20-15-403, MCA, is amended to read:

"20-15-403. Applications of other school district provisions. (1) When the term "school district" appears in the following sections outside of Title 20, the term includes community college districts and the provisions of those sections applicable to school districts apply to community college districts: 2-9-101, 2-9-111, 2-9-316, 2-16-114, 2-16-602, 2-16-614, 2-18-703, 7-3-1101, 7-6-2604, 7-6-2801, 7-7-123, 7-8-2214, 7-8-2215, 7-8-2216, 7-11-103, 7-12-4106, 7-13-110, 7-13-210, 7-15-4206, 10-1-703, 15-1-101, 15-6-204, 15-16-101, 15-16-601, 15-18-108, 15-55-106, 15-70-301, 15-70-322, 17-5-101, 17-5-202, 17-6-103, 17-6-204, 17-6-213, 17-7-201, 18-1-102, 18-1-112, 18-1-201, 18-2-101, 18-2-103, 18-2-113, 18-2-114, 18-2-404, 18-2-408, 18-5-205, 19-1-102, 19-1-811, 22-1-309, 25-1-402, 27-18-406, 33-20-1104, 39-3-104, 39-4-107, 39-31-103, 39-31-304, 39-71-116, 39-71-117, 39-71-2106, 39-71-2206, 40-6-237, 41-3-1132, 49-3-101, 49-3-102, 53-20-304, 77-3-321, 82-10-201, 82-10-202, 82-10-203, 85-7-2158, and 90-6-208 and Rules 4D(2)(g) and 15(c), M.R.Civ.P., as amended.

(2) When the term "school district" appears in a section outside of Title 20 but the section is not listed in subsection (1), the school district provision does not apply to a community college district."

In making such determinations, the court shall consider but is not limited to the following:

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-1-101, MCA, is amended to read:

"15-1-101. Definitions. (1) When terms mentioned in this section are used in connection with taxation, they are defined in the following manner:

(a) The term "agricultural" refers to the raising of livestock, swine, poultry, field crops, fruit, and other animal and vegetable matter for food or fiber.

(b) The term "assessed value" means the value of property as defined in 15-8-111.

A mobile home or housetrailer may be determined to be permanently located only when it is attached to a foundation which cannot feasibly be relocated and only when the wheels are removed.

(f) The term "leasehold improvements" means improvements to mobile homes and mobile homes located on land owned by another person. This property is assessed under the appropriate classification and the taxes are due and payable in two payments as provided in 15-24-202. (g) The term "mobile home" means forms of housing known as "trailers", "housetrailers", or "trailer coaches" exceeding 8 feet in width or 45 feet in length, designed to be moved from one place to another by an independent power connected to them, or any "trailer", "housetrailer", or "trailer coach" up to 8 feet in width or 45 feet in length used as a principal residence.

HeinOnline -- 1985 vol. I 53 1985

(i) The term "poultry" includes all chickens, turkeys, geese, ducks, and other birds raised in domestication to produce food or feathers.

(j) The term "property" includes moneys, credits, bonds, stocks, franchises, and all other matters and things, real, personal, and mixed, capable of private ownership. This definition must not be construed to authorize the taxation of the stocks of any company or corporation when the property of such company or corporation represented by the stocks is within the state and has been taxed.

(k) The term "real estate" includes:

(b) a person who is not an individual (other than an estate or other than a trust described in *subsection (8)*) as a shareholder;

(c) a nonresident alien as a shareholder; and

(d) more than one class of stock.

(3) There is allowed as a credit against the taxes imposed by 15-31-101, 15-31-121, and 15-31-122 a percentage of the credit allowed with respect to certain depreciable property under section 38 of the Internal Revenue Code of 1954, as amended, or as section 38 may be renumbered or amended. However, rehabilitation costs as set forth under section 46(a)(2)(F) of the Internal Revenue Code of 1954, or as section 46(a)(2)(F) may be renumbered or amended, are not to be included in the computation of the investment credit. The credit is allowed for the purchase and installation of certain qualified property defined by section 38 of the Internal Revenue Code of 1954, as amended, if the property meets all of the following qualifications:

(a) it was placed in service in Montana; and

(b) it was used for the production of Montana income.

(4) The amount of the credit allowed for the taxable year is 5% of the amount of credit determined under section 46(a)(2) of the Internal Revenue Code of 1954, as amended, or as section 46(a)(2) may be renumbered or amended.

HeinOnline -- 1985 vol. I 58 1985

(5) Notwithstanding the provisions of subsection (4), the investment credit allowed for the taxable year may not exceed $500.

(6) If property for which an investment credit is claimed is used both inside and outside this state, only a portion of the credit is allowed. The credit must be apportioned according to a fraction the numerator of which is the number of days during the taxable year the property was located in Montana and the denominator of which is the number of days during the taxable year the taxpayer owned the property. The investment credit may be applied only to the tax liability of the taxpayer who purchases and places in service the property for which an investment credit is claimed.

(7) The investment credit allowed by this section is subject to recapture as provided for in section 47 of the Internal Revenue Code of 1954, as amended, or as section 47 may be renumbered or amended.

(8) (a) For purposes of subsection (2)(b), any of the following trusts may be a shareholder without disqualifying the business for the investment credit:

(i) a trust all of which is treated as owned by the grantor under sections 671 through 678 of the Internal Revenue Code;

(ii) a trust created primarily to exercise the voting power of stock transferred to it;

(iii) any trust with respect to stock transferred to it pursuant to the terms of a will, but only for the 60-day period beginning on the day on which such stock is transferred to it.

Section 10. Section 15-31-303, MCA, is amended to read:

"**15-31-303. When taxable in another state.** For the purposes of allocation and apportionment of income, a corporation is taxable in another state if:

"**15-55-106. Appeals and refunds.** (1) Any such freight line company or railroad company, on or before June 1 of the year in which the tax herein imposed has been paid, may file written complaint with the state tax appeal board concerning the correctness of the rate used or the correctness of the amount of the tax imposed or any other matter affecting the complainant under the provisions of this chapter.

HeinOnline -- 1985 vol. I 59 1985

(2) Upon filing such complaint, the state tax appeal board shall set the same for hearing and shall give written notice thereof to the complainant at least 10 days before the date set for hearing thereon. Upon the hearing of any such complaint, the state tax appeal board shall take testimony to determine whether the amount of the tax, as computed and determined by the department of revenue, is greater than the general ad valorem tax for all purposes would be on the cars of such freight line company subject to taxation in Montana if assessed and taxed on an ad valorem basis. In such cases the state tax appeal board shall have the power and it shall be its duty to lower or raise the rates herein specified to conform to the facts disclosed at such hearing and to make the amount of the tax due equivalent to such ad valorem tax. If the state tax appeal board shall then determine that the amount of the tax imposed and collected was excessive, the claimant shall be entitled to a refund to the extent of such excess.

(3) Within 6 months after such determination, the claimant may present to the department a sworn claim for such refund, setting forth the amount thereof. The state auditor shall draw his warrant upon the state treasurer for the amount of such claim, and the same shall be paid in the same manner as other claims against the state are paid.

(4) In order to determine the amount of tax such freight line company would pay, the department may value all cars of any such company as a unit and allocate to Montana that proportion of the total value which the Montana car mileage bears to the total car mileage of the cars of any such freight line company during the 12-month period ending December 31 of the preceding year and may then apply to such value the average total rate of all general property taxes levied for the preceding year by the taxing authorities of the state, counties, school districts, municipalities, and other taxing subdivisions for state, county, school and municipal, and other purposes."

Section 12. Section 15-57-102, MCA, is amended to read:

"15-57-102. License to operate store — exception for grain merchandisers. (1) It shall be unlawful for any person to open, establish, operate, or maintain any store or stores in this state without first having obtained a license to do so from the department of revenue as hereinafter provided.

(2) A person establishing or operating any store in this state engaged solely in the business of grain merchandising and who is licensed under Title 80, chapter 4, is exempt from the provisions of this chapter as to such store."

Section 13. Section 16-1-205, MCA, is amended to read:

"16-1-205. Local option. The electors of a county may, by approving an initiative as provided under *7-5-131 through 7-5-137*, prohibit the sale and consumption of liquor or of all alcoholic beverages within the county. If such initiative is presented to the board of county commissioners, the board may not approve it but shall submit the proposal to the people under Title 7, chapter 5, part 1."

Section 14. Section 16-6-106, MCA, is amended to read:

"16-6-106. When force may be used in seizure of alcoholic beverages — forfeiture — hearing. (1) Where alcoholic beverage is found by any investigator or peace officer on any premises or in any place in such quantities as to satisfy the investigator or peace officer that such alcoholic

(2) The department shall commence an action in the district court of the county in which the alcoholic beverage is found and seized against said alcoholic beverage and the person or persons actually or apparently in possession or control thereof if any such person be present at the time of the seizure. The alcoholic beverage shall be named as one of the defendants to said action.

(3) The complaint shall show the date and place of seizure, the name of the person or persons actually or apparently in possession or control thereof if any such person be present at the time of the seizure, the reasons the department claims the right to the possession of the alcoholic beverage and shall demand that all persons who claim any right to the possession of the alcoholic beverage shall show the nature of their claim or claims and that the court declare the alcoholic beverage contraband and that the court order the alcoholic beverage be forfeited to the state of Montana.

(4) A summons shall be issued, served, or published as in other civil actions provided by Title 25, except that the summons shall be published in the county where the alcoholic beverage was seized if a newspaper is published in said county."

CHAPTER NO. 24

[HB 6]

AN ACT TO GENERALLY REVISE AND CLARIFY LAWS RELATING TO MINING AND TO WATER RIGHTS AND USE; AMENDING SECTIONS 82-4-254, 85-2-123, 85-8-624, AND 90-6-307, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 82-4-254, MCA, is amended to read:

"82-4-254. Violation — penalty — waiver. (1) Except as provided in subsection (2), a person or operator who violates any of the provisions of this part, rules or orders adopted under this part, or term or condition of a permit and any director, officer, or agent of a corporation who willfully authorizes, orders, or carries out a violation shall pay a civil penalty of not less than $100 or more than $5,000 for the violation and an additional civil penalty of not less than $100 or more than $5,000 for each day during which a violation continues and may be enjoined from continuing such violations as hereinafter provided in this section. Any person or operator who fails to correct a violation within the period permitted by law, rule of the board or department, or order of the commissioner shall be assessed a penalty of not less than $750 for each day during which such failure or violation continues. The period permitted for correction of a violation shall not, in the case of any review proceeding under 82-4-251(6), end until entry of a final order suspending the abatement requirements or until entry of an order of court ordering suspension of the abatement requirements.

(2) The department may waive the civil penalty for a minor violation of this part, a rule or order adopted under this part, or a term or condition of a permit if the department determines such violation is not of potential harm to public health, public safety, or the environment *and does not impair* the administration of this part. The board of land commissioners shall adopt rules to implement and administer a procedure for waiver of a penalty under this subsection.

(3) The department shall notify the person or operator of the violation. The person or operator shall by filing a written request within 20 days of

HeinOnline -- 1985 vol. I 69 1985

receipt of the notice of violation be entitled to a hearing on the issues of whether the alleged violation has occurred and whether the penalty proposed to be assessed is proper. The department shall issue a statement of proposed penalty no more than 10 days after notice of violation. After the hearing or after the time for requesting a hearing has expired, the board shall make findings of fact and shall issue a written decision as to the occurrence of the violation and the amount of penalty warranted and shall order the payment of a penalty in that amount. The person or operator shall remit the amount of the penalty within 30 days of the order. If the person or operator wishes to obtain judicial review of the assessment, he shall submit with the penalty a statement that the penalty is being paid under protest and the department shall hold the payment in escrow until judicial review is complete. Any person or operator who fails to request and submit testimony at the hearing provided for in this subsection or who fails to pay the assessed penalty under protest within 30 days of the order assessing the penalty forfeits his right to seek judicial review of the violation or penalty determinations. These penalties are recoverable in any action brought in the name of the state of Montana by the attorney general in the district court of the first judicial district of this state, in and for the county of Lewis and Clark, or the district having jurisdiction over the defendant.

(4) The attorney general shall, upon request of the commissioner, sue for the recovery of the penalties provided for in this section and bring an action for a restraining order or temporary or permanent injunction against an operator or other person who:

(a) violates, threatens to violate, or fails or refuses to comply with any order or decision issued under this part;

(b) interferes with, hinders, or delays the department in carrying out the provisions of *this* part;

(c) refuses to admit an authorized representative of the department to the permit area;

(d) refuses to permit inspection of the permit area by an authorized representative of the department;

(e) refuses to furnish any information or report requested by the department in furtherance of the provisions of this part;

(f) refuses to permit access to and copying of such records as the department determines to be necessary in carrying out the provisions of this part.

(5) Any relief granted by a court under subsection (4)(a) continues in effect until the completion or final termination of all proceedings for review of such under this part unless, prior thereto, the district court granting the relief sets it aside or modifies it.

(6) A person who violates any of the provisions of this part or any determination or order adopted under this part or who willfully violates any permit condition issued under this part is guilty of a misdemeanor and shall be fined not less than $500 and not more than $10,000 or imprisoned

HeinOnline -- 1985 vol. I 70 1985

for not more than 1 year, or both. Each day on which the violation occurs constitutes a separate offense.

(7) Any person who knowingly makes any false statement, representation, or certification or knowingly fails to make any statement, representation, or certification in any application, record, report, plan, or other document filed or required to be maintained pursuant to this part shall upon conviction be punished by a fine of not more than $10,000 or by imprisonment for not more than 1 year, or both.

(8) Any person who except as permitted by law willfully resists, prevents, impedes, or interferes with the department or its agents in the performance of duties pursuant to this part shall be punished by a fine of not more than $5,000 or by imprisonment for not more than 1 year, or both.

(9) No employee of the department performing any function or duty under this part shall have a direct or indirect financial interest in any strip- or underground-coal-mining operation. Whoever knowingly violates the provisions of this subsection shall upon conviction be punished by a fine of not more than $2,500 or by imprisonment of not more than 1 year, or both."

Section 2. Section 85-2-123, MCA, is amended to read:

"85-2-123. Deposit of fees and penalties. Except as provided in 85-2-124 *and 85-2-241*, all fees and penalties collected under this chapter shall be deposited in the water right appropriation account established in 85-2-318. All penalties or fines imposed by any court for a violation of this chapter shall be deposited in the general fund of the county where the court presides and shall be disposed of in the same manner as any other penalty or fine."

Section 3. Section 85-8-624, MCA, is amended to read:

"85-8-624. Assessments on improvements — taxpayers' approval, limitations, and election procedures. (1) It shall require a vote of the persons on the assessment rolls in any existing district to make Chapter 409, Laws of 1973, applicable to such districts.

(2) Nothing in Chapter 409, Laws of 1973, confers upon districts created for drainage purposes only the authority to levy assessments on benefits to improvements.

(3) The election provided for by subsection (1) shall be governed by the following rules:

(a) Notice of the election shall be as provided in *13-1-401(3)*.

(b) The manner of conducting the election shall be as provided in 85-8-304 and as nearly as practicable in accordance with the provisions of the general election laws of the state, except that no registration may be required.

(c) The qualifications of electors shall be as provided in 85-8-305, except that, in addition to persons holding title or evidence of title to lands within the district, any person as therein defined who does not own land

within the district but has been assessed or will have his improvements assessed under Chapter 409, Laws of 1973, or who will be assessed for benefits received shall be entitled to one vote. Commissioners shall prepare a list of such persons and *the election administrator or deputy election administrator shall* give them notice as provided in *13-1-401(3).*

(d) The commissioners of any district in existence prior to March 21, 1973, who wish to hold an election to determine if the district shall be governed by Chapter 409, Laws of 1973, shall at any regular or special meeting adopt a resolution calling for an election to determine whether or not the voters of said district wish to be governed by Chapter 409, Laws of 1973. The resolution shall contain a short summary of the changes made by Chapter 409, Laws of 1973, and the summary *must be included in* the notice provided for by *13-1-401(3).* In addition, the commission shall provide copies of Chapter 409, Laws of 1973, to any person interested in obtaining a copy of the same and the notice to the persons in the district calling the election shall describe where and how copies may be obtained. The commissioners may authorize a reasonable charge for providing said copies, not to exceed 20 cents per page.

(e) The ballot shall include the summary as provided for in the preceding subsection and the form of the ballot shall conform as closely as possible to that provided for in Title 13, chapter 27.

(f) A simple majority of those who cast valid ballots shall determine the outcome of the election."

Section 4. Section 90-6-307, MCA, is amended to read:

"90-6-307. Impact plan to be submitted. (1) After an application for a permit for a large-scale mineral development is made under 82-4-335, the person seeking the permit shall submit to the affected counties and the board an impact plan describing the economic impact the large-scale mineral development will have on local government units and shall file proof of such submission to the counties with the board. Whenever an environmental impact statement on the permit application is prepared under 75-1-201, the lead agency shall cooperate to the fullest extent practicable with the affected local government units to eliminate duplication of effort in data collection. The governing bodies of the affected counties shall publish notice of the submission of an impact plan at least once in a newspaper of general circulation in the county. The impact plan shall include:

(a) a timetable for development, including the opening date of the development and the estimated closing date;

(b) the estimated number of persons coming into the impacted area as a result of the development;

(c) the increased capital and operating cost to local government units for providing services, including but not limited to police and fire protection, sewage, water treatment, schools, road construction and upkeep, education, and medical care, which can be expected as a result of the development;

(d) the financial or other assistance the developer will give to local government units to meet the increased need for services.

HeinOnline -- 1985 vol. I 72 1985

(2) In the impact plan, the developer shall commit itself to pay all of the increased capital and net operating cost to local government units that will be a result of the development, either from tax prepayments, as provided in 90-6-309, special industrial educational impact bonds, as provided in 90-6-310, or other funds obtained from the developer, and shall provide a time schedule within which it will do so.

(3) Upon request of the governing body of an affected unit of local government, the mineral developer, prior to commencement of the 90-day review period, shall provide financial or other assistance as necessary to prepare for and evaluate the impact plan. The governing body of the affected county must contract with the developer to obtain the requested financial assistance for each unit of local government within the county. Any disbursements to a unit of local government under this subsection shall be credited against future tax liabilities, if any.

(4) An affected local government unit shall, within 90 days after receipt of the impact plan from the developer, notify the board in writing if that local government unit objects to the impact plan, specifying the reasons why the impact plan is objected to. During the 90-day period, an affected local governmental unit may petition for one 30-day extension by submitting a written request to the board stating the need and justification for the extension. The board shall grant the extension unless it finds there is no reasonable basis for the request. If no objection is received within the 90-day period or any extension thereof, the impact plan shall be approved by the board.

(5) If objections are received from a local government unit, the board shall, within 10 days, notify the developer and forward a copy of the local government unit's objections to the developer. If within 30 days the local government unit and the developer cannot resolve the objection, the board shall conduct a hearing on the validity of the objections, which shall be held in the affected county or, if objections are received from local government units in more than one county, shall be held in the county which, in the board's judgment, is more greatly affected. The provisions of the Montana Administrative Procedure Act shall apply to the conduct of the hearing. The impact plan filed by the developer shall carry no presumption of correctness at the hearing.

(6) Following the hearing, the board shall, within 60 days, make findings as to those portions of the impact plan which were objected to and, if appropriate, amend the impact plan accordingly. The findings and impact plan, as amended, shall be served by the board upon all parties. Any local government unit or the developer, if aggrieved by the decision of the board, is entitled to judicial review, as provided by Title 2, chapter 4, part 7, in the district court in and for the judicial district in which the hearing was held.

(7) The developer shall, within 30 days of receipt of the approved impact plan, provide the board with a written guaranty that the developer will make all the payments to the board required in the approved impact plan and according to the time schedule contained in the approved impact plan.

HeinOnline -- 1985 vol. I 73 1985

(8) The board shall deposit all payments received from the developer into the hard-rock mining impact account established by 90-6-304.

(9) The board shall notify the department of state lands of its receipt of the written guaranty of payment, of each required payment, and of any failure of the developer to comply with this section.

(10) Upon receipt of evidence that an affected local government unit identified in the approved impact plan is providing or is preparing to provide an additional service or facility provided for in the approved impact plan, the board shall pay to that local government unit, in one sum or in parts, the money from the hard-rock mining impact *account* identified in the plan as the increased cost to the local government unit of providing that public service or facility.

(11) If it is determined that an objection filed by an affected local government unit under subsection (4) is valid and it results in some remedial order by the board or court of competent jurisdiction, the local government unit shall be awarded and the developer shall pay reasonable costs and attorney fees associated with any administrative or judicial appeals filed under this section. Any attorney fees and costs awarded shall be in addition to any amounts paid by the developer under this part."

Approved February 13, 1985.

(a) represents himself as or is engaged in the practice of veterinary medicine in any of its branches, either directly or indirectly;

(b) uses words, titles, or letters in this connection or on a display or advertisement or under circumstances so as to induce the belief the person using them is engaged in the practice of veterinary medicine. This use is prima facie evidence of the intention to represent oneself as engaged in the practice of veterinary medicine in any of its branches.

(c) diagnoses, prescribes, or administers a drug, medicine, appliance, application, or treatment of whatever nature or performs a surgical operation or manipulation for the prevention, cure, or relief of a pain, deformity, wound, fracture, bodily injury, physical condition, or disease of animals;

(d) instructs, demonstrates, or solicits by a notice, sign, or other indication, with contract either express or implied, or otherwise, with or without the necessary instruments for the administration of biologics or medicines or animal disease cures for the prevention and treatment of disease of animals and remedies for the treatment of internal parasites in animals;

(3) Nothing in this section shall be construed as modifying, amending, altering, or repealing any part of 37-18-104."

"37-18-104. Exemptions. (1) This chapter does not apply to:

(a) veterinarians in the performance of their official duties, either civil or military, in the service of the United States unless they engage in the practice of veterinary medicine in a private capacity;

(b) laboratory technicians and veterinary research workers, as distinguished from veterinarians, in the employ of this state or the United States and engaged in labors in laboratories under the direct supervision of the board of livestock, Montana state university, or the United States;

(c) lawfully qualified veterinarians from other states or a foreign country meeting legally licensed and registered Montana veterinarians in this state in consultation;

(d) a veterinarian residing on a border of a neighboring state and authorized under the laws thereof to practice veterinary medicine therein, who is actually called to attend cases in this state but who does not open an office or appoint a place to meet patients or receive calls in this state, if veterinarians licensed and registered in this state are extended a like privilege to engage in the practice of veterinary medicine to the same extent in the neighboring state;

(e) the employment as assistants to veterinarians licensed and registered under this chapter of veterinary medical students who have successfully completed 3 years of the professional curriculum in veterinary medicine at a college having educational standards equal to those approved by the American veterinary medical association and authorized by law to confer degrees.

(2) The operations known and designated as castrating or dehorning of cattle, sheep, horses, and swine are not the practice of veterinary medicine within the meaning of this chapter.

(3) This chapter does not prohibit a person from treating his own farm animals or being assisted in this treatment by his employees employed in the conduct of his business or by other persons whose services are rendered gratuitously in case of emergency.

(4) This chapter does not prohibit the selling of veterinary remedies and instruments by a registered pharmacist at his regular place of business."

(1) A person licensed to practice veterinary medicine in this state shall procure from the department before *November* 1 annually his certificate of registration. The certificate shall be issued by the department on the payment of a fee to be fixed annually by the board and the presentation of evidence satisfactory to the board that

HeinOnline -- 1985 vol. I 97 1985

the licensee, in the year preceding the application for renewal, attended an educational program approved by the board. However, the board may authorize the department to issue renewals, but not consecutive renewals, on a showing satisfactory to the board that attendance at the educational programs was unavoidably prevented; and new licensees who secure licenses by examination shall be granted *a renewal the first year* without attending the educational programs. The certificate is prima facie evidence of the right of the holder to practice veterinary medicine in this state during the time for which it is issued.

(2) Failure of a person licensed to procure a certificate of registration before *November* 1, annually, constitutes a forfeiture of the license held by the person. A person who has thus forfeited his license may have it restored to him by making written application for restoration within 1 year of the forfeiture, setting forth the reasons for failure to procure the certificate of registration at the time specified and accompanied by payment of the registration fee provided for in this section and an additional restoration fee as the board requires and by presentation of evidence satisfactory to the board that he has fulfilled the continuing educational requirements of all licensees recited above. The person making application for restoration of license within 1 year of its forfeiture is not required to submit to examination.

(3) Notwithstanding any other provisions in this chapter, a person licensed who enters or is called to active duty by a branch of the armed services of the United States is entitled to receive automatic registration of his license during the period of his duty with the armed services. However, within 1 year after release or discharge from duty in the armed services he shall procure a certificate of renewal from the department and pay the regular fee. Failure to procure the certificate of renewal within 1 year after release or discharge is the equivalent of a failure to procure a certificate of registration before *November* 1 of any year, and the same forfeiture and restoration requirements apply.

(4) A person licensed shall at all times have his residence and office address on file with the department."

Section 6. **Extension of definition.** In any material enacted by the 49th legislature, "board of veterinarians" means "board of veterinary medicine".

Section 7. **Extension of authority.** Any existing authority of the board of veterinarians (herein changed to board of veterinary medicine) to make rules on the subject of the provisions of this act is extended to the provisions of this act.

Section 8. **Effective date.** This act is effective on passage and approval.

Approved February 27, 1985.

If the dealer does not remedy such default within 10 days after receipt of the notice, the notice is effective according to its terms.

(3) The notice provisions of this section do not apply if the reason for termination, cancellation, or nonrenewal is insolvency, the occurrence of an assignment for the benefit of creditors, or bankruptcy.

(3) In the case of a youth alleged to be a youth in need of supervision or a youth in need of care, a change of venue may be ordered at any time by the concurrence of the youth court judges of both counties in order to assure a fair, impartial, and speedy hearing and final disposition of the case.

(4) In the case of a youth 16 years of age or older who is accused of one of the serious offenses listed in 41-5-206, the court in the county where the offense occurred shall serve as a transfer hearing court, and if the youth is to be tried in district court, the charge shall be filed and trial held in the district court of the county where the offense occurred."

Section 3. Section 41-5-206, MCA, is amended to read:

"41-5-206. Transfer to criminal court. (1) After a petition has been filed alleging delinquency, the court may, upon motion of the county attorney, before hearing the petition on its merits, transfer the matter of prosecution to the district court if:

(ii) the youth charged was 16 years of age or more at the time of the conduct alleged to be unlawful and the unlawful act is one or more of the following:

(A) negligent homicide as defined in *45-5-104*;

(B) arson as defined in 45-6-103;

(C) aggravated assault as defined in 45-5-202;

(b) a hearing on whether the transfer should be made is held in conformity with the rules on a hearing on a petition alleging delinquency, except that the hearing will be to the youth court without a jury;

HeinOnline -- 1985 vol. I 124 1985

(c) notice in writing of the time, place, and purpose of the hearing is given to the youth, his counsel, and his parents, guardian, or custodian at least 10 days before the hearing; and

(d) the court finds upon the hearing of all relevant evidence that there are reasonable grounds to believe that:

(ii) the seriousness of the offense and the protection of the community require treatment of the youth beyond that afforded by juvenile facilities; and

(iii) the alleged offense was committed in an aggressive, violent, or premeditated manner.

(2) In transferring the matter of prosecution to the district court, the court may also consider the following factors:

(a) the sophistication and maturity of the youth, determined by consideration of his home, environmental situation, and emotional attitude and pattern of living;

(b) the record and previous history of the youth, including previous contacts with the youth court, law enforcement agencies, youth courts in other jurisdictions, prior periods of probation, and prior commitments to juvenile institutions. However, lack of a prior juvenile history with youth courts will not of itself be grounds for denying the transfer.

(c) the severity of the offense;

(d) the prospects for adequate protection of the public and the likelihood of reasonable rehabilitation of the youth by the use of procedures, services, and facilities currently available to the youth court.

(3) Upon transfer to district court, the judge shall make written findings of the reasons why the jurisdiction of the court was waived and the case transferred to district court.

(4) The transfer terminates the jurisdiction of the court over the youth with respect to the acts alleged in the petition. No youth may be prosecuted in the district court for a criminal offense originally subject to the jurisdiction of the youth court unless the case has been transferred as provided in this section.

(5) Upon order of the court transferring the case to the district court, the county attorney shall file the information against the youth without unreasonable delay.

(6) Any offense not enumerated in subsection (1) that arises during the commission of a crime enumerated in subsection (1) may be:

(a) tried in youth court;

(b) transferred to district court with an offense enumerated in subsection (1), upon motion of the county attorney and acceptance by the district court judge.

HeinOnline -- 1985 vol. I 125 1985

(7) If a youth is found guilty in district court of any of the offenses enumerated in subsection (1) of this section and is sentenced to the state prison, his commitment shall be to the department of institutions which shall confine the youth in whatever institution it considers proper; *however, no youth under 16 years of age may be confined in the state prison.*"

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-5-312, MCA, is amended to read:

"20-5-312. Reporting, budgeting, and payment for high school tuition. (1) At the close of the school term of each school fiscal year, the trustees of each high school district shall determine the rate of tuition for the current school fiscal year by:

(a) totaling the actual expenditures from the district general fund, the debt service fund, and, if the pupil is a resident of another county, the retirement fund;

(b) dividing the amount determined in subsection (1)(a) above by the ANB of the district for the current fiscal year, as determined under the provisions of 20-9-311; and

(c) subtracting the total of the per-ANB amount allowed by 20-9-316 through 20-9-321 that represents the foundation program as prescribed by 20-9-303 plus the per-ANB amount determined by dividing the state financing of the district permissive levy by the ANB of the district, from the amount determined in subsection (1)(b) above.

(2) Before July 15, the trustees shall report to the county superintendent of the county in which the district is located:

(a) the names, addresses, and resident districts of the pupils attending the schools of the district under an approved tuition agreement;

(b) the number of days of school attended by each pupil;

(c) the amount, if any, of each pupil's tuition payment that the trustees, in their discretion, shall have the authority to waive; and

(d) the rate of current school fiscal year tuition, as determined under the provisions of this section.

(3) When the county superintendent receives a tuition report from a district, he shall immediately send the reported information to the superintendent of each district in which the reported pupils reside.

(4) When the district superintendent receives a tuition report or reports for high school pupils residing in his district and attending an out-of-district high school under approved tuition agreements, he shall determine the total amount of tuition due such out-of-district high schools on the basis of the following per-pupil schedule: the rate of tuition, number of pupils attending under an approved tuition agreement, and other information provided by each high school district where resident district pupils have attended school.

HeinOnline -- 1985 vol. I 137 1985

(5) The total amount of the high school tuition, with consideration of any tuition waivers, for pupils attending a high school outside the county of residence shall be financed by the county basic special tax for high schools as provided in 20-9-334. In December, the county superintendent shall cause the payment by county warrant *of at least one-half* of the high school tuition obligations established under this section out of the first moneys realized from the county basic special tax for high schools. *The remaining obligations must be paid by June 15 of the school fiscal year.* The *payments* shall be made to the county treasurer of the county where each high school entitled to tuition is located. The county treasurer shall credit such tuition receipts to the general fund of the applicable high school district, and the tuition receipts shall be used in accordance with the provisions of 20-9-141.

(6) For pupils attending a high school outside their district of residence but within the county of residence, the total amount of the tuition, with consideration of any tuition waivers, must be paid during the ensuing school fiscal year. The trustees of the sending high school district shall include the tuition amount in the tuition fund of the preliminary and final budgets. This budgeted tuition amount is not subject to the budget adjustment provisions of 20-9-132. The county superintendent shall report the net tuition fund levy requirement for each high school district to the county commissioners on the second Monday of August, and a levy on the district shall be made by the county commissioners in accordance with 20-9-142. This levy requirement shall be calculated by subtracting from the total expenditure amount authorized in the final tuition fund budget the sum of the cash balance in the tuition fund at the end of the immediately preceding school fiscal year plus any other anticipated money that may be realized in the tuition fund. The trustees shall pay by warrants drawn on the tuition fund the tuition amounts owed to each district included in the county superintendent's notification. Payments shall be made whenever there is a sufficient amount of cash available in the tuition fund but no later than the end of the school fiscal year for which the budget is adopted. However, if the trustees of either the sending or receiving high school feel the transfer privilege provided by this subsection is being abused they may appeal to the county superintendent of schools who shall hold a hearing and either approve or disapprove the transfer."

Be it enacted by the Legislature of the State of Montana:

"90-1-108. County land planning assistance. (1) The department of commerce shall annually distribute the funds appropriated to it from the

HeinOnline -- 1985 vol. I 147 1985

county land planning account. Each county shall be allotted $3,000. After this disbursement has been made, 40% of the balance in the account shall be apportioned to the counties according to the ratio of each county's land area to the total land area of the state and 60% of the balance shall be apportioned to the counties according to each county's portion of the total population of the state. If a multijurisdictional planning board has been established in the county, it may receive and expend part or all of the funds allocated to that county.

(2) Counties, cities, or joint planning boards receiving funds under this section shall use such funds for land planning purposes, *which include but are not limited to comprehensive planning, economic development planning, and capital improvements planning.*

(3) At the end of each fiscal year, every local governing body and planning agency receiving funds under this section shall provide an accounting of how the money was spent, in a form acceptable to the department of commerce. *Surplus funds may be accumulated and rebudgeted for the purposes stated in subsection (2), except that funds rebudgeted by a local governing body or planning agency may not exceed the total revenue received under subsection (1) in the year immediately prior to the budget year.* Any *excess* funds shall revert to the education trust fund account *at the end of each odd-numbered fiscal year, beginning in June 1987.*"

Section 2. **Effective date.** This act is effective July 1, 1985.

Approved March 18, 1985.

CHAPTER NO. 79

[SB 5]

AN ACT TO PROVIDE FOR LEGAL EFFECT WHENEVER A PROVISION OF LAW IS NOT CODIFIED IN THE MONTANA CODE ANNOTATED BECAUSE IT IS REDUNDANT WITH A CODIFIED PROVISION AND THE CODIFIED PROVISION IS SUBSEQUENTLY AMENDED, REPEALED, OR DELETED; PROVIDING FOR AN IMMEDIATE EFFECTIVE DATE AND FOR RETROACTIVE APPLICABILITY.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Provisions of law not codified in Montana Code Annotated because redundant.** (1) Whenever a provision of law codified in the Montana Code Annotated is amended in such a way that it conflicts with a provision of law that was not codified in the Montana Code Annotated because such uncodified provision was redundant with such codified provision, the codified provision, as amended, governs and must be given effect over the uncodified provision.

(2) Repeal or deletion of a provision of the Montana Code Annotated also repeals or deletes a provision of law that was not codified in the Montana Code Annotated because it was redundant with the repealed or deleted

HeinOnline -- 1985 vol. I 148 1985

provision of the Montana Code Annotated, whether or not the repealed or deleted provision of the Montana Code Annotated was amended prior to its repeal or deletion.

Section 2. **Effective date — applicability.** This act is effective on passage and approval and applies retroactively, within the meaning of 1-2-109, to amendments, repeals, and deletions occurring after January 9, 1979.

CHAPTER NO. 80

[SB 6]

AN ACT TO GENERALLY REVISE TITLE 30, CHAPTERS 8 AND 9, OF MONTANA'S CODIFICATION OF THE UNIFORM COMMERCIAL CODE TO CONFORM WITH THE INTENT OF CHAPTER 402, LAWS OF 1983, WHICH SUBSTANTIALLY ADOPTED THE 1972 AND 1977 CHANGES RECOMMENDED BY THE UNIFORM LAW COMMISSIONERS; AMENDING SECTIONS 30-8-202, 30-8-205, 30-8-207, 30-8-309, 30-8-313, 30-8-319, 30-8-405, 30-9-312, AND 30-9-318, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND RETROACTIVE APPLICATION TO THE EFFECTIVE DATE OF CHAPTER 402, LAWS OF 1983.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 30-8-202, MCA, is amended to read:

"30-8-202. Issuer's responsibility and defenses — notice of defect or defense. (1) Even against a purchaser for value and without notice, the terms of a security include:

(a) if the security is certificated, those stated on the security;

(b) if the security is uncertificated, those contained in the initial transaction statement sent to such purchaser or, if his interest is transferred to him other than by registration of transfer, pledge, or release, the initial transaction statement sent to the *registered owner or* registered pledgee; and

(c) those made part of the security by reference, on the certificated security or in the initial transaction statement, to another instrument, indenture, or document or to a constitution, statute, ordinance, rule, regulation, order or the like, to the extent that the terms referred to do not conflict with the terms stated on the certificated security or contained in the statement. A reference under this subsection does not of itself charge a purchaser for value with notice of a defect going to the validity of the security, even though the certificated security or statement expressly states that a person accepting it admits notice.

(2) A certificated security in the hands of a purchaser for value or an uncertificated security as to which an initial transaction statement has

HeinOnline -- 1985 vol. I 149 1985

been sent to a purchaser for value, other than a security issued by a government or governmental agency or unit, even though issued with a defect going to its validity, is valid with respect to the purchaser *if he is* without notice of the particular defect unless the defect involves a violation of constitutional provisions, in which case the security is valid with respect to a subsequent purchaser for value and without notice of the defect. This subsection applies to an issuer that is a government or governmental agency or unit only if either there has been substantial compliance with the legal requirements governing the issue or the issuer has received a substantial consideration for the issue as a whole or for the particular security and a stated purpose of the issue is one for which the issuer has power to borrow money or issue the security.

(3) Except as provided in the case of certain unauthorized signatures (30-8-205), lack of genuineness of a certificated security or an initial transaction statement is a complete defense, even against a purchaser for value and without notice.

(4) All other defenses of the issuer of a certificated or uncertificated security, including nondelivery and conditional delivery of a certificated security, are ineffective against a purchaser for value who has taken without notice of the particular defense.

(5) Nothing in this section shall be construed to affect the right of a party to a "when, as and if issued" or a "when distributed" contract to cancel the contract in the event of a material change in the character of the security that is the subject of the contract or in the plan or arrangement pursuant to which the security is to be issued or distributed."

Section 2. Section 30-8-205, MCA, is amended to read:

"30-8-205. Effect of unauthorized signature on certificated security or initial transaction statement. An unauthorized signature placed on a certificated security prior to or in the course of issue or placed on an initial transaction statement is ineffective, but the signature is effective in favor of a purchaser for value of the certificated security or a purchaser for value of an uncertificated security to whom *the* initial transaction statement has been sent, if the purchaser is without notice of the lack of authority and the signing has been done by:

(1) an authenticating trustee, registrar, transfer agent, or other person entrusted by the issuer with the signing of the security, of similar securities, *or of initial transaction statements* or the immediate preparation for signing of any of them; or

(2) an employee of the issuer, or of any of the foregoing, entrusted with responsible handling of the security or initial transaction statement."

Section 3. Section 30-8-207, MCA, is amended to read:

"30-8-207. Rights and duties of issuer with respect to registered owners and registered pledgees. (1) Prior to due presentment for registration of transfer of a certificated security in registered form, the issuer or indenture trustee may treat the registered owner as the person exclusively entitled to vote, to receive notifications, and otherwise to exercise all the rights and powers of an owner.

HeinOnline -- 1985 vol. I 150 1985

(2) Subject to the provisions of subsections (3), (4), and (6), the issuer or indenture trustee may treat the registered owner of an uncertificated security as the person exclusively entitled to vote, *to* receive notifications, and otherwise to exercise all the rights and powers of an owner.

(3) The registered owner of an uncertificated security that is subject to a registered pledge is not entitled to registration of transfer prior to *the* due presentment to the issuer of a release instruction. The exercise of conversion rights with respect to a convertible uncertificated security is a transfer within the meaning of this section.

(4) Upon due presentment of a transfer instruction from the registered pledgee of an uncertificated security, the issuer shall:

(a) register the transfer of the security to the new owner free of pledge, if the instruction specifies a new owner (who may be the registered pledgee) and does not specify a pledgee;

(b) register the transfer of the security to the new owner subject to the interest of the existing pledgee, if the instruction specifies a new owner and the existing pledgee; or

(c) register the release of the security from the existing pledge and register the pledge of the security to the other pledgee, if the instruction specifies the existing owner and another pledgee.

(5) Continuity of perfection of a security interest is not broken by registration of transfer under *subsection* (4)(b) or by registration of release and pledge under *subsection* (4)(c), if the security *interest* is assigned.

(6) If an uncertificated security is subject to a registered pledge:

(a) any uncertificated securities issued in exchange for or distributed with respect to the pledged security shall be registered subject to the pledge;

(b) any certificated securities issued in exchange for or distributed with respect to the pledged security shall be delivered to the registered pledgee; and

(c) any money paid in exchange for or in redemption of part or all of the security shall be paid to the registered pledgee.

(7) Nothing in this chapter shall be construed to affect the liability of the registered owner of a security for calls, assessments, or the like."

Section 4. Section 30-8-309, MCA, is amended to read:

"30-8-309. Effect of endorsement without delivery. An endorsement of a certificated security, whether special or in blank, does not constitute a transfer until delivery of the *certificated* security on which it appears or, if the endorsement is on a separate document, until delivery of both the document and the certificated security."

Section 5. Section 30-8-313, MCA, is amended to read:

"30-8-313. When transfer to purchaser occurs — financial intermediary as bona fide purchaser — "financial intermediary".

HeinOnline -- 1985 vol. I 151 1985

(1) Transfer of a security or limited interest (including a security interest) therein to a purchaser occurs only:

(a) at the time he or a person designated by him acquires possession of a certificated security;

(b) at the time the transfer, pledge, or release of an uncertificated security is registered to him or a person designated by him;

(c) at the time his financial intermediary acquires possession of a certificated security specially endorsed to or issued in the name of the purchaser;

(d) at the time a financial intermediary, not a clearing corporation, sends him confirmation of the purchase and also by book entry or otherwise identifies as belonging to the purchaser:

(i) a specific certificated security in the financial intermediary's possession;

(ii) a quantity of securities that constitute or are part of a fungible bulk of certificated securities in the financial intermediary's possession or of uncertificated securities registered in the name of the financial intermediary; or

(iii) a quantity of securities that constitute or are part of a fungible bulk of securities shown on the account of the financial intermediary on the books of another financial intermediary;

(e) with respect to an identified certificated security to be delivered while still in the possession of a third person, not a financial intermediary, at the time that person acknowledges that he holds for the purchaser;

(f) with respect to a specific uncertificated security the pledge or transfer of which has been registered to a third person, not a financial intermediary, at the time that person acknowledges that he holds for the purchaser;

(g) at the time appropriate entries to the account of the purchaser or a person designated by him on the books of a clearing corporation are made under 30-8-320;

(h) with respect to the transfer of a security interest *where* the debtor has signed a security agreement containing a description of the security, at the time a written notification, which, in the case of the creation of the security interest, is signed by the debtor (which may be a copy of the security agreement) or which, in the case of the release or assignment of the security interest created pursuant to this paragraph, is signed by the secured party, is received by:

(i) a financial intermediary on whose books the interest of the transferor in the security appears;

(ii) a third person, not a financial intermediary, in possession of the security, if it is certificated;

(iii) a third person, not a financial intermediary, who is the registered owner of the security, if it is uncertificated and not subject to a registered pledge; or

HeinOnline -- 1985 vol. I 152 1985

(iv) a third person, not a financial intermediary, who is the registered pledgee of the security, if it is uncertificated and subject to a registered pledge;

(i) with respect to the transfer of a security interest *where* the transferor has signed a security agreement containing a description of the security, at the time new value is given by the secured party; or

(j) with respect to the transfer of a security interest *where* the secured party is a financial intermediary and the security has already been transferred to the financial intermediary under (a), (b), (c), (d), or (g) of subsection (1), at the time the transferor has signed a security agreement containing a description of the security and value is given by *the* secured party.

(2) The purchaser is the owner of a security held for him by a financial intermediary, but cannot be a bona fide purchaser of a security so held except in the circumstances specified in (c), (d)(i), and (g) of subsection (1). If a security so held is part of a fungible bulk, as in the circumstances specified in (d)(ii) and (d)(iii) of subsection (1), the purchaser is the owner of a proportionate property interest in the fungible bulk.

(3) Notice of an adverse claim received by the financial intermediary or by the purchaser after the financial intermediary takes delivery of a certificated security as a holder for value or after the transfer, pledge, or release of an uncertificated security has been registered free of the claim to a financial intermediary who has given value is not effective either as to the financial intermediary or as to the purchaser. However, as between the financial intermediary and the purchaser the purchaser may demand transfer of an equivalent security as to which no notice of adverse claim has been received.

(4) A "financial intermediary" is a bank, broker, clearing corporation, or other person (or the nominee of any of them) which in the ordinary course of its business maintains security accounts for its customers and is acting in that capacity. A financial intermediary may have a security interest in securities held in account for its customer."

Section 6. Section 30-8-319, MCA, is amended to read:

"30-8-319. Statute of frauds. A contract for the sale of securities is not enforceable by way of action or defense unless:

(1) there is some writing signed by the party against whom enforcement is sought or by his authorized agent or broker sufficient to indicate that a contract has been made for sale of a stated quantity of described securities at a defined or stated price;

(2) delivery of a certificated security or transfer instruction has been accepted, or transfer of an uncertificated security has been registered and the transferee has failed to send written objection to the issuer within 10 days after receipt of the initial transaction statement confirming the registration, or payment has been made, but the contract is enforceable under this provision only to the extent of the delivery, registration, or payment;

HeinOnline -- 1985 vol. I 153 1985

(3) within a reasonable time a writing in confirmation of the sale or purchase and sufficient against the sender under *subsection (1)* has been received by the party against whom enforcement is sought and he has failed to send written objection to its contents within 10 days after its receipt; or

(4) the party against whom enforcement is sought admits in his pleading, testimony, or otherwise in court that a contract was made for the sale of a stated quantity of described securities at a defined or stated price."

Section 7. Section 30-8-405, MCA, is amended to read:

"30-8-405. Lost, destroyed, and stolen certificated securities. (1) If a *certificated* security has been lost, apparently destroyed, or wrongfully taken, and the owner fails to notify the issuer of that fact within a reasonable time after he has notice of it and the issuer registers a transfer of the security before receiving notification, the owner is precluded from asserting against the issuer any claim for registering the transfer under 30-8-404 or any claim to a new security under this section.

(2) If the owner of a certificated security claims that the security has been lost, destroyed, or wrongfully taken, the issuer shall issue a new certificated security or, at the option of the issuer, an equivalent uncertificated security in place of the original security if the owner:

(a) so requests before the issuer has notice that the security has been acquired by a bona fide purchaser;

(b) files with the issuer a sufficient indemnity bond; and

(c) satisfies any other reasonable requirements imposed by the issuer.

(3) If, after the issue of a new certificated or uncertificated security, a bona fide purchaser of the original certificated security presents it for registration of transfer, the issuer shall register the transfer unless registration would result in overissue, in which event the issuer's liability is governed by 30-8-104. In addition to any rights on the indemnity bond, the issuer may recover the new certificated security from the person to whom it was issued or any person taking under him except a bona fide purchaser or may cancel the uncertificated security unless a bona fide purchaser or any person taking under a bona fide purchaser is then the registered owner or registered pledgee thereof."

Section 8. Section 30-9-312, MCA, is amended to read:

"30-9-312. Priorities among conflicting security interests in the same collateral. (1) The rules of priority stated in other sections of this part and in the following sections shall govern where applicable: 30-4-208 with respect to the security interest of collecting banks in items being collected, accompanying documents, and proceeds; 30-9-103 on security interests related to other jurisdictions; and 30-9-114 on consignments.

(2) A perfected security interest in crops for new value given to enable the debtor to produce the crops during the production season and given not more than 3 months before the crops become growing crops by planting or otherwise takes priority over an earlier perfected security interest to the

HeinOnline -- 1985 vol. I 154 1985

extent that such earlier interest secures obligations due more than 6 months before the crops become growing crops by planting or otherwise, even though the person giving new value had knowledge of the earlier security interest.

(3) A perfected purchase money security interest in inventory has priority over a conflicting security interest in the same inventory and also has priority in identifiable cash proceeds received on or before the delivery of the inventory to a buyer if:

(a) the purchase money security interest is perfected at the time the debtor receives possession of the inventory; and

(b) the purchase money secured party gives notification in writing to the holder of the conflicting security interest if the holder had filed a financing statement covering the same types of inventory:

(i) before the date of the filing made by the purchase money secured party; or

(ii) before the beginning of the 21-day period if the purchase money security interest is temporarily perfected without filing or possession (30-9-304(5)); and

(c) the holder of the conflicting security interest receives notification within 5 years before the debtor receives possession of the inventory; and

(d) the notification states that the person giving the notice has or expects to acquire a purchase money security interest in inventory of the debtor, describing such inventory by item or type.

(4) A purchase money security interest in collateral other than inventory has priority over a conflicting security interest in the same collateral or its proceeds if the purchase money security interest is perfected at the time the debtor receives possession of the collateral or within 10 days thereafter.

(5) In all cases not governed by other rules stated in this section (including cases of purchase money security interests which do not qualify for the special priorities set forth in subsections (3) and (4) of this section), priority between conflicting security interests in the same collateral shall be determined according to the following rules:

(a) Conflicting security interests rank according to priority in the time of filing or perfection. Priority dates from the time a filing is first made covering the collateral or the time the security interest is first perfected, whichever is earlier, provided that there is no period thereafter when there is neither filing nor perfection.

(b) So long as conflicting security interests are unperfected, the first to attach has priority.

(6) For the purposes of subsection (5), a date of filing or perfection as to collateral is also a date of filing *or perfection* as to proceeds.

(7) If future advances are made while a security interest is perfected by filing, the taking of possession, or under 30-8-321 on securities, the security

interest has the same priority for the purposes of subsection (5) with respect to the future advances as it does with respect to the first advance. If a commitment is made before or while the security interest is so perfected, the security interest has the same priority with respect to advances made pursuant thereto. In other cases a perfected security interest has priority from the date the advance is made."

Section 9. Section 30-9-318, MCA, is amended to read:

"30-9-318. Defenses against assignee — modification of contract after notification of assignment — term prohibiting assignment ineffective — identification and proof of assignment. (1) Unless an account debtor has made an enforceable agreement not to assert defenses or claims arising out of a sale as provided in 30-9-206 the rights of an assignee are subject to:

(a) all the terms of the contract between the account debtor and assignor and any defense or claim arising therefrom; and

(b) any other defense or claim of the account debtor against the assignor which accrues before the account debtor receives notification of the assignment.

(2) So far as the right to payment or a part thereof under an assigned contract has not been fully earned by performance, and notwithstanding notification of the assignment, any modification of or substitution for the contract made in good faith and in accordance with reasonable commercial standards is effective against an assignee unless the account debtor has otherwise agreed but the assignee acquires corresponding rights under the modified or substituted contract. The assignment may provide that such modification or substitution is a breach by the assignor.

(3) The account debtor is authorized to pay the assignor until the account debtor receives notification that the amount due or to become due has been assigned and that payment is to be made to the assignee. A notification which does not reasonably identify the rights assigned is ineffective. If requested by the account debtor, the assignee must seasonably furnish reasonable proof that the assignment has been made and unless he does so the account debtor may pay the assignor.

(4) A term in any contract between an account debtor and an assignor is *ineffective* if it prohibits assignment of an account or prohibits creation of a security interest in a general intangible for money due or to become due or requires the account debtor's consent to such assignment or security interest."

Section 10. **Effective date — applicability.** This act is effective on passage and approval and applies retroactively to October 1, 1983, the effective date of Chapter 402, Laws of 1983.

Approved March 18, 1985.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 16-6-106, MCA, is amended to read:

(1) Where alcoholic beverage is found by any investigator or peace officer on any premises or in any place in such quantities as to satisfy the investigator or peace officer that such alcoholic beverage is being had or kept contrary to any of the provisions of this code, it shall be lawful for the investigator or peace officer to forthwith seize and remove, by force if necessary, any alcoholic beverage found and the packages in which the alcoholic beverage was had or kept and immediately turn *the* alcoholic beverage over to the department.

(2) The department shall determine if the seized alcoholic beverage is suitable for resale. The department shall determine the market value of each forfeited alcoholic beverage which is found to be suitable for sale in the state liquor stores and shall pay the amount so determined to the state treasurer after deducting therefrom the expenses necessarily incurred by the department for transporting the forfeited alcoholic beverage to the state liquor warehouses. (2) Any person who is unconscious or who is otherwise in a condition rendering him incapable of refusal shall be deemed not to have withdrawn the consent provided by subsection (1) of this section.

(3) If a resident driver under arrest refuses upon the request of a peace officer to submit to a chemical test designated by the arresting officer as provided in subsection (1) of this section, none shall be given, but the officer shall, on behalf of the division, immediately seize his driver's license. The peace officer shall forward the license to the division, along with a sworn report that he had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a vehicle upon ways of this state open to the public, while under the influence of alcohol and that the person had refused to submit to the test upon the request of the peace officer. Upon receipt of the report, the division shall suspend the license for the period provided in subsection (5).

(4) Upon seizure of a resident driver's license, the peace officer shall issue, on behalf of the division, a temporary driving permit, which is valid for 72 hours after the time of issuance.

(5) The following suspension and revocation periods are applicable upon refusal to submit to a chemical test:

(b) upon a second or subsequent refusal within 5 years of a previous refusal, as determined from the records of the division, a revocation of 1 year with no provision for a restricted probationary license.

(6) Like refusal by a nonresident shall be subject to suspension by the division in like manner, and the same temporary driving permit shall be issued to nonresidents.

(7) All such suspensions are subject to review as hereinafter provided."

(iii) if the test was on a blood sample, the person withdrawing the blood must have been competent to do so under 61-8-405(1).

(2) If the person under arrest refused to submit to the test as hereinabove provided, proof of refusal shall be admissible in any criminal action or proceeding arising out of acts alleged to have been committed while the person was driving or in actual physical control of a vehicle upon the ways of this state open to the public, while under the influence of alcohol.

(3) The provisions of this part do not limit the introduction of any other competent evidence bearing on the question of whether the person was under the influence of alcohol."

employees as defined in 39-71-118. An employer who has any employee in service under any appointment or contract of hire, expressed or implied, oral or written, shall elect to be bound by the provisions of compensation plan No. 1, 2, or 3. Every employee whose employer is bound by the Workers' Compensation Act is subject to and bound by the compensation plan that has been elected by the employer.

(2) Unless the employer elects coverage for these employments under this chapter and an insurer allows such an election, the Workers' Compensation Act does not apply to any of the following employments:

(a) household and domestic employment;

(b) casual employment as defined in 39-71-116(3);

(c) employment of members of an employer's family dwelling in the employer's household;

(d) employment of sole proprietors or working members of a partnership other than those who consider themselves or hold themselves out as independent contractors and who are not contracting for agricultural services to be performed on a farm or ranch or for broker or salesman services performed under a license issued by the board of realty regulation;

(e) employment for which a rule of liability for injury, occupational disease, or death is provided under the laws of the United States;

(f) any person performing services in return for aid or sustenance only;

(g) employment with any railroad engaged in interstate commerce, except that railroad construction work shall be included in and subject to the provisions of this chapter;

(h) employment as an official, including a timer, referee, or judge, at a school amateur athletic event, unless the person is otherwise employed by a school district.

(3) A sole proprietor or working member of a partnership who holds himself out or considers himself an independent contractor and who is not contracting for agricultural services to be performed on a farm or ranch or for broker or salesman services performed under a license issued by the board of realty regulation must elect to be bound personally and individually by the provisions of compensation plan No. 1, 2, or 3, but he may apply to the division for an exemption from the Workers' Compensation Act for himself. The application must be made in accordance with the rules adopted by the division. The division may deny the application only if it determines that the applicant is not an independent contractor. When an application is approved by the division, it is conclusive as to the status of an independent contractor and precludes the applicant from obtaining benefits under this chapter.

(4) Each employer shall post a sign in the workplace at the locations where notices to employees are normally posted, informing employees about the employer's current provision of compensation insurance. A workplace is any location where an employee performs any work-related act in the course of employment, regardless of whether the location is temporary or

HeinOnline -- 1985 vol. I 186 1985

permanent, and includes the place of business or property of a third person while the employer has access to or control over such place of business or property for the purpose of carrying on his usual trade, business, or occupation. The sign will be provided by the division, distributed through insurers or directly by the division, and posted by employers in accordance with rules adopted by the division. An employer who purposely or knowingly fails to post a sign as provided in this subsection is subject to a $50 fine for each citation."

Section 2. **Applicability.** This act applies to all claims arising from injuries sustained on or after October 1, 1985.

Approved March 18, 1985.

[SB 17]

AN ACT TO GENERALLY REVISE AND CLARIFY LAWS RELATING TO BUSINESS AND LABOR; AMENDING SECTIONS 30-9-410, 30-14-221, 30-15-104, 33-19-405, 33-19-406, AND 39-71-406, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 30-9-410, MCA, is amended to read:

"30-9-410. Continued applicability of laws to transmitting utilities. Unless displaced by the specific provisions of *30-9-409*, this code and other applicable laws remain in full force and effect and supplement the provisions of *30-9-409*."

Section 2. Section 30-14-221, MCA, is amended to read:

"30-14-221. Investigations. (1) The department, for the purpose of conducting hearings and investigations which in the opinion of the department are necessary and proper for the exercise of the powers vested in it by this part, shall at all reasonable times have access to any evidence concerning a person being investigated or proceeded against that relates to any matter under investigation or in question and the right to copy such evidence. The department may issue subpoenas requiring the attendance and testimony of witnesses and the production of any evidence that relates to any matter under investigation or in question before the department or before its duly authorized agent conducting the investigation. An agent, duly authorized by the department for those purposes, may administer oaths and affirmations, examine witnesses, and receive evidence. The attendance of witnesses and the production of evidence may be required from any place in this state at any designated place of hearing.

(2) Upon application by the department in a case of contumacy or refusal to obey a subpoena issued to a person, a district court of this state, within the district where the inquiry is carried on or where a person guilty of contumacy or refusal to obey is found, resides, or transacts business, has

HeinOnline -- 1985 vol. I 187 1985

jurisdiction to issue to that person an order requiring him to appear before the department or its duly authorized agent and to produce evidence if so ordered or to give testimony regarding the matter under investigation. Failure to obey the order of the court may be punished by the court as a contempt.

(3) A person may not be excused from attending and testifying or from producing books, records, correspondence, documents, or other evidence in obedience to the subpoena of the department on the ground that the testimony or evidence required of him may tend to incriminate him or subject him to a penalty or forfeiture; but no compelled testimony or evidence or any information directly or indirectly derived from such testimony or evidence may be used against the witness in any criminal prosecution. Nothing in this section prohibits the *department* from granting immunity from prosecution for or on account of any transaction, matter, or thing concerning which a witness is compelled to testify if the *department* determines, in *its* sole discretion, that the ends of justice would be served thereby. Immunity may not extend to prosecution or punishment for false statements given pursuant to the subpoena."

Section 3. Section 30-15-104, MCA, is amended to read:

"30-15-104. Taxation of corporations operating foreign-trade zones and their goods. Private or public corporations operating foreign-trade zones are subject to all taxes imposed upon them under the provisions of Title 15."

Section 4. Section 33-19-405, MCA, is amended to read:

"33-19-405. Civil penalties. If a hearing pursuant to 33-19-402 results in the finding of a knowing violation of this chapter, the commissioner may order payment of a civil penalty of not more than $500 for each violation but not to exceed $10,000 in the aggregate for multiple violations."

Section 5. Section 33-19-406, MCA, is amended to read:

"33-19-406. Judicial review of orders and reports. Any person subject to an order of the commissioner under *33-1-706* or 33-19-405 or any person whose rights under this chapter were allegedly violated may obtain a review of any order or report of the commissioner as provided by 33-1-711."

Section 6. Section 39-71-406, MCA, is amended to read:

"39-71-406. Deduction from wages of any part of premium a misdemeanor. It is unlawful for the employer to deduct or obtain any part of any premium required to be paid by this chapter from the wages or earnings of his workers, and the making or attempt to make any such deduction is a misdemeanor."

Approved March 19, 1985.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Short title.** [This act] may be cited as the "Montana Uniform Transfers to Minors Act".

Section 2. **Uniformity of application and construction.** [This act] must be applied and construed to effectuate its general purpose to make uniform the law with respect to the subject of [this act] among states enacting it.

(11) "Minor" means an individual who has not attained the age of 18 years.

(12) "Person" means an individual, corporation, organization, or other legal entity.

(13) "Personal representative" means an executor, administrator, successor personal representative, or special administrator of a decedent's estate or a person legally authorized to perform substantially the same functions.

(14) "State" includes any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, and any territory or possession subject to the legislative authority of the United States.

(16) "Transferor" means a person who makes a transfer under [this act].

(17) "Trust company" means a financial institution, corporation, or other legal entity authorized to exercise general trust powers.

Section 4. **Scope and jurisdiction.** (1) [This act] applies to a transfer that refers to [this act] in the designation under [section 11(1)] by which the transfer is made if at the time of the transfer, the transferor, the minor, or the custodian is a resident of this state or the custodial property is located in this state. The custodianship so created remains subject to [this act] despite a subsequent change in residence of a transferor, the minor, or the custodian or the removal of custodial property from this state.

(2) A person designated as custodian under [this act] is subject to personal jurisdiction in this state with respect to any matter relating to the custodianship.

(3) A transfer that purports to be made and which is valid under the Uniform Transfers to Minors Act, the Uniform Gifts to Minors Act, or a substantially similar act of another state is governed by the law of the designated state and may be executed and is enforceable in this state if at the time of the transfer, the transferor, the minor, or the custodian is a resident of the designated state or the custodial property is located in the designated state.

Section 5. **Nomination of custodian.** (1) A person having the right to designate the recipient of property transferable upon the occurrence of a future event may revocably nominate a custodian to receive the property for a minor beneficiary upon the occurrence of the event by naming the custodian, followed in substance by the words: "as custodian for ..... (name of minor) under the Montana Uniform Transfers to Minors Act". The nomination may name one or more persons as substitute custodians to whom the property must be transferred, in the order named, if the first nominated custodian dies before the transfer or is unable, declines, or is ineligible to serve. The nomination may be made in a will, a trust, a deed, an instrument exercising a power of appointment, or in a writing designating a beneficiary of contractual rights that is registered with or delivered to the payor, issuer, or other obligor of the contractual rights.

HeinOnline -- 1985 vol. I 190 1985

(2) A custodian nominated under this section must be a person to whom a transfer of property of that kind may be made under [section 11(1)].

(3) The nomination of a custodian under this section does not create custodial property until the nominating instrument becomes irrevocable or a transfer to the nominated custodian is completed under [section 11]. Unless the nomination of a custodian has been revoked, upon the occurrence of the future event the custodianship becomes effective and the custodian shall enforce a transfer of the custodial property pursuant to [section 11].

Section 6. **Transfer by gift or exercise of power of appointment.** A person may make a transfer by irrevocable gift to or the irrevocable exercise of a power of appointment in favor of a custodian for the benefit of a minor pursuant to [section 11].

Section 7. **Transfer authorized by will or trust.** (1) A personal representative or trustee may make an irrevocable transfer pursuant to [section 11] to a custodian for the benefit of a minor as authorized in the governing will or trust.

(2) If the testator or settlor has nominated a custodian under [section 5] to receive the custodial property, the transfer must be made to that person.

(3) If the testator or settlor has not nominated a custodian under [section 5] or all persons so nominated as custodian die before the transfer or are unable, decline, or are ineligible to serve, the personal representative or the trustee, as the case may be, shall designate the custodian from among those eligible to serve as custodian for property of that kind under [section 11(1)].

Section 8. **Other transfer by fiduciary.** (1) Subject to subsection (3), a personal representative or trustee may make an irrevocable transfer to another adult or trust company as custodian for the benefit of a minor pursuant to [section 11], in the absence of a will or under a will or trust that does not contain an authorization to do so.

(2) Subject to subsection (3), a conservator may make an irrevocable transfer to another adult or trust company as custodian for the benefit of the minor pursuant to [section 11].

(3) A transfer under subsection (1) or (2) may be made only if:

(a) the personal representative, trustee, or conservator considers the transfer to be in the best interest of the minor;

(b) the transfer is not prohibited by or inconsistent with provisions of the applicable will, trust agreement, or other governing instrument; and

(c) the transfer is authorized by the court if it exceeds $10,000 in value.

Section 9. **Transfer by obligor.** (1) Subject to subsections (2) and (3), a person not subject to [section 7 or 8] who holds property of or owes a

HeinOnline -- 1985 vol. I 191 1985

liquidated debt to a minor not having a conservator may make an irrevocable transfer to a custodian for the benefit of the minor pursuant to [section 11].

(2) If a person having the right to do so under [section 5] has nominated a custodian under that section to receive the custodial property, the transfer must be made to that person.

(3) If no custodian has been nominated under [section 5] or all persons so nominated as custodian die before the transfer or are unable, decline, or are ineligible to serve, a transfer under this section may be made to an adult member of the minor's family or to a trust company unless the property exceeds $10,000 in value.

Section 10. **Receipt for custodial property.** A written acknowledgment of delivery by a custodian constitutes a sufficient receipt and discharge for custodial property transferred to the custodian pursuant to [this act].

Section 11. **Manner of creating custodial property and effecting transfer — designation of initial custodian — control.** (1) Custodial property is created and a transfer is made whenever:

(a) an uncertificated security or a certificated security in registered form is either:

(i) registered in the name of the transferor, an adult other than the transferor, or a trust company, followed in substance by the words: "as custodian for ..... (name of minor) under the Montana Uniform Transfers to Minors Act"; or

(ii) delivered if in certificated form, or any document necessary for the transfer of an uncertificated security is delivered, together with any necessary endorsement to an adult other than the transferor or to a trust company as custodian, accompanied by an instrument in substantially the form set forth in subsection (2);

(b) money is paid or delivered to a broker or financial institution for credit to an account in the name of the transferor, an adult other than the transferor, or a trust company, followed in substance by the words: "as custodian for ..... (name of minor) under the Montana Uniform Transfers to Minors Act";

(c) the ownership of a life or endowment insurance policy or annuity contract is either:

(i) registered with the issuer in the name of the transferor, an adult other than the transferor, or a trust company, followed in substance by the words: "as custodian for ..... (name of minor) under the Montana Uniform Transfers to Minors Act"; or

(ii) assigned in a writing delivered to an adult other than the transferor or to a trust company whose name in the assignment is followed in substance by the words: "as custodian for ..... (name of minor) under the Montana Uniform Transfers to Minors Act";

HeinOnline -- 1985 vol. I 192 1985

(d) an irrevocable exercise of a power of appointment or an irrevocable present right to future payment under a contract is the subject of a written notification delivered to the payor, issuer, or other obligor that the right is transferred to the transferor, an adult other than the transferor, or a trust company, whose name in the notification is followed in substance by the words: "as custodian for ..... (name of minor) under the Montana Uniform Transfers to Minors Act";

(e) an interest in real property is recorded in the name of the transferor, an adult other than the transferor, or a trust company, followed in substance by the words: "as custodian for ..... (name of minor) under the Montana Uniform Transfers to Minors Act";

(f) a certificate of title issued by a department or agency of a state or of the United States which evidences title to tangible personal property is either:

(i) issued in the name of the transferor, an adult other than the transferor, or a trust company, followed in substance by the words: "as custodian for ..... (name of minor) under the Montana Uniform Transfers to Minors Act"; or

(ii) delivered to an adult other than the transferor or to a trust company, endorsed to that person, followed in substance by the words: "as custodian for ..... (name of minor) under the Montana Uniform Transfers to Minors Act"; or

(g) an interest in any property not described in subsections (1)(a) through (1)(f) is transferred to an adult other than the transferor or to a trust company by a written instrument in substantially the form set forth in subsection (2).

(2) An instrument in the following form satisfies the requirements of subsections (1)(a)(ii) and (1)(g):

"TRANSFER UNDER THE MONTANA UNIFORM TRANSFERS TO MINORS ACT

I, ... (name of transferor or name and representative capacity if a fiduciary) hereby transfer to ..... (name of custodian), as custodian for ..... (name of minor) under the Montana Uniform Transfers to Minors Act, the following: (insert a description of the custodial property sufficient to identify it).

Dated: .....

.....
(Signature)

..... (name of custodian) acknowledges receipt of the property described above as custodian for the minor named above under the Montana Uniform Transfers to Minors Act.

Dated: .....

.....
(Signature of Custodian)"

HeinOnline -- 1985 vol. I 193 1985

(3) A transferor shall place the custodian in control of the custodial property as soon as practicable.

Section 12. **Single custodianship.** A transfer may be made only for one minor, and only one person may be the custodian. All custodial property held under [this act] by the same custodian for the benefit of the same minor constitutes a single custodianship.

Section 13. **Validity and effect of transfer.** (1) The validity of a transfer made in a manner prescribed in [this act] is not affected by:

(a) failure of the transferor to comply with [section 11(3)] concerning possession and control;

(b) designation of an ineligible custodian, except designation of the transferor in the case of property for which the transferor is ineligible to serve as custodian under [section 11(1)]; or

(c) death or incapacity of a person nominated under [section 5] or designated under [section 11] as custodian or the disclaimer of the office by that person.

(2) A transfer made pursuant to [section 11] is irrevocable, and the custodial property is indefeasibly vested in the minor, but the custodian has all the rights, powers, duties, and authority provided in [this act], and neither the minor nor the minor's legal representative has any right, power, duty, or authority with respect to the custodial property except as provided in [this act].

(3) By making a transfer, the transferor incorporates in the disposition all the provisions of [this act] and grants to the custodian, and to any third person dealing with a person designated as custodian, the respective powers, rights, and immunities provided in [this act].

Section 14. **Care of custodial property.** (1) A custodian shall:

(a) take control of custodial property;

(b) register or record title to custodial property if appropriate; and

(c) collect, hold, manage, invest, and reinvest custodial property.

(2) In dealing with custodial property, a custodian shall observe the standard of care that would be observed by a prudent person dealing with property of another and is not limited by any other statute restricting investments by fiduciaries. If a custodian has a special skill or expertise or is named custodian on the basis of representations of a special skill or expertise, the custodian shall use that skill or expertise. However, a custodian, in the custodian's discretion and without liability to the minor or the minor's estate, may retain any custodial property received from a transferor.

(3) A custodian may invest in or pay premiums on life insurance or endowment policies on:

(a) the life of the minor only if the minor or the minor's estate is the sole beneficiary; or

HeinOnline -- 1985 vol. I 194 1985

(b) the life of another person in whom the minor has an insurable interest only to the extent that the minor, the minor's estate, or the custodian, in the capacity of custodian, is the irrevocable beneficiary.

(4) A custodian at all times shall keep custodial property separate and distinct from all other property in a manner sufficient to identify it clearly as custodial property of the minor. Custodial property consisting of an undivided interest is so identified if the minor's interest is held as a tenant in common and is fixed. Custodial property subject to recordation is so identified if it is recorded, and custodial property subject to registration is so identified if it is either registered or held in an account designated in the name of the custodian, followed in substance by the words: "as a custodian for ..... (name of minor) under the Montana Uniform Transfers to Minors Act".

(5) A custodian shall keep records of all transactions with respect to custodial property, including information necessary for the preparation of the minor's tax returns, and shall make them available for inspection at reasonable intervals by a parent or legal representative of the minor or by the minor if the minor has attained the age of 14 years.

Section 15. **Powers of custodian.** (1) A custodian, acting in a custodial capacity, has all the rights, powers, and authority over custodial property that unmarried adult owners have over their own property, but a custodian may exercise those rights, powers, and authority in that capacity only.

(2) This section does not relieve a custodian from liability for breach of [section 14].

Section 16. **Use of custodial property.** (1) A custodian may deliver or pay to the minor or expend for the minor's benefit so much of the custodial property as the custodian considers advisable for the use and benefit of the minor, without court order and without regard to:

(a) the duty or ability of the custodian personally or of any other person to support the minor; or

(b) any other income or property of the minor which may be applicable or available for that purpose.

(2) On petition of an interested person or the minor if the minor has attained the age of 14 years, the court may order the custodian to deliver or pay to the minor or expend for the minor's benefit so much of the custodial property as the court considers advisable for the use and benefit of the minor.

(3) A delivery, payment, or expenditure under this section is in addition to, not in substitution for, and does not affect any obligation of a person to support the minor.

Section 17. **Custodian's expenses, compensation, and bond.** (1) A custodian is entitled to reimbursement from custodial property for reasonable expenses incurred in the performance of the custodian's duties.

HeinOnline -- 1985 vol. I 195 1985

(2) Except for one who is a transferor under [section 6], a custodian has a noncumulative election during each calendar year to charge reasonable compensation for services performed during that year.

(3) Except as provided in [section 20(6)], a custodian need not give a bond.

Section 18. **Exemption of third person from liability.** A third person in good faith and without court order may act on the instructions of or otherwise deal with any person purporting to make a transfer or purporting to act in the capacity of a custodian and, in the absence of knowledge, is not responsible for determining:

(1) the validity of the purported custodian's designation;

(2) the propriety of or the authority under [this act] for any act of the purported custodian;

(3) the validity or propriety under [this act] of any instrument or instructions executed or given either by the person purporting to make a transfer or by the purported custodian; or

(4) the propriety of the application of any property of the minor delivered to the purported custodian.

Section 19. **Liability to third persons.** (1) A claim may be asserted against the custodial property by proceeding against the custodian in the custodial capacity, whether or not the custodian or the minor is personally liable therefor when it is based on:

(a) a contract entered into by a custodian acting in a custodial capacity;

(b) an obligation arising from the ownership or control of custodial property; or

(c) a tort committed during the custodianship.

(3) A custodian is not personally liable:

(a) on a contract properly entered into in the custodial capacity unless the custodian fails to reveal that capacity and to identify the custodianship in the contract; or

(b) for an obligation arising from control of custodial property or for a tort committed during the custodianship unless the custodian is personally at fault.

(3) A minor is not personally liable for an obligation arising from ownership of custodial property or for a tort committed during the custodianship unless the minor is personally at fault.

Section 20. **Renunciation, resignation, death, or removal of custodian — designation of successor custodian.** (1) A person nominated under [section 5] or designated under [section 11] as custodian may decline to serve by delivering a valid disclaimer to the person who made the nomination or to the transferor or the transferor's legal representative. If the event giving rise to a transfer has not occurred and no substitute custodian able, willing, and eligible to serve was nominated under [section 5], the

HeinOnline -- 1985 vol. I 196 1985

person who made the nomination may nominate a substitute custodian under [section 5]; otherwise the transferor or the transferor's legal representative shall designate a substitute custodian at the time of the transfer, in either case from among the persons eligible to serve as custodian for that kind of property under [section 11(1)]. The custodian so designated has the rights of a successor custodian.

(2) A custodian at any time may designate a trust company or an adult other than a transferor under [section 6] as successor custodian by executing and dating an instrument of designation before a subscribing witness other than the successor. If the instrument of designation does not contain or is not accompanied by the resignation of the custodian, the designation of the successor does not take effect until the custodian resigns, dies, becomes incapacitated, or is removed.

(3) A custodian may resign at any time by delivering written notice to the minor if the minor has attained the age of 14 years and to the successor custodian and by delivering the custodial property to the successor custodian.

(4) If a custodian is ineligible, dies, or becomes incapacitated without having effectively designated a successor and the minor has attained the age of 14 years, the minor may designate as successor custodian, in the manner prescribed in subsection (2), an adult member of the minor's family, a conservator of the minor, or a trust company. If the minor has not attained the age of 14 years or fails to act within 60 days after the ineligibility, death, or incapacity, the conservator of the minor becomes successor custodian. If the minor has no conservator or the conservator declines to act, the transferor, the legal representative of the transferor or of the custodian, an adult member of the minor's family, or any other interested person may petition the court to designate a successor custodian.

(5) A custodian who declines to serve under subsection (1) or resigns under subsection (3) or the legal representative of a deceased or incapacitated custodian, as soon as practicable, shall put the custodial property and records in the possession and control of the successor custodian. The successor custodian by action may enforce the obligation to deliver custodial property and records and becomes responsible for each item as received.

(6) A transferor, the legal representative of a transferor, an adult member of the minor's family, a guardian of the person of the minor, the conservator of the minor, or the minor if the minor has attained the age of 14 years may petition the court to remove the custodian for cause and to designate a successor custodian other than a transferor under [section 6] or to require the custodian to give appropriate bond.

Section 21. **Accounting by and determination of liability of custodian.** (1) A minor who has attained the age of 14 years, the minor's guardian of the person or legal representative, an adult member of the minor's family, a transferor, or a transferor's legal representative may petition the court:

(a) for an accounting by the custodian or the custodian's legal representative; or

HeinOnline -- 1985 vol. I 197 1985

(b) for a determination of responsibility, as between the custodial property and the custodian personally, for claims against the custodial property unless the responsibility has been adjudicated in an action under [section 19] to which the minor or the minor's legal representative was a party.

(2) A successor custodian may petition the court for an accounting by the predecessor custodian.

(3) The court, in a proceeding under [this act] or in any other proceeding, may require or permit the custodian or the custodian's legal representative to account.

(4) If a custodian is removed under [section 20(6)], the court shall require an accounting and order delivery of the custodial property and records to the successor custodian and the execution of all instruments required for transfer of the custodial property.

Section 22. **Termination of custodianship.** The custodian shall transfer in an appropriate manner the custodial property to the minor or to the minor's estate upon the earlier of:

(1) the minor's attainment of 21 years of age with respect to custodial property transferred under [section 6 or 7];

(2) the minor's attainment of 18 years of age with respect to custodial property transferred under [section 8 or 9]; or

(3) the minor's death.

Section 23. **Applicability.** This act applies to a transfer within the scope of [section 4] made after October 1, 1985, if:

(1) the transfer purports to have been made under the provisions of Title 72, chapter 26, parts 1 through 4 (repealed by [section 25]);

(2) the instrument by which the transfer purports to have been made uses in substance the designation "as custodian under the Uniform Gifts to Minors Act" or "as custodian under the Uniform Transfers to Minors Act" of any other state, and the application of this act is necessary to validate the transfer.

Section 24. **Effect on existing custodianships.** (1) Any transfer of custodial property as now defined in [this act] made before October 1, 1985, is validated notwithstanding that there was no specific authority in Title 72, chapter 26, parts 1 through 4 (repealed by [section 25]), for the coverage of custodial property of that kind or for a transfer from that source at the time the transfer was made.

(2) [This act] applies to all transfers made before October 1, 1985, in a manner and form prescribed in Title 72, chapter 26, parts 1 through 4, except insofar as the application impairs constitutionally vested rights or extends the duration of custodianships in existence on October 1, 1985.

(3) [Sections 3 and 22] with respect to the age of a minor for whom custodial property is held under [this act] do not apply to custodial property held in a custodianship that terminated because of the minor's attainment of the age of 18 before October 1, 1985.

CHAPTER NO. 104

[HB 43]

AN ACT ADOPTING THE UNIFORM TRADE SECRETS ACT; DEFINING "TRADE SECRET"; AND PROVIDING CIVIL REMEDIES FOR MISAPPROPRIATION OF TRADE SECRETS.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Short title.** [This act] may be cited as the Uniform Trade Secrets Act.

Section 2. **Definitions.** As used in [this act], unless the context requires otherwise the following definitions apply:

(1) "Improper means" includes theft, bribery, misrepresentation, breach or inducement of a breach of a duty to maintain secrecy, or espionage through electronic or other means;

(2) "Misappropriation" means:

(a) acquisition of a trade secret of another by a person who knows or has reason to know that the trade secret was acquired by improper means; or

(b) disclosure or use of a trade secret of another without express or implied consent by a person who:

(i) used improper means to acquire knowledge of the trade secret;

(ii) at the time of disclosure or use, knew or had reason to know that his knowledge of the trade secret was:

(A) derived from or through a person who had utilized improper means to acquire it;

(B) acquired under circumstances giving rise to a duty to maintain its secrecy or limit its use; or

(C) derived from or through a person who owed a duty to the person seeking relief to maintain its secrecy or limit its use; or

(iii) before a material change of his position, knew or had reason to know that it was a trade secret and that knowledge of it had been acquired by accident or mistake.

(3) "Person" means a natural person, corporation, business trust, estate, trust, partnership, association, joint venture, government, governmental subdivision or agency, or any other legal or commercial entity.

(4) "Trade secret" means information or computer software, including a formula, pattern, compilation, program, device, method, technique, or process, that:

means by, other persons who can obtain economic value from its disclosure or use; and

(b) is the subject of efforts that are reasonable under the circumstances to maintain its secrecy.

Section 3. **Injunctive relief — royalty.** (1) Actual or threatened misappropriation may be enjoined. Upon application to the court, an injunction must be terminated when the trade secret has ceased to exist, but the injunction may be continued for an additional reasonable period of time in order to eliminate commercial advantage that otherwise would be derived from the misappropriation.

(2) If the court determines that it would be unreasonable to prohibit future use, an injunction may condition future use upon payment of a reasonable royalty for no longer than the period of time the use could have been prohibited.

(3) In appropriate circumstances, affirmative acts to protect a trade secret may be compelled by court order.

Section 4. **Damages.** (1) In addition to or in lieu of injunctive relief, a complainant may recover damages for the actual loss caused by misappropriation. A complainant also may recover for the unjust enrichment caused by misappropriation that is not taken into account in computing damages for actual loss.

(2) If willful and malicious misappropriation exists, the court may award exemplary damages.

Section 5. **Costs and attorney fees.** If a claim of misappropriation is made in bad faith, a motion to terminate an injunction is made or resisted in bad faith, or willful and malicious misappropriation exists, the court may award reasonable costs and attorney fees to the prevailing party.

Section 6. **Preservation of secret.** In an action under [this act], a court shall preserve the secrecy of an alleged trade secret by reasonable means, which may include granting protective orders in connection with discovery proceedings, holding in-camera hearings, sealing the records of the action, and ordering any person involved in the litigation not to disclose an alleged trade secret without prior court approval.

Section 7. **Statute of limitations.** An action for misappropriation must be brought within 3 years after the misappropriation is discovered or by the exercise of reasonable diligence should have been discovered. For the purposes of this section, a continuing misappropriation constitutes a single claim.

Section 8. **Effect on other law.** (1) [This act] displaces conflicting tort, restitutionary, and other law of this state pertaining to civil liability for misappropriation of a trade secret.

(2) [This act] does not affect:

(a) contractual or other civil liability or relief that is not based upon misappropriation of a trade secret; or

(b) criminal liability for misappropriation of a trade secret.

Section 9. **Uniformity of application and construction.** [This act] shall be applied and construed to effectuate its general purpose to make the law uniform with respect to the subject of [this act] among states enacting it.

Section 10. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

[HB 150]

AN ACT TO PROVIDE THAT THE FEES COLLECTED FOR FILING OF DOCUMENTS RELATING TO ASSUMED BUSINESS NAMES, TRADEMARKS, NONPROFIT CORPORATIONS, AND CHAPTER 9 OF THE UNIFORM COMMERCIAL CODE BE ESTABLISHED BY THE SECRETARY OF STATE COMMENSURATE WITH COSTS; AMENDING SECTIONS 30-9-403, 30-13-217, 30-13-311, 30-13-313, 30-13-315, AND 35-2-1001, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Secretary of state to establish and collect fees commensurate with costs.** The secretary of state shall by administrative rule establish and provide for collection of fees and miscellaneous charges for filing documents and issuing certificates as required by this part. The fees must be commensurate with the costs of processing the documents and certificates. The secretary of state shall maintain records sufficient to support the fees and miscellaneous charges established under this part.

Section 2. Section 30-9-403, MCA, is amended to read:

"30-9-403. What constitutes filing — duration of filing — fees — effect of lapsed filing — duties of filing officer. (1) Presentation for filing of a financing statement and tender of the filing fee or acceptance of the statement by the filing officer constitutes filing under this chapter.

(2) Except as provided in subsection *(7)*, a filed financing statement is effective for a period of 5 years from the date of filing. The effectiveness of a filed financing statement lapses on the expiration of the 5-year period unless a continuation statement is filed prior to the lapse. If a security interest perfected by filing exists at the time insolvency proceedings are commenced by or against the debtor, the security interest remains perfected until termination of the insolvency proceedings and thereafter for a period of 60 days or until expiration of the 5-year period, whichever occurs

HeinOnline -- 1985 vol. I 218 1985

later. Upon lapse the security interest becomes unperfected, unless it is perfected without filing. If the security interest becomes unperfected upon lapse, it is considered to have been unperfected as against a person who became a purchaser or lien creditor before lapse.

(3) A continuation statement may be filed by the secured party within 6 months prior to the expiration of the 5-year period specified in subsection (2). Any such continuation statement must be signed by the secured party, identify the original statement by file number, and state that the original statement is still effective. A continuation statement signed by a person other than the secured party of record must be accompanied by a separate written statement of assignment signed by the secured party of record and complying with 30-9-405(2), including payment of the required fee. Upon timely filing of the continuation statement, the effectiveness of the original statement is continued for 5 years after the last date to which the filing was effective, whereupon it lapses in the same manner as provided in subsection (2) unless another continuation statement is filed prior to such lapse. Succeeding continuation statements may be filed in the same manner to continue the effectiveness of the original statement. Unless a statute on disposition of public records provides otherwise, the filing officer may remove a lapsed statement from the files and destroy it immediately if he has retained a microfilm or other photographic record, or in other cases after 1 year after the lapse. The filing officer shall so arrange matters by physical annexation of financing statements to continuation statements or other related filings, or by other means, that if he physically destroys the financing statements of a period more than 5 years past, those which have been continued by a continuation statement or which are still effective under subsection *(7)* shall be retained.

(4) Except as provided in subsection *(8)*, a filing officer shall mark each statement with a file number and with the date and hour of filing and shall hold the statement or a microfilm or other photographic copy thereof for public inspection. In addition, the filing officer shall index the statements according to the name of the debtor and shall note in the index the file number and the address of the debtor given in the statement.

(5) The uniform fees for filing, indexing, and stamping a copy furnished by the filing party to show the date and place of filing shall be *set pursuant to subsection (6) and must include fees* for:

(a) an original financing or continuation statement in standard form;

(b) a termination statement in standard form;

(c) a financing statement indicating an assignment in standard form;

(d) a statement of release of collateral in standard form;

(e) a certificate from the filing officer showing that an effective financing statement is on file, requested in the standard form;

(f) any of the documents in (a) through (e) other than in standard form;

(g) each name more than one required to be indexed;

HeinOnline -- 1985 vol. I 219 1985

(h) a uniform indexing fee for showing a trade name for any person; and

(i) any of the filing and indexing in subsections (a), (b), or (d) where the collateral is equipment or rolling stock of railroads or street railways.

(6) The secretary of state, with advice from the county clerk and recorders, shall by administrative rule establish fees for filing and indexing documents as required by this part. The fees must be commensurate with the costs of processing the documents. The secretary of state shall maintain records sufficient to support the amounts of the fees established under this subsection. The secretary of state shall disseminate the uniform fees to the county clerk and recorders for their use.

(7) If the debtor is a transmitting utility and a filed financing statement so states, it is effective until a termination statement is filed. A real estate mortgage that is effective as a fixture filing under 30-9-402(6) remains effective as a fixture filing until the mortgage is released or satisfied of record or its effectiveness otherwise terminates as to the real estate.

(8) When a financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to 30-9-103(5) or is filed as a fixture filing, the filing officer shall index it under the names of the debtor and any owner of record shown on the financing statement in the same fashion as if they were the mortgagors in a mortgage of the real estate described and, to the extent that the law of this state provides for indexing of mortgages under the name of the mortgagee, under the name of the secured party as if he were the mortgagee thereunder, or if indexing is by description, in the same fashion as if the financing statement were a mortgage of the real estate described."

Section 3. Section 30-13-217, MCA, is amended to read:

"30-13-217. Fees and charges to be established and collected by secretary of state. *(1) The secretary of state shall by administrative rule establish, charge, and collect in accordance with the provisions of this part and commensurate with costs:*

(c) a statement that the mark is still in use by the applicant in this state.

(3) The application for renewal of mark registration must be signed by the applicant.

Section 6. Section 30-13-315, MCA, is amended to read:

(4) "Benefit year", with respect to any individual, means the 52 consecutive-week period beginning with the first day of the calendar week in which such individual files a valid claim for benefits, except that the benefit year shall be 53 weeks if filing a new valid claim would result in overlapping any quarter of the base year of a previously filed new claim. (2) Notwithstanding any other provisions in this section, no otherwise eligible individual shall be denied benefits for any week because he is in training approved by the department, nor shall such individual be denied benefits with respect to any week in which he is in training approved by the department by reason of the application of provisions in 39-51-2304 or the application of provisions in 39-51-2104*(2)*."

Section 14. Section 39-51-2410, MCA, is amended to read:

"39-51-2410. Finality of board's decision — judicial review. (1) Any decision of the board in the absence of an appeal therefrom as herein provided shall become final 30 days after the date of notification or mailing thereof, except in the case of the department when such decision becomes final 20 days following the board's decision, and judicial review thereof shall be permitted only after any party claiming to be aggrieved thereby has exhausted his remedies before the board. The department shall be deemed to be a party to any judicial action involving any such decision and may be represented in any such action by an attorney employed by the department or at the department's request, by the attorney general.

(2) Within 30 days after the date of notification or mailing of the decision of the board, any party aggrieved thereby may secure judicial review thereof by commencing an action in the district court of the county in which said party resides and in which action any other party to the proceeding before the board shall be made a defendant. In such action a petition, which need not be verified but which shall state the grounds upon which a review is sought, shall be served upon the commissioner of labor and industry *and all other interested parties in the manner provided in the Montana Rules of Civil Procedure.*

(3) With its answer, the department shall certify and file with said court all documents and papers and a transcript of all testimony taken in the matter, together with the board's findings of fact and decision. (5) In any judicial proceeding under 39-51-2406 through 39-51-2410, the findings of the board as to the facts, if supported by evidence and in the absence of fraud, shall be conclusive and the jurisdiction of said court shall be confined to questions of law. Such action and the questions so certified shall be heard in a summary manner and shall be given precedence over all

HeinOnline -- 1985 vol. I 235 1985

other civil cases except cases arising under the workers' compensation law of this state.

(6) An appeal may be taken from the decision of the district court to the supreme court of Montana in the same manner, but not inconsistent with the provisions of this chapter, as is provided in civil cases. It shall not be necessary in any judicial proceeding under this section to enter exceptions to the rulings of the board and no bond shall be required for entering such appeal. Upon the final determination of such judicial proceeding, the department shall enter an order in accordance with such determination."

Section 15. **Collection of benefit overpayments.** A person who receives benefits not authorized by this chapter shall repay to the department, either directly or as authorized by the department, by offset of future benefits to which he may be entitled, or by a combination of both such methods, a sum equal to the amount received by him unless the department finds that the benefits were received through no fault of the person and the recovery of such benefits would be against equity and good conscience.

Section 16. **Extension of authority.** Any existing authority of the department of labor and industry to make rules on the subject of the provisions of this act is extended to the provisions of this act.

Section 17. **Effective date.** This act is effective on passage and approval.

If the court finds that restitution is appropriate, the court shall order restitution in an amount not exceeding the amount of the victim's complaint or the amount of the victim's pecuniary loss. An order to require restitution is a judgment against the defendant and his sureties, and the court may order the restitution to be made by payment of money deposited as bail. Any balance of the bail money must be disposed of in the same manner as provided in subsection (1). Provided no such determination or decision under this subsection shall be admissible as evidence in any other civil action, nor shall it be res judicata in any other civil action."

(B) The restricted subfund segregates that portion of the current fund's financial resources that can be expended for general operations but only for purposes imposed by sources external to the board of regents and the legislature.

(C) The designated subfund segregates that portion of the current fund's financial resources that is associated with general operations but is separately classified in order to accumulate costs that are to be recharged as allocated to other funds or subfunds; identifies financial activities related to special organized activities of educational departments wherein the activity is fully supported by supplemental assessments; and identifies special supply and facility fees that are approved for collections beyond normal course fees and their disposition.

(D) The auxiliary subfund segregates that portion of the current fund's financial resources that is devoted to providing essential on-campus services primarily to students, faculty, or staff wherein a fee, which is directly related to but does not necessarily equal the cost of the service provided, is charged to the consumer.

(2) In addition to the funds provided for in subsection (1) of this section, there are in the state treasury the following account groups:

(a) the fixed assets account group, which is a self-balancing group of accounts set up to establish accounting control and accountability for the state's general fixed assets, except those accounted for in proprietary funds, trust funds, and the *higher education* funds designated in subsections (1)(d)(i)(D), (1)(d)(iii), and (1)(d)(v) of this section; and

(1) The department of administration shall record receipts and disbursements for treasury funds and for accounts within treasury funds and shall maintain records in such a manner as to reflect the total cash and invested balance of each fund and each account. The department of administration shall adopt the necessary procedures to insure that interdepartmental or intradepartmental transfers of money do not result in inflation of figures reflecting total governmental costs and revenues.

(2) When the expenditure of an appropriation is necessary and the cash balance in the account from which the appropriation was made is insufficient, the department of administration may authorize a transfer, as a temporary loan bearing no interest, of unrestricted moneys from other accounts, provided that there is reasonable evidence that the income provided for the remainder of the fiscal year will be sufficient to restore the amount so transferred and provided the loan is recorded in the state accounting records. The loan must be repaid before the end of the fiscal year unless it is extended under the criteria of subsection (3) or by specific

HeinOnline -- 1985 vol. I 252 1985

legislative authorization. No account shall be so impaired that all proper demands thereon cannot be met even if the loan is extended.

(3) No loan may be extended into the next fiscal year unless it is for the sole purpose of:

(a) repairing or replacing property damage covered by insurance; or

(b) payment of expenses which will later be reimbursed by:

(i) contractual receipts due from federal revenue;

(ii) receipts due to the auxiliary and restricted subfunds; or

(iii) receipts due to the loan fund.

(4) These loans may be extended into the next fiscal year if the department of administration receives sufficient written justification therefor from the borrower. A loan extended beyond the fiscal yearend must be repaid within 1 calendar year of the date the loan is approved. Under unusual circumstances the director of the department of administration may grant one extension of a loan for up to 1 year. The department of administration shall prepare a written justification and proposed repayment plan for each loan extension authorized and shall furnish a copy of the written justification and proposed repayment plan to the house appropriations and senate finance and claims committees at the next legislative session.

(5) Any loan from the general fund or the current unrestricted subfund to funds designated in subsections (1)(d)(i)(D) and (1)(d)(ii) through (1)(d)(vi) of 17-2-102 shall bear interest at a rate equivalent to the previous fiscal year's average rate of return on the board of investment's short-term investment pool. Except for investment earnings on restricted donations, all designated and restricted subfund investment earnings are credited to the state general fund.

(6) No accounting entity may have a negative cash balance at fiscal yearend. The department of administration may, however, allow any entity to carry a negative balance at any point during the fiscal year subject to the following restrictions:

(a) Accounting entity negative cash balances may not exist more than 7 working days in the funds provided in subsections (1)(a) through (1)(c) of 17-2-102.

(b) Units of the university system *and postsecondary vocational-technical centers* must maintain positive cash balances in the subfunds provided in subsections (1)(d)(i)(A) through (1)(d)(i)(D) and (1)(d)(ii) through (1)(d)(vi) of 17-2-102."

Approved March 22, 1985.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 53-3-204, MCA, is amended to read:

"53-3-204. Eligibility for general relief — investigation of resources — eligibility for other public assistance. *(1)* An applicant for general relief assistance, including medical care and hospitalization, shall be eligible to receive assistance only after investigation by the county department reveals that the income and resources are insufficient to provide the necessities of life. (3) If other federal or state programs of assistance are reasonably available to meet the needs of the household of which he is a member, the applicant must apply for eligibility in those programs before general relief will be provided to that household. A household may be provided general relief if, and during the time period that, the applicant pursues available administrative appeals for other reasonably available assistance programs to the final administrative appeal level. (c) a method by which the results of any screening decision made pursuant to rules established under subsection *(2)*(b) may be appealed by the facility operator or by or on behalf of a resident or prospective resident."

Section 2. Section 50-5-301, MCA, is amended to read:

"50-5-301. (Temporary) When certificate of need is required. (1) Unless a person has submitted an application for and is the holder of a certificate of need granted by the department, he may not initiate any of the following:

(a) the incurring of an obligation by or on behalf of a health care facility for any capital expenditure, other than to acquire an existing health

care facility, that exceeds the expenditure thresholds established in or pursuant to subsection (5). The costs of any studies, surveys, designs, plans, working drawings, specifications, and other activities (including staff effort and consulting and other services) essential to the acquisition, improvement, expansion, or replacement of any plant or equipment with respect to which an expenditure is made must be included in determining if the expenditure exceeds the expenditure thresholds.

(b) a change in the bed capacity of a health care facility by 10 beds or 10%, whichever is less, in any 2-year period through:

(i) an increase or decrease in the total number of beds;

(ii) a redistribution of beds among various categories; or

(iii) a relocation of beds from one physical facility or site to another;

(c) the addition of a health service that is offered by or on behalf of a health care facility which was not offered by or on behalf of the facility within the 12-month period before the month in which the service would be offered and which will result in additional annual operating and amortization expenses of $100,000 or more;

(d) the acquisition by any person of major medical equipment, provided such acquisition would have required a certificate of need pursuant to subsection (1)(a) or (1)(c) of this section if it had been made by or on behalf of a health care facility;

(e) the incurring of an obligation for a capital expenditure by any person to acquire an existing health care facility if:

(i) the person has failed to submit the notice of intent required by 50-5-302(2); or

(f) the construction, development, or other establishment of a health care facility which did not previously exist or which is being replaced; or

(g) the expansion of the geographical service area of a home health agency.

(2) For purposes of this section:

(b) a health maintenance organization is to be considered a health care facility except to the extent exempted from certificate of need requirements as prescribed in rules adopted by the department.

HeinOnline -- 1985 vol. I 258 1985

if the change is proposed within 1 year after the date the activity for which the capital expenditure was granted a certificate of need is undertaken. As used in this subsection, a "change in project" includes but is not limited to any change in the bed capacity of a health care facility as described in subsection (1)(b) and the addition or termination of a health care service.

(4) If a person acquires an existing health care facility without a certificate of need and proposes to change, within 1 year after the acquisition, the services or bed capacity of the health care facility, the proposed change requires a certificate of need if one would have been required originally under subsection (1)(e).

(5) (a) Expenditure thresholds for certificate of need review are established as follows:

(i) For acquisition of equipment, the expenditure threshold is $500,000.

(ii) For construction of health care facilities, the expenditure threshold is $750,000.

(b) The department may by rule establish thresholds higher than those established in subsection (5)(a) if necessary and appropriate to accomplish the objectives of this part. **(Repealed effective July 1, 1987—sec. 13, Ch. 329, L. 1983.)"**

Section 3. Section 50-5-302, MCA, is amended to read:

"50-5-302. (Temporary) Notice of intent — application and review process. (1) The department may adopt rules including but not limited to rules for:

(a) the form and content of notices of intent and applications;

(iii) is necessary to comply with licensure or certification standards; or

(iv) has been approved by the legislature pursuant to the long-range building program under Title 17, chapter 5, part 4, and Title 18, chapter 2, part 1, providing the legislative findings accompanying such approval give consideration to the criteria of 50-5-304, and subject to the provisions of *50-5-309*;

(d) the format of public informational hearings and reconsideration hearings; and

(e) the establishment of batching periods for certificate of need applications for new beds, establishment of new services, and replacement of health care facilities.

HeinOnline -- 1985 vol. I 259 1985

(2) At least 30 days before any person acquires or enters into a contract to acquire an existing health care facility, the person shall submit to the department and the appropriate health systems agency a notice of his intent to acquire the facility and of the services to be offered in the facility and its bed capacity.

(3) Any person intending to initiate an activity for which a certificate of need is required shall submit a letter of intent to the department. The letter of intent must be placed in the appropriate batch, if any. After expiration of the challenge period following the batching period in which the letter of intent was submitted or, if no batching is required, after receipt of the letter of intent, the department shall send the person an application form requiring the submission of information considered necessary by the department to determine if the proposed activity meets the standards in 50-5-304.

(4) Within 15 calendar days after receipt of the application, the department shall determine whether it is complete. If, after the 15 days, the application is found incomplete, the department shall request the necessary additional information within 5 working days. Upon receipt of the additional information from the applicant, the department shall have 15 days to determine if the application is complete. If the department fails to make a determination as to the completeness of the application within the prescribed 15-day period, the application shall be deemed to be complete. If the applicant fails to submit the necessary additional information requested by the department by the deadline as prescribed by department rules for considering such reviews, a new letter of intent and application must be submitted and the application will be dropped from the current batch.

(5) After all applications in the current batch have been designated complete or, if an application does not require batching, after it is designated complete, notification must be sent to the applicants and all other affected persons regarding the department's projected time schedule for review of the applications. The review period for an application may be no longer than 90 calendar days after the notice is sent unless a longer period is agreed to by the applicant or, if the application has been batched, by all applicants in the batch. All completed applications pertaining to similar types of services, facilities, or equipment affecting the same health service area may be considered in relation to each other. During the review period a public hearing may be held if requested by an affected person or when considered appropriate by the department.

(6) The department shall, after considering all comments received during the review period, issue a certificate of need, with or without conditions, or deny the application. The department shall notify the applicant and affected persons of its decision within 5 working days after expiration of the review period. If the department fails to reach a decision and notify the applicant of its decision within the deadlines established in this section and if that delay constitutes an abuse of the department's discretion, the applicant may apply to district court for a writ of mandamus to force the department to render a decision. **(Repealed effective July 1, 1987—sec. 13, Ch. 329, L. 1983.)"**

(2) If a county uses a jury box for selection of jurors, the jury commissioner shall prepare and keep a jury box and contents as prescribed in this *subsection.* The number of each juror shall be written, typed, or stamped on a slip of paper or other suitable material, identical in all respects to the slips used for the other numbers. The slips shall be placed in a box of ample size to permit them to be thoroughly mixed. The box shall be plainly marked "jury box". The box shall contain only one slip for each number corresponding to the number before the name of each juror on the jury list.

(3) If a county uses a computer data base for selection of jurors, the jury commissioner shall cause the list of jurors prepared under the provisions of 3-15-402 to be entered into a computerized data base."

Section 2. Section 3-15-503, MCA, is amended to read:

"3-15-503. Drawing — how conducted. (1) *(a) If the drawing of jurors is conducted by means of a jury box, the jury commissioner* shall place the box on a rod so that it may readily revolve. Thereafter the jury commissioner shall draw from the box, one at a time, as many of the numbered slips as are ordered by the court.

(b) If the drawing of jurors is conducted by means of a computerized data base, it must be conducted by use of a computerized random selection process that the judges of the district court of the county have approved in writing as satisfactorily fulfilling the requirements for the drawing of trial juries. A copy of the latest jury list and a description of the approved computerized random selection process must be kept in the office of the clerk of court and be available for public inspection during normal business hours.

(2) A record of the drawing shall be entered in the minutes of the court. It must show the names of the jurors corresponding to the numbers drawn from the jury box *or the names drawn by means of the computerized random selection process.*

(3) If the jury commissioner is satisfied that any person whose name is drawn is deceased or mentally incompetent or has permanently moved from the county, the name of the person shall be omitted from the list and another name shall be drawn in its place. The reason for the omission shall be entered upon the minutes of the court. The same procedure shall be followed as often as may be necessary, until the number of names of jurors required has been drawn.

(4) No person may be asked to serve for more than one term during any year unless all *persons on the list established under 3-15-402* have been drawn and there are no other qualified jurors available."

"3-15-506. Obtaining additional jurors when necessary. (1) Whenever it appears to a district judge that additional jurors will be needed for any term or trial, the jury commissioner shall draw as many *jurors* as are necessary to secure the required number of additional jurors. Before the jury commissioner draws the *jurors*, the judge shall by appropriate order designate the number of jurors needed.

(2) When the judge believes that securing the additional jurors from all of the county would cause unnecessary delay or expense, he may order the jurors selected from only a designated portion of the county, which portion shall never be less than the corporate limits of the county seat. If, in the selection of the additional jurors, a *juror* is drawn *who is* a resident of an area outside the area designated by the court order, that *juror's name or* number shall be returned to the jury box *or reinstated on the computer data base* and a new *juror* drawn.

(3) When the required number of names have been selected, the judge may order the prospective jurors notified by telephone or mail by the jury commissioner."

Section 4. Section 3-15-601, MCA, is amended to read:

"3-15-601. When and how drawn and summoned. (1) Whenever in the opinion of the district judge a grand jury is necessary, he must make an order directing a grand jury to be drawn and summoned to attend before the court. The order must specify the number of jurors to be drawn, which may not be less than 15 or more than 20.

(2) The jurors must be drawn from the jury box *or the computer data base provided for* in 3-15-404. *If jurors are selected from the computer data base, it must be through a computerized random selection process that the judges of the district court of the county have approved in writing as the requirements for the drawing of grand juries. A copy of the latest jury list and a description of the approved computer process employed in the selection must be kept in the office of the clerk of court and be available for public inspection during normal business hours.*

(3) The list of names shall be certified and the jurors summoned in the same manner as for trial jurors. The *names or* numbers of any persons drawn who are not impaneled on the grand jury must be returned to the jury box *or reinstated on the computer data base.*"

Section 5. Section 3-15-602, MCA, is amended to read:

"3-15-602. Who constitutes jury. (1) When 11 of the persons summoned as grand jurors who are competent and not excused are present, they constitute the grand jury.

(2) When more than 11 are present, the *jury commissioner* shall write their names on separate ballots and place the ballots in black capsules. The capsules shall be deposited in a box large enough to hold all of the capsules without crowding. The box shall be so arranged that the *jury commissioner* drawing the capsules from the box is unable to see the capsule he is about

HeinOnline -- 1985 vol. I 298 1985

to draw. The *jury commissioner* shall draw 11 capsules. The persons whose names are on the ballots so drawn shall constitute the grand jury.

(3) When less than 11 are present, the court shall order a sufficient number to be immediately drawn *as provided in 3-15-601(2)* and summoned to attend the court."

CHAPTER NO. 167

[SB 192]

AN ACT INCREASING FROM 10 DAYS TO 20 DAYS THE TIME FOR FILING PURCHASE MONEY SECURITY INTERESTS UNDER THE UNIFORM COMMERCIAL CODE; AMENDING SECTIONS 30-9-301 AND 30-9-312, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 30-9-301, MCA, is amended to read:

"30-9-301. Persons who take priority over unperfected security interests — right of "lien creditor". (1) Except as otherwise provided in subsection (2), an unperfected security interest is subordinate to the rights of:

(a) persons entitled to priority under 30-9-312;

(b) a person who becomes a lien creditor before the security interest is perfected;

(c) in the case of goods, instruments, documents, and chattel paper, a person who is not a secured party and who is a transferee in bulk or other buyer not in ordinary course of business or is a buyer of farm products in ordinary course of business, to the extent that he gives value and receives delivery of the collateral without knowledge of the security interest and before it is perfected;

(d) in the case of accounts and general intangibles, a person who is not a secured party and who is a transferee to the extent that he gives value without knowledge of the security interest and before it is perfected.

(2) If the secured party files with respect to a purchase money security interest before or within *20* days after the debtor receives possession of the collateral, he takes priority over the rights of a transferee in bulk or of a lien creditor which arise between the time the security interest attaches and the time of filing.

(3) A "lien creditor" means a creditor who has acquired a lien on the property involved by attachment, levy, or the like and includes an assignee for benefit of creditors from the time of assignment and a trustee in bankruptcy from the date of the filing of the petition or a receiver in equity from the time of appointment.

(4) A person who becomes a lien creditor while a security interest is perfected takes subject to the security interest only to the extent that it secures advances made before he becomes a lien creditor or within 45 days thereafter or made without knowledge of the lien or pursuant to a commitment entered into without knowledge of the lien."

Section 2. Section 30-9-312, MCA, is amended to read:

"30-9-312. Priorities among conflicting security interests in the same collateral. (1) The rules of priority stated in other sections of this

HeinOnline -- 1985 vol. I 307 1985

part and in the following sections shall govern where applicable: 30-4-208 with respect to the security interest of collecting banks in items being collected, accompanying documents, and proceeds; 30-9-103 on security interests related to other jurisdictions; and 30-9-114 on consignments.

(2) A perfected security interest in crops for new value given to enable the debtor to produce the crops during the production season and given not more than 3 months before the crops become growing crops by planting or otherwise takes priority over an earlier perfected security interest to the extent that such earlier interest secures obligations due more than 6 months before the crops become growing crops by planting or otherwise, even though the person giving new value had knowledge of the earlier security interest.

(3) A perfected purchase money security interest in inventory has priority over a conflicting security interest in the same inventory and also has priority in identifiable cash proceeds received on or before the delivery of the inventory to a buyer if:

(a) the purchase money security interest is perfected at the time the debtor receives possession of the inventory; and

(b) the purchase money secured party gives notification in writing to the holder of the conflicting security interest if the holder had filed a financing statement covering the same types of inventory:

(i) before the date of the filing made by the purchase money secured party; or

(ii) before the beginning of the 21-day period if the purchase money security interest is temporarily perfected without filing or possession (30-9-304(5)); and

(c) the holder of the conflicting security interest receives notification within 5 years before the debtor receives possession of the inventory; and

(d) the notification states that the person giving the notice has or expects to acquire a purchase money security interest in inventory of the debtor, describing such inventory by item or type.

(4) A purchase money security interest in collateral other than inventory has priority over a conflicting security interest in the same collateral or its proceeds if the purchase money security interest is perfected at the time the debtor receives possession of the collateral or within *20* days thereafter.

(5) In all cases not governed by other rules stated in this section (including cases of purchase money security interests which do not qualify for the special priorities set forth in subsections (3) and (4) of this section), priority between conflicting security interests in the same collateral shall be determined according to the following rules:

(a) Conflicting security interests rank according to priority in the time of filing or perfection. Priority dates from the time a filing is first made covering the collateral or the time the security interest is first perfected,

whichever is earlier, provided that there is no period thereafter when there is neither filing nor perfection.

(b) So long as conflicting security interests are unperfected, the first to attach has priority.

(6) For the purposes of subsection (5), a date of filing or perfection as to collateral is also a date of filing as to proceeds.

(7) If future advances are made while a security interest is perfected by filing, the taking of possession, or under 30-8-321 on securities, the security interest has the same priority for the purposes of subsection (5) with respect to the future advances as it does with respect to the first advance. If a commitment is made before or while the security interest is so perfected, the security interest has the same priority with respect to advances made pursuant thereto. In other cases a perfected security interest has priority from the date the advance is made."

Approved March 25, 1985.

CHAPTER NO. 168

[SB 216]

AN ACT TO GENERALLY REVISE THE LAW CONCERNING CONSUMER LOAN LICENSEES; ALLOWING FINANCIAL INSTITUTIONS TO BE LICENSED; REVISING PROVISIONS CONCERNING INTEREST ON LOANS; PROVIDING FOR A BAD CHECK CHARGE; AND AMENDING SECTIONS 32-5-103, 32-5-301, 32-5-322, 32-5-407, 32-5-501, AND 32-5-506, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 32-5-103, MCA, is amended to read:

"32-5-103. Engaging in business of making loans restricted. (1) No person shall engage in the business of making loans or advances of money on credit in any amount and contract for, charge, or receive directly or indirectly on or in connection with any such loan or advance any charges, whether for interest, compensation, consideration, or expense, which in the aggregate are greater than those provided by 31-1-107(1), except as provided in and authorized by this chapter. *A* person engaged in business as a licensed pawnbroker *may* not become a licensee under this chapter nor shall any of the provisions of this chapter apply to any such exempted person.

(2) A licensee may sell its business and assets to a bank, building and loan association, savings and loan association, trust company, credit union, credit association, development credit corporation, or bank holding company organized pursuant to state or federal statutory authority and subject to supervision, control, or regulation by an agency of the state of Montana or an agency of the federal government. All contracts for loans and all

other contracts entered into by the licensee pursuant to the provisions of this chapter that are sold and transferred to an acquiring organization continue to be governed by the provisions of this chapter.

(3) The provisions of subsection (1) shall apply to any person who seeks to evade its applications by any device, subterfuge, or pretense whatsoever.

(4) Any contract of loan in the making or collection of which any act shall have been done which violates subsection (1) of this section shall be void, and the lender shall have no right to collect, receive, or retain any principal, interest, or charges whatsoever."

Section 2. Section 32-5-301, MCA, is amended to read:

"32-5-301. Charges, refunds, penalties, filing fees. (1) Every licensee hereunder may contract for and receive on any loan of money not exceeding $1,000 in principal amount:

(a) charges at rates not in excess of $20 per year per $100 on that part of the principal amount of the loan not exceeding $500;

(b) $16 per year per $100 on that part of the principal amount of the loan exceeding $500 but not exceeding $1,000.

(2) The holder of a supplementary license may contract for and receive charges at rates authorized for licensees in subsection (1) for the first $1,000 of the principal amount of any loan and may contract for and receive charges at rates not in excess of $12 per year per $100 on that part of the principal amount of any loan exceeding $1,000 but not exceeding $7,500.

(3) Charges in (1) and (2) shall be computed at the applicable rates on the full, original principal amount of the loan from the date of the loan to the due date of the final scheduled installment irrespective of the fact that the loan is payable in installments. Said charges shall be added to the principal of the loan and shall not be discounted or deducted therefrom or paid or received at the time the loan is made. For the purpose of computing charges for a fraction of a month, a day shall be considered one-thirtieth of a month.

(4) (a) When any loan contract, new loan, renewal, or otherwise for a period of not more than 61 months is paid in full by cash 1 month or more before the final installment date, the licensee shall refund or credit the borrower with that portion of the total charges which shall be due the borrower as determined by schedules prepared under the rule of 78ths or sum of the digits principle as follows: the amount of the refund or credit shall be as great a proportion of the total charges originally contracted for as the sum of the consecutive monthly balances of the contract scheduled to follow the date of prepayment bears to the sum of all the consecutive monthly balances of the contract, both sums to be determined according to the payment schedule originally contracted for.

(b) When any loan contract, new loan, renewal, or otherwise for a period of more than 61 months is paid in full by cash 1 month or more before the final installment date, the licensee shall refund or credit the borrower with that portion of the total charges that is due the borrower that

HeinOnline -- 1985 vol. I 310 1985

is applicable to all fully unexpired months in the contract as originally scheduled or, if deferred, as deferred, following the date of prepayment. For this purpose the applicable charge is the charge which would have been earned for that contract if charges had not been precomputed, by applying to the unpaid principal balance, by the actuarial method, the annual percentage rate disclosed pursuant to federal law, based on the assumption that all payments were made as originally scheduled. For all loans that may be subject to this section, charges are computed initially in the same manner used to determine the annual percentage rate.

(5) If the contract so provides, the additional charge for any amount past due according to the original terms of the contract, whether by reason of default or extension agreement, may be 5% of the amount past due, and said amount may be charged once and no more.

(6) (a) The licensee may include in the principal amount of any loan the actual fees paid a public official or agency of the state for filing, recording, or releasing any instrument securing the loan.

(b) The licensee may include in the principal amount of any loan bona fide charges related to real estate security and paid to third parties, including:

(i) fees or premiums for title examination, title insurance, or similar purposes, including survey;

(ii) fees for preparation of a deed, settlement statement, or other documents;

(iii) fees for notarizing deeds and other documents;

(iv) appraisal fees;

(v) fees for credit reports; and

(vi) fees paid to a trustee for release of a trust deed.

(7) No further or other charges shall be directly or indirectly contracted for or received by any licensee except those specifically authorized by this chapter. No licensee shall divide into separate parts any contract made for the purpose of or with the effect of obtaining charges in excess of those authorized by this chapter. If any amount in excess of the charges permitted by this chapter is charged, contracted for, and received, except as the result of an accidental and bona fide error of computation, the licensee shall have no right to collect or receive any charges.

(8) On any loan of money exceeding $7,500 in principal amount, a licensee may not make charges as provided in subsections (1) and (2) but shall make charges in accordance with the provisions of this subsection through subsection *(11)*.

(9) On any loan of money exceeding $7,500 in principal amount, a licensee may contract and receive charges at a rate not in excess of 2% per month on the principal amount as follows:

(a) Charges shall be computed on unpaid balances of the principal amount outstanding from time to time for the actual time outstanding.

HeinOnline -- 1985 vol. I 311 1985

Each payment shall be applied first to accumulated charges and the remainder of the payment applied to the unpaid principal balance, except that if the amount of the payment is insufficient to pay the accumulated charges, unpaid charges continue to accumulate to be paid from the proceeds of subsequent payments and are not added to the principal balance.

(b) Charges made under this subsection may not be payable in advance or compounded. However, if part or all of the consideration for a new loan contract is the unpaid principal balance of a prior loan, the principal amount payable under such new loan contract may include any unpaid charges which have accrued. The resulting loan contract is a new and separate loan transaction for all purposes. The principal balance of a prior loan on which charges have been made pursuant to subsections (1) and (2) is the balance due after refund or credit is given to the borrower pursuant to subsection *(4)*.

(10) For purposes of computing charges for a fraction of a month, a day is considered one-thirtieth of a month.

(11) The provisions of subsections *(4)* and *(5)* do not apply to loans made under subsections *(8)* through *(10)*.

(12) The amounts of $500, $1,000, and $7,500 in subsections (1), (2), *(8)*, and *(9)* are subject to change pursuant to the provisions of 32-5-104 on adjustment of dollar amounts."

Section 3. Section 32-5-322, MCA, is amended to read:

"32-5-322. Deferral charge — rate. The deferral charge for a 1-month period may not exceed an amount equal to the difference between the refund which would be required for prepayment in full under 32-5-301*(4)* as of the scheduled due date of the first deferred installment and the refund which would be required for prepayment in full as of 1 month prior to such date. A proportionate charge may be made for deferrals for periods of more or less than 1 month. A deferral charge is earned pro rata on a daily basis during the deferral period and is fully earned on the last day of the deferral period. Should a loan be prepaid during a deferral period the licensee shall make or credit to the borrower a pro rata refund of the unearned deferral charge in addition to any refund or credit made pursuant to 32-5-301*(4)*."

Section 4. Section 32-5-407, MCA, is amended to read:

"32-5-407. Attorney fees — bad check charge. *(1)* If the contract so provides, reasonable attorney fees may be awarded to the party in whose favor final judgment is rendered in any action on a contract entered into pursuant to the provisions of this chapter.

(2) In addition to any other charges authorized by this chapter, a licensee may charge a borrower the greater of $10 or the licensee's actual expense for each check, received in payment of a loan, that is dishonored for any reason."

Section 5. Section 32-5-501, MCA, is amended to read:

"32-5-501. Open-end loans. (1) A holder of a supplementary license may make open-end loans and may contract for and receive charges at a

HeinOnline -- 1985 vol. I 312 1985

rate not in excess of the rate set forth in 32-5-301*(9)* on unpaid balances outstanding from time to time for the actual time outstanding.

(2) A holder of a supplementary license may not compound charges by adding any unpaid charges authorized by this section to the unpaid principal balance of the borrower's account; however, the unpaid principal balance may include the fees paid to third parties as authorized by 32-5-504 and by 32-5-301*(6)*."

Section 6. Section 32-5-506, MCA, is amended to read:

"**32-5-506. Provisions not applicable.** The provisions of subsections *(4)* and *(5)* of 32-5-301 and the provisions of 32-5-304 do not apply to open-end loans."

Section 7. **Extension of authority.** Any existing authority of the department of commerce to make rules on the subject of the provisions of this act is extended to the provisions of this act.

Approved March 25, 1985.

CHAPTER NO. 172

[HB 547]

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 45-5-502, MCA, is amended to read:

"45-5-502. Sexual assault. (1) A person who knowingly subjects another not his spouse to any sexual contact without consent commits the offense of sexual assault.

(2) A person convicted of sexual assault shall be fined not to exceed $500 or be imprisoned in the county jail for any term not to exceed 6 months, *or both*.

(3) If the victim is less than 16 years old and the offender is 3 or more years older than the victim or if the offender inflicts bodily injury upon anyone in the course of committing sexual assault, he shall be imprisoned in the state prison for any term not to exceed 20 years and may be fined not more than $50,000.

(4) An act "in the course of committing sexual assault" shall include an attempt to commit the offense or flight after the attempt or commission.

(5) Consent is ineffective under this section if the victim is less than 14 years old and the offender is 3 or more years older than the victim."

Section 2. Section 45-5-503, MCA, is amended to read:

"45-5-503. Sexual intercourse without consent. (1) A person who knowingly has sexual intercourse without consent with a person of the opposite sex not his spouse commits the offense of sexual intercourse without consent.

(2) A person convicted of sexual intercourse without consent shall be imprisoned in the state prison for a term of not less than 2 years or more than 20 years and may be fined not more than $50,000, except as provided in 46-18-222.

Section 3. Section 45-5-511, MCA, is amended to read:

"45-5-511. Provisions generally applicable to sexual crimes. (1) When criminality depends on the victim being less than 16 years old, it is a defense for the offender to prove that he reasonably believed the child to be above that age. Such belief shall not be deemed reasonable if the child is less than 14 years old.

(2) Whenever the definition of an offense excludes conduct with a spouse, the exclusion shall be deemed to extend to persons living as husband and wife regardless of the legal status of their relationship. The exclusion shall be inoperative as respects spouses living apart whether under a decree of judicial separation or otherwise. Where the definition of an offense excludes conduct with a spouse, this shall not preclude conviction of a spouse in a sexual act which he or she causes another person, not within the exclusion, to perform.

(3) In a prosecution under the preceding sections on sexual crimes (45-5-502 through 45-5-504) in which the victim's lack of consent is based solely upon his incapacity to consent because he was mentally incapacitated, it is a defense to such prosecution that the victim was a voluntary social companion of the defendant and the intoxicating substance was voluntarily and knowingly taken.

(4) No evidence concerning the sexual conduct of the victim is admissible in prosecutions under this part except:

(a) evidence of the victim's past sexual conduct with the offender;

(b) evidence of specific instances of the victim's sexual activity to show the origin of semen, pregnancy, or disease which is at issue in the prosecution.

(5) If the defendant proposes for any purpose to offer evidence described in subsection (4)(a) or (4)(b), the trial judge shall order a hearing out of the presence of the jury to determine whether the proposed evidence is admissible under subsection (4).

(6) Evidence of failure to make a timely complaint or immediate outcry does not raise any presumption as to the credibility of the victim."

or by petition signed by at least 20 or one-fourth of the users (whichever is the lesser number) of groundwater in a groundwater area wherein there are alleged to be facts showing:

(a) that groundwater withdrawals are in excess of recharge to the aquifer or aquifers within such groundwater area;

(b) that excessive groundwater withdrawals are very likely to occur in the near future because of consistent and significant increases in withdrawals from within the groundwater area;

(c) that significant disputes regarding priority of rights, amounts of groundwater in use by appropriators, or priority of type of use are in progress within the groundwater area;

(d) that groundwater levels or pressures in the area in question are declining or have declined excessively; *or*

(e) that excessive groundwater withdrawals would cause contaminant migration and a degradation of groundwater quality within the groundwater area.

(3) When such a proposal is thus made, the board shall fix a time and place for a hearing, which time shall not be less than 90 days from the making of the proposal. The place for the hearing shall be within or as close as practical to the controlled groundwater area.

The department shall also cause a copy of the notice, together with a copy of the petition, to be served by mail, not less than 30 days before the hearing, upon each well driller licensed in Montana whose address is within any county in which any part of the area in question is located; upon each person or public agency known from an examination of the records in the department's office to be a claimant or appropriator of groundwater in the area in question (claimant or appropriator meaning one who diverts, impounds, or withdraws groundwater and not merely one who uses or obtains groundwater from another who diverts, impounds, or withdraws groundwater); upon the bureau; and upon the mayor or chairman of the governing body of each

incorporated municipality located in whole or in part within the proposed groundwater area. The department may also serve notice upon any other person or state or federal agency that the department feels may be interested in or affected by the proposed designation or modification of a controlled groundwater area. The petition need not be served on any petitioner. A copy of the notice, together with a copy of the proposal, shall be mailed to each person at his last-known address, and such service shall be complete upon depositing it in the post office, postage prepaid, addressed to each person on whom it is to be served. Publication and mailing of such notice as prescribed herein, when completed, shall be deemed to be sufficient notice of such hearing to all interested persons."

CHAPTER NO. 191

[HB 72]

AN ACT TO PROVIDE FOR THE REGULATION OF INTEREST RATES ON LIFE INSURANCE POLICY LOANS; AMENDING SECTIONS 33-20-109 AND 33-20-112, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Purpose.** The purpose of [sections 1 through 5] is to permit and set guidelines for life insurers to include in life insurance policies issued after October 1, 1985, a provision for periodic adjustment of policy loan interest rates.

Section 2. **Exclusions from application.** The provisions of [sections 1 through 5] do not apply to:

(1) term policies;

(2) term insurance benefits provided by rider or supplemental policy provisions; or

(3) industrial life insurance policies except as provided in 33-20-112.

Section 3. **Published monthly average defined.** For purposes of [sections 1 through 5], the "published monthly average" means:

(1) Moody's corporate bond yield average—monthly average corporates, as published by Moody's investors service, incorporated; or

(2) in the event that Moody's corporate bond yield average—monthly average corporates is no longer published, a substantially similar average, established by rule of the commissioner.

Section 4. **Interest rates on life insurance policy loans.** (1) (a) Life insurance policies issued on or after October 1, 1985, may have a provision permitting policy loan interest rates as follows:

(i) a maximum interest rate of not more than 8% a year; or

(ii) an adjustable maximum interest rate established from time to time by the life insurer as permitted by [sections 1 through 5].

HeinOnline -- 1985 vol. I 340 1985

(b) A life insurer is not permitted to issue policies containing variable rates of interest on policy loans under subsection (1)(a)(ii) unless the insurer also makes available policies, which may or may not be on the same plan of insurance, with fixed rates of interest on policy loans under subsection (1)(a)(i).

(2) The rate of interest charged on a policy loan made under subsection (1)(a)(ii) may not exceed the greater of:

(a) the published monthly average for the calendar month ending 2 months before the date on which the rate is determined; or

(b) the rate used to compute the cash surrender values under the policy during the applicable period plus 1% a year.

(3) If the maximum rate of interest is determined pursuant to subsection (1)(a)(ii), the policy must contain a provision setting forth the frequency at which the rate is to be determined for that policy.

(4) The maximum rate for each policy must be determined at regular intervals that must occur at least once every 12 months, but may not occur more frequently than once in any 3-month period. At the intervals specified in the policy, the rate being charged:

(a) may be increased whenever an increase as determined under subsection (2) would increase the rate by 0.5% or more a year;

(b) must be reduced whenever a reduction as determined under subsection (2) would decrease the rate by 0.5% or more a year.

(5) The life insurer shall:

(a) notify the policyholder of the initial rate of interest on the loan at the time a cash loan is made;

(b) notify the policyholder, with respect to premium loans, of the initial rate of interest on the loan as soon as practical after making the initial loan. Notice does not have to be given to the policyholder when a further premium loan is added, except as provided in subsection (5)(c).

(c) send reasonable advance notice of any increase in the rate to policyholders with loans; and

(d) include in the notices required by this subsection (5) the substance of subsection (1) and the frequency of rate determinations as provided in subsection (3).

(6) The policy may provide that if interest on any indebtedness is not paid when due, the interest will be added to the existing indebtedness and will bear interest at the same rate as the indebtedness.

(7) The loan value of the policy must be determined in accordance with the provisions of 33-20-109, but no policy may be terminated in a policy year solely as a result of a change in the interest rate during that policy year. The life insurer shall maintain coverage during that policy year until the time at which the policy would otherwise have terminated if there had been no interest rate change during that policy year.

HeinOnline -- 1985 vol. I 341 1985

(8) The substance of the pertinent provisions of subsections (1) and (3) must be set forth in the policies to which they apply.

(9) For purposes of this section, the following definitions apply:

(a) "Policy loan" includes any premium loan made under a policy used to pay one or more premiums that were not paid to the life insurer as they became due. The rate of interest on policy loans permitted under this section includes the interest rate charged on reinstatement of policy loans for the period during and after the lapse of a policy.

(b) "Policyholder" includes the owner of the policy or the person designated to pay premiums as shown on the records of the life insurer.

(c) "Policy" includes certificates issued by a fraternal benefit society and annuity contracts that provide for policy loans.

(10) No other provision of law applies to policy loan interest rates unless it is made specifically applicable to such rates.

Section 5. **Applicability to policies issued before October 1985.** The provisions of [sections 1 through 4] do not apply to any insurance contract issued before October 1, 1985, unless the policyholder agrees in writing to the applicability of such provisions.

Section 6. Section 33-20-109, MCA, is amended to read:

"33-20-109. Policy loan. (1) *Except as provided in [sections 1 through 5], there* shall be a provision that after 3 full years' premiums have been paid and after the policy has a cash surrender value and while no premium is in default beyond the grace period for payment, the insurer will advance, on proper assignment or pledge of the policy and on the sole security thereof, at a specified rate of interest not exceeding 6% a year, an amount equal to or, at the option of the party entitled thereto, less than the loan value of the policy. The commissioner may authorize a rate of interest in excess of 6%, but not in excess of 8% a year (or 7.4% if payable annually in advance), for policies issued on or after January 1, 1980, if the insurer provides adequate written certification that the holders of such policies will benefit fully from the increased earnings of the insurer resulting from the use of an interest rate in excess of the 6% per annum, such as from higher interest income to the company on policy loans, higher investment yield resulting from a reduction in policy loans because of the higher policy loan interest rate, and any additional income to the company resulting from the use of such higher interest rate in any manner whatsoever. These benefits to the policyholder shall be reflected through higher dividends or lower premiums, or both. The loan value of the policy shall be at least equal to the cash surrender value at the end of the then current policy year, provided that the insurer may deduct, either from such loan value or from the proceeds of the loan, any existing indebtedness not already deducted in determining such cash surrender value including any interest then accrued but not due, any unpaid balance of the premium for the current policy year, and interest on the loan to the end of the current policy year unless the policyowner by written notice to the insurer elects to defer payment of interest until it has accrued. The policy may also provide that if interest on any indebtedness is not paid when due it shall then

HeinOnline -- 1985 vol. I 342 1985

be added to the existing indebtedness and shall bear interest at the same rate, and that if and when the total indebtedness on the policy, including interest due or accrued, equals or exceeds the amount of the loan value thereof, then the policy shall terminate and become void. The policy shall reserve to the insurer the right to defer the granting of a loan, other than for the payment of any premium to the insurer, for 6 months after application therefor. The policy, at the insurer's option, may provide for automatic premium loan, subject to an election of the party entitled to elect.

(2) This section shall not apply to term policies or to term insurance benefits provided by rider or supplemental policy provisions or to industrial life insurance policies."

Section 7. Section 33-20-112, MCA, is amended to read:

"33-20-112. Reinstatement. There shall be a provision that the policy will be reinstated at any time within 3 years, or 2 years in the case of industrial life insurance policies, from the date of premium default upon written application therefor, the production of evidence of insurability satisfactory to the insurer, the payment of all premiums in arrears, and the payment or reinstatement of any other indebtedness to the insurer upon the policy, with interest *on all premiums in arrears* at a rate not exceeding 6% per annum compounded annually *and with interest on any indebtedness at a rate as provided in [sections 1 through 5]*, unless:

(1) the policy has been surrendered for its cash surrender value;

(2) its cash surrender value has been exhausted; or

(3) the paid-up term insurance, if any, has expired."

Section 8. **Codification instruction.** Sections 1 through 5 are intended to be codified as an integral part of Title 33, chapter 20.

Approved March 26, 1985.

CHAPTER NO. 196

[SB 169]

AN ACT TO ALLOW ELECTION ADMINISTRATORS THE OPTION OF CONDUCTING CERTAIN SPECIFIC ELECTIONS BY MAIL BALLOT; AMENDING SECTIONS 7-13-2236 AND 13-1-401, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Statement of purpose.** The purpose of [this act] is to provide the option of conducting certain specified elections using a procedure called a "mail ballot election" and to provide the procedures therefor. The provisions of [this act] recognize that sound public policy concerning the conduct of elections often requires the balancing of various elements of the public interest that are sometimes in conflict. Among these factors are the public's interest in fair and accurate elections, the election of those who will govern or represent, and cost-effective administration of all functions of government, including the conduct of elections. The provisions of [this act] further recognize that when these and other factors are balanced, the conduct of elections by mail ballot is potentially the most desirable of the available options in certain circumstances.

Section 2. **Definitions.** As used in [this act], the following definitions apply:

(1) "Election day" is the date established by law on which a particular election would be held if that election were being conducted by means other than a mail ballot election.

HeinOnline -- 1985 vol. I 347 1985

(2) "Mail ballot election" means any election that involves either candidates or ballot issues and is conducted in compliance with the procedure specified in [section 3].

(3) "Return/verification envelope" means an envelope that contains a secrecy envelope and ballot and which is designed to:

(a) allow election officials, upon examination of the outside of the envelope, to determine that the ballot is being submitted by someone who is in fact a qualified elector and who has not already voted; and

(b) allow it to be used in the United States mail.

(4) "Secrecy envelope" means an envelope used to contain the elector's ballot and that is designed to conceal the elector's vote and to prevent that elector's ballot from being distinguished from the ballots of other electors.

Section 3. **Mail ballot election procedure.** A mail ballot election must be conducted substantially as follows:

(1) Official ballots must be prepared and all other initial procedures followed as otherwise provided by law.

(2) An official ballot must be mailed to every qualified elector of the political subdivision conducting the election.

(3) The elector shall mark the ballot at home and place it in a secrecy envelope.

(4) The elector shall then place the secrecy envelope containing his ballot in a return/verification envelope and shall return it by mailing it or delivering it in person to a place of deposit designated by the election administrator so that it is received prior to a specified time on election day.

(5) Once returned, election officials shall first qualify the submitted ballot by examining the return/verification envelope to determine whether it is submitted by a qualified elector who has not previously voted.

(6) If the ballot so qualifies and is otherwise valid, officials shall then open the return/verification envelope and remove the secrecy envelope, which is then voted by depositing it unopened in an official ballot box.

(7) After the close of polls on election day, voted ballots must be counted and canvassed as otherwise provided by law.

Section 4. **Mail ballot elections not mandatory — when authorized — when prohibited.** (1) Conducting elections by mail ballot is only one option available to local officials and nothing in [this act] mandates that the procedure be used.

(2) The following elections may be conducted by mail ballot:

(a) an election in a political subdivision required to hold annual elections under 13-1-104(3), other than a school district;

(b) an election in a city of the third class, as defined in 7-1-4111(3), if all of the candidates whose names will appear on the ballot are candidates for offices to be elected without party designation;

HeinOnline -- 1985 vol. I 348 1985

(c) an election in a town as defined in 7-1-4111(4);

(d) an election conducted under 7-13-2236 in an unincorporated area; and

(e) a special election called by a local government unit for the sole purpose of submitting one or more ballot issues to its qualified electors if such special election is not held in conjunction with a statutorily scheduled election.

(3) The following elections may not be conducted by mail ballot:

(a) an election held for one of the purposes or at the time provided in 13-1-104(1) and 13-1-107(1);

(b) an election held for one of the purposes or at the time provided in 13-1-104(2) and 13-1-107(2), except as specifically allowed by subsections (2)(b) and (2)(c) of this section;

(c) an election for any purpose conducted by or on behalf of a school district;

(d) an election being held under the provisions of the Montana Recall Act, in Title 2, chapter 16, part 6;

(e) an election involving candidates for public office, except as specifically allowed by subsections (2)(a) through (2)(c) of this section; and

(f) a special election being held in conjunction with a statutorily scheduled election.

Section 5. **General election laws to apply.** All laws applicable to elections when voting is not done by mail ballot and all penalties prescribed for violation of those laws apply to elections conducted by mail ballot to the extent they do not specifically conflict with the provisions of [this act] or are not otherwise provided for by [this act].

Section 6. **Role of secretary of state.** In addition to other powers and duties conveyed by law, the secretary of state, with advice from election administrators, shall:

(1) prescribe the form of materials to be used in the conduct of mail ballot elections;

(2) review written plans for the conduct of mail ballot elections as provided in [section 11]; and

(3) adopt rules consistent with [this act] to:

(a) establish and maintain uniformity in the conduct of mail ballot elections; and

(b) establish procedures for the conduct of mail ballot elections that:

(i) prevent fraud;

(ii) ensure the accurate handling and canvassing of mail ballots; and

(iii) ensure that the secrecy of voted ballots is maintained.

HeinOnline -- 1985 vol. I 349 1985

Section 7. **How election initiated.** A proposal to conduct an election under [this act] may be initiated by either the election administrator or the appropriate governing body as provided in [sections 8 through 10].

Section 8. **Initiation by governing body.** (1) A political subdivision may, by resolution of the governing body addressed to the election administrator, request that a particular election be conducted under the provisions of [this act].

(2) No later than 70 days before election day, the governing body shall transmit its request to the election administrator, who shall determine whether it is economically and administratively feasible to conduct the requested election by mail ballot.

(3) Except as provided in [section 10], the decision to conduct an election under the provisions of [this act] is within the sole discretion of the election administrator.

(4) Within 5 days after receiving a request, the election administrator shall respond in writing, stating that the request is either granted or denied for reasons specified. If granted, the election administrator shall prepare a plan as provided in [section 11].

Section 9. **Initiation by election administrator.** (1) Even if no request has been received from the governing body concerned, the election administrator may conduct any election authorized by [section 4] under [this act] if, in his discretion, that would be the most economically and administratively feasible way of conducting the election in question.

(2) If he decides to conduct an election pursuant to subsection (1), the election administrator shall prepare a written plan as provided in [section 11] and forward a copy to the governing body concerned, together with a written statement informing it of his decision to conduct the election by mail ballot and the reasons therefor and the right of the governing body to object under [section 10].

Section 10. **Objection of political subdivision.** (1) A political subdivision may, by resolution of the governing body, object to the conduct of one of its elections under [this act]. The resolution must include a statement of the reasons for the objection.

(2) If such a resolution is filed with the election administrator no later than 55 days prior to election day, the election may not be conducted under [this act].

Section 11. **Written plan for conduct of election — amendments — approval procedures.** (1) The election administrator shall prepare a written plan, including a timetable, for the conduct of the election and shall submit it to the secretary of state at least 60 days prior to the date set for the election.

(2) The plan may be amended by the election administrator any time prior to the 35th day before election day by notifying the secretary of state in writing of any changes.

HeinOnline -- 1985 vol. I 350 1985

(3) Within 5 days of receiving the plan and as soon as possible after receiving any amendments, the secretary of state shall approve, disapprove, or recommend changes to the plan or amendments.

(4) When the written plan has been approved, the election administrator shall proceed to conduct the election according to the approved plan.

Section 12. **Proportional voting.** The election administrator shall provide a method for proportional voting in his written plan for an election conducted under [this act] that requires votes to be cast in proportion to ownership or any factor other than one vote per person.

Section 13. **Distributing materials to electors — procedure.** For each election conducted under [this act], the election administrator shall:

(1) mail a single packet to every qualified elector of the political subdivision conducting the election;

(2) ensure that each packet contains only one each of the following:

(a) an official ballot;

(b) a secrecy envelope;

(c) a return/verification envelope; and

(d) complete written instructions for voting and returning ballots; and

(3) ensure that each packet is:

(a) clearly marked on its face with the words "DO NOT FORWARD. RETURN TO SENDER. RETURN POSTAGE GUARANTEED.";

(b) addressed to a single individual elector at the most current address available from the official registration records; and

(c) deposited in the United States mail with sufficient prepaid postage for it to be delivered to the elector's address.

Section 14. **When materials to be mailed.** For any election conducted by mail, ballots must be mailed no sooner than the 25th day and no later than the 15th day before election day. All ballots must be mailed the same day.

Section 15. **Voting by elector when absent from place of residence during conduct of election.** (1) A qualified elector who will be absent from the county during the time the election is being conducted may:

(a) vote in person in the election administrator's office as soon as ballots are available and until noon the day before the ballots are scheduled to be mailed; or

(b) make a written request, signed by the applicant and addressed to the election administrator, that the ballot be mailed to an address other than that which appears on the registration card. Written requests must be accepted until noon the day before the ballots are scheduled to be mailed.

(2) Ballots mailed to electors pursuant to this section must be mailed the same day that all other ballots are mailed.

HeinOnline -- 1985 vol. I 351 1985

Section 16. **Voting mail ballots.** (1) Upon receipt of his ballot, the elector may vote by:

(a) marking the ballot in the manner specified;

(b) placing the marked ballot in the secrecy envelope, free of any identifying marks;

(c) placing the secrecy envelope containing a single ballot in the return/verification envelope;

(d) executing the affidavit printed on the return/verification envelope; and

(e) returning the return/verification envelope with the secrecy envelope containing the ballot enclosed, as provided in [section 18].

(2) For the purpose of [this act], an official ballot is voted when, after the requirements of [sections 22 and 24] have been satisfied, the return/verification envelope has been opened by election officials and the secrecy envelope containing the ballot has been deposited in the official ballot box.

Section 17. **Replacement ballots — procedures.** (1) An elector may obtain a replacement ballot as provided in this section if his ballot is destroyed, spoiled, lost, or not received by the elector.

(2) An elector seeking a replacement ballot shall sign a sworn statement stating that the ballot was either destroyed, spoiled, lost, or not received and shall present the statement to the election administrator no later than 8 p.m. on election day.

(3) Upon receiving the sworn statement, the election administrator shall issue a replacement ballot to the elector. Each spoiled ballot must be returned before a new one may be issued.

(4) The election administrator shall designate his office or a central location in the political subdivision in which the election is conducted as the single location for obtaining a replacement ballot.

(5) A replacement ballot may also be issued pursuant to [section 25].

(6) The election administrator shall keep a record of each replacement ballot issued. If he later determines that any elector to whom a replacement ballot has been issued has attempted to vote more than once, he shall immediately notify the county attorney and the secretary of state of each instance.

Section 18. **Returning marked ballots — when — where.** (1) After complying with [section 16], an elector may return his ballot on or before election day by either:

(a) depositing the return/verification envelope in the United States mail, with sufficient postage affixed; or

(b) returning it in person to any place of deposit designated by the election administrator pursuant to [section 19].

HeinOnline -- 1985 vol. I 352 1985

(2) In order to have his ballot counted, each elector must return it in such a manner that it is received prior to 8 p.m. on election day.

Section 19. **Places of deposit.** (1) The election administrator shall designate his office and may designate one or more places in the political subdivision in which the election is being conducted as places of deposit where ballots may be returned in person by the elector.

(2) Prior to election day, ballots may be returned to any designated place of deposit only during regular business hours.

(3) On election day, each location designated as a place of deposit must be open as provided in 13-1-106, and ballots may be returned during those hours.

(4) The election administrator may designate certain locations as election day places of deposit, and any location so designated shall function as a place of deposit only on election day.

(5) The election administrator shall provide each designated place of deposit with an official ballot transport box secured as provided by law.

Section 20. **Disposition of ballots returned in person.** Ballots returned by the elector in person must be processed as follows:

(1) If returned to the election administrator's office directly, the ballot must be processed in the same manner provided for ballots returned by mail except that, while the elector is present, officials shall:

(a) verify the signature pursuant to [section 22];

(b) resolve any questions as to the validity of the ballot; and

(c) deposit the unopened secrecy envelope containing the ballot in the official ballot box.

(2) If returned to a place of deposit other than the election administrator's office, the election official on location shall:

(a) keep a log of the names of all electors from whom he receives ballots;

(b) have the elector sign the log where his name has been entered;

(c) while the elector is present, compare the signature on the return/verification envelope with that entered in the log and resolve any discrepancies with the elector;

(d) deposit the unopened return/verification envelope in the sealed ballot transport box provided for that purpose; and

(e) securely retain all ballots until they are transported to the election administrator's office. The transport boxes must then be opened and the ballots disposed of in the same manner provided for ballots returned by mail.

Section 21. **Disposition of ballots returned by mail.** (1) Upon receipt of each return/verification envelope, election officials shall:

HeinOnline -- 1985 vol. I 353 1985

(a) compare the name with the official register to determine that the person has not previously voted;

(b) verify the signature on the affidavit in the manner provided by [section 22];

(c) open the return/verification envelope and retain it as an official record;

(d) remove and examine the secrecy envelope to determine if the ballot is valid pursuant to [section 24];

(e) if the ballot is valid, record the name of the elector in the official register as having voted; and

(f) deposit the unopened secrecy envelope containing the ballot in the official ballot box.

(2) If at any point there is a question concerning a particular ballot, the election administrator may not deposit the ballot in question. The election administrator shall retain all materials relating to the questioned ballot until the question is resolved satisfactorily or the question is determined as provided in [section 26].

Section 22. **Signature verification — procedures.** (1) The election administrator shall verify the signature of each elector by comparing the affidavit printed on the return/verification envelope to the signature on that elector's registration card or signature card provided under [section 23].

(2) If the election administrator is convinced that the individual signing the affidavit is the same as the one whose name appears on the registration card, he shall proceed to validate the ballot.

(3) If the election administrator is not convinced that the individual signing the return/verification envelope is the same as the one whose name appears on the registration card, he may not validate the ballot but instead shall:

(a) give notice to the elector as provided in [section 25]; and

(b) if the discrepancy is not rectified to the election administrator's satisfaction, present the unopened envelope and the registration card to the canvassing board for a determination.

Section 23. **Voting by nonregistered electors.** (1) For any election being conducted under [this act] by a political subdivision that allows individuals to vote who are not registered electors, such an individual may vote by appearing in person at the election administrator's office and demonstrating that he possesses the qualifications which entitle him to vote.

(2) An individual complying with subsection (1) before official ballots are available may leave a card with the election administrator containing his signature and the address to which his ballot is to be mailed. The signature provided must then be used for verification when the mail ballot is returned.

HeinOnline -- 1985 vol. I 354 1985

(3) An individual complying with subsection (1) after official ballots are available and before the close of the polls on election day must be permitted to vote at that time.

Section 24. **Valid ballots — requirements.** (1) Only valid ballots may be counted in an election conducted under [this act].

(2) For the purpose of [this act], a ballot is valid only if:

(a) it is sealed in the secrecy envelope and returned in the return/verification envelope;

(b) the elector's signature on the affidavit on the return/verification envelope is verified pursuant to [section 22]; and

(c) it is received before 8 p.m. on election day.

(3) A ballot is invalid if:

(a) more than one ballot is enclosed in a single return/verification or secrecy envelope; or

(b) any identifying marks are placed on the ballot by the elector.

Section 25. **Notice to elector — opportunity to resolve questions.** (1) As soon as possible after receipt of an elector's return/verification envelope, the election administrator shall give notice to the elector, either by telephone or by first-class mail, if the election administrator:

(a) is unable to verify the elector's signature under [section 22]; or

(b) has discovered a procedural mistake made by the elector that would invalidate his ballot under [section 24].

(2) The election administrator shall inform the elector that he may appear in person at the election administrator's office prior to 8 p.m. on election day and verify the signature or correct the mistake.

(3) Any elector so appearing must be permitted to:

(a) verify his signature, after proof of identification, by affirming that the signature is in fact his or completing a new registration card containing his current signature;

(b) correct any minor mistake if the correction would render the ballot valid; or

(c) if necessary, request and receive a replacement ballot and vote it at that time.

Section 26. **Resolving issues in question.** Any questions concerning the validity of a ballot or signature must be resolved in the following manner:

(1) If the election administrator is unable to resolve the issue to his satisfaction, he shall give notice to the elector as provided in [section 25].

(2) If the elector fails to appear or, if even after such an appearance, the issue is still not resolved to the election administrator's satisfaction, the

HeinOnline -- 1985 vol. I 355 1985

election administrator shall present the issue for a determination to the board of judges appointed to count the ballots.

(3) If the counting board is unable to resolve the issue to its satisfaction, it may not count the ballot in question. Instead, the election administrator shall present the issue to the board of canvassers for a determination of the issue.

(4) If the board of canvassers is unable to resolve the issue, the ballot must not be counted.

Section 27. **Procedure at close of voting.** After the close of voting on election day, election officials shall:

(1) open the official ballot boxes;

(2) open each secrecy envelope, removing the ballot; and

(3) proceed to count the votes as otherwise provided by law.

Section 28. Section 7-13-2236, MCA, is amended to read:

The election administrator or deputy election administrator appointed under the provisions of 13-1-301 shall cooperate with the school district election administrator to share costs, as provided in 13-1-302.

(2) A political subdivision subject to 13-1-104(3) may, with the consent of the election administrator or deputy election administrator, conduct its annual election at an annual meeting of the political subdivision or at another convenient location within the political subdivision.

(3) A political subdivision election subject to 13-1-104(3) may be conducted by mail ballot as provided in [sections 1 through 27].

(4) The election administrator or deputy election administrator conducting an election under the provisions of subsection (1), (2), *or (3)* shall give notice of the election not less than 20 days or more than 40 days before the day of the election by display advertisement at least two times in a newspaper of general circulation within the political subdivision. The election administrator or deputy election administrator may notify the public of the election by additional posting of notices or radio and television announcements."

(2) At the same time the prosecutor shall inform the defendant of and make available to the defendant for examination and reproduction any written or recorded material or information within his possession or control regarding:

(a) whether there has been any electronic surveillance of any conversations to which the accused was a party;

(b) whether a search warrant has been executed in connection with the case;

otherwise provided for and that he is unable without undue hardship to obtain the substantial equivalent by other means, the court in its discretion may order any person to make it available to him. The court may, upon the request of any person affected by the order, vacate or modify the order if compliance would be unreasonable or oppressive.

(6) The prosecutor shall furnish to the defendant no later than 5 days before trial or at such later time as the court may for good cause permit, together with their relevant written or recorded statements, a list of the names and addresses of all persons whom he intends to call as rebuttal witnesses to the defenses of alibi, compulsion, entrapment, justifiable use of force, mistaken identity, or good character or the defense that the accused did not have a particular state of mind that is an element of the offense charged.

(2) The accused is entitled to the presence of counsel at the taking of any evidence pursuant to subsection (1). Subsection (1) supplements and does not limit any other procedures established by law.

(3) Within 30 days after arraignment in district court or at such later time as the court may for good cause permit, the defendant shall provide the prosecutor with a written notice of his intention to introduce evidence at trial of good character or the defenses of alibi, compulsion, entrapment, justifiable use of force, or mistaken identity or the defense that the accused did not have a particular state of mind that is an essential element of the offense charged. (4) Simultaneously with the notice of defenses submitted under subsection (3), the defendant shall make available to the prosecutor for testing, examination, or reproduction:

(b) the names and addresses of experts whom he will call at trial, together with the results of their physical examinations, scientific tests, experiments, or comparisons, including all written reports and statements made by them in connection with the particular case; and

(c) a list of all papers, documents, photographs and other tangible objects that he will use at trial.

(5) The defendant's obligation under this section extends to material and information within the possession or control of the defendant or his attorneys and agents.

(6) Upon motion of the prosecutor showing that he has substantial need in the preparation of his case for additional material or information not otherwise provided for, that he is unable without undue hardship to obtain the substantial equivalent by other means, and that disclosure thereof will not violate the accused's constitutional rights, the court in its discretion may order any person to make such material or information available to him. The court may, upon request of any person affected by the order, vacate or modify the order if compliance would be unreasonable or oppressive.

Section 4. **Materials not subject to disclosure.** (1) Except as provided in subsection (2), disclosure is not required for the work product of the prosecuting or defense attorney.

(2) If exculpatory information is contained in the work product, that information must be disclosed.

Section 5. **Failure to call a witness or raise a defense.** The fact that a witness' name is on a list furnished pursuant to [this act] or that a matter contained in a pretrial notice is not raised may not be commented upon at trial unless the court, on motion of a party, allows such comment after finding that the inclusion of the witness' name or the pretrial notice constituted an abuse of the applicable disclosure requirement or that other good cause is shown.

HeinOnline -- 1985 vol. I 370 1985

Section 6. **Use of materials.** Except as provided in 46-11-401, any materials, including witness lists, furnished to an attorney pursuant to [this act] may not be disclosed to the public but may be disclosed to others only to the extent necessary for the proper conduct of the case.

Section 7. **Continuing duty to disclose.** If at any time after a disclosure has been made any party discovers additional information or material that would be subject to disclosure had it been known at the time of disclosure, such party shall promptly notify all other parties of the existence of the additional information or material and make an appropriate disclosure.

Section 8. **Excision and protective orders.** (1) Upon a motion of any party showing good cause, the court may at any time order that disclosure of the identity of any witness be deferred for any reasonable period of time, not to extend beyond 5 days prior to the date set for trial, or that any other disclosures required by [this act] be denied, deferred, or regulated when it finds:

(a) that the disclosure would result in a risk or harm outweighing any usefulness of the disclosure to any party; and

(b) that the risk cannot be eliminated by a less substantial restriction of discovery rights.

(2) Whenever the court finds, on motion of any party, that only a portion of a document or other material is discoverable under [this act], it may authorize the party disclosing it to excise that portion of the material which is nondiscoverable and disclose the remainder.

(3) On motion of the party seeking a protective or excision order or in submitting for the court's determination the discoverability of any material or information, the court may permit him to present the material or information for the inspection of the judge alone. Counsel for all other parties are entitled to be present when such presentation is made.

(4) If the court enters an order that any material or any portion thereof is not discoverable under [this act], the entire text of the material must be sealed and preserved in the record in the event of an appeal.

Section 9. **Sanctions.** If at any time during the course of the proceeding it is brought to the attention of the court that a party has failed to comply with any of the provisions of [this act] or any order issued pursuant to [this act], the court may impose any sanction that it finds just under the circumstances, including but not limited to:

(1) ordering disclosure of the information not previously disclosed;

(2) granting a continuance;

(3) holding a witness, party, or counsel in contempt;

(4) precluding a party from calling a witness, offering evidence, or raising a defense not disclosed; or

AN ACT LIMITING THE MANDATORY CIVIL PENALTY FOR FAILURE TO COMPLY WITH AN ABATEMENT OR CESSATION ORDER UNDER THE STRIP AND UNDERGROUND MINE RECLAMATION ACT; AMENDING SECTION 82-4-254, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 82-4-254, MCA, is amended to read:

"**82-4-254. Violation — penalty — waiver.** (1) Except as provided in subsection (2), a person or operator who violates any of the provisions of this part, rules or orders adopted under this part, or term or condition of a permit and any director, officer, or agent of a corporation who willfully authorizes, orders, or carries out a violation shall pay a civil penalty of not less than $100 or more than $5,000 for the violation and an additional civil penalty of not less than $100 or more than $5,000 for each day during which a violation continues and may be enjoined from continuing such violations as hereinafter provided in this section. Any person or operator who fails to correct a violation within the period permitted by law, rule of the board or department, or order of the commissioner shall be assessed a penalty of not less than $750 for each day, *up to 30 days*, during which such failure or violation continues. The period permitted for correction of a violation shall not, in the case of any review proceeding under 82-4-251(6), end until entry of a final order suspending the abatement

HeinOnline -- 1985 vol. I 389 1985

requirements or until entry of an order of court ordering suspension of the abatement requirements. *If the failure to abate continues for more than 30 days, the department shall, within 30 days after such 30-day period, take appropriate action pursuant to 82-4-251(3) or request action under subsection (4) or (6).*

(2) The department may waive the civil penalty for a minor violation of this part, a rule or order adopted under this part, or a term or condition of a permit if the department determines such violation is not of potential harm to public health, public safety, or the environment or impairs the administration of this part. The board of land commissioners shall adopt rules to implement and administer a procedure for waiver of a penalty under this subsection.

(3) The department shall notify the person or operator of the violation. The person or operator shall by filing a written request within 20 days of receipt of the notice of violation be entitled to a hearing on the issues of whether the alleged violation has occurred and whether the penalty proposed to be assessed is proper. The department shall issue a statement of proposed penalty no more than 10 days after notice of violation. After the hearing or after the time for requesting a hearing has expired, the board shall make findings of fact and shall issue a written decision as to the occurrence of the violation and the amount of penalty warranted and shall order the payment of a penalty in that amount. The person or operator shall remit the amount of the penalty within 30 days of the order. If the person or operator wishes to obtain judicial review of the assessment, he shall submit with the penalty a statement that the penalty is being paid under protest and the department shall hold the payment in escrow until judicial review is complete. Any person or operator who fails to request and submit testimony at the hearing provided for in this subsection or who fails to pay the assessed penalty under protest within 30 days of the order assessing the penalty forfeits his right to seek judicial review of the violation or penalty determinations. These penalties are recoverable in any action brought in the name of the state of Montana by the attorney general in the district court of the first judicial district of this state, in and for the county of Lewis and Clark, or the district having jurisdiction over the defendant.

(4) The attorney general shall, upon request of the commissioner, sue for the recovery of the penalties provided for in this section and bring an action for a restraining order or temporary or permanent injunction against an operator or other person who:

(a) violates, threatens to violate, or fails or refuses to comply with any order or decision issued under this part;

(b) interferes with, hinders, or delays the department in carrying out the provisions of the part;

(c) refuses to admit an authorized representative of the department to the permit area;

(d) refuses to permit inspection of the permit area by an authorized representative of the department;

HeinOnline -- 1985 vol. I 390 1985

(e) refuses to furnish any information or report requested by the department in furtherance of the provisions of this part;

(f) refuses to permit access to and copying of such records as the department determines to be necessary in carrying out the provisions of this part.

(5) Any relief granted by a court under subsection (4)(a) continues in effect until the completion or final termination of all proceedings for review of such under this part unless, prior thereto, the district court granting the relief sets it aside or modifies it.

(6) A person who violates any of the provisions of this part or any determination or order adopted under this part or who willfully violates any permit condition issued under this part is guilty of a misdemeanor and shall be fined not less than $500 and not more than $10,000 or imprisoned for not more than 1 year, or both. Each day on which the violation occurs constitutes a separate offense.

(7) Any person who knowingly makes any false statement, representation, or certification or knowingly fails to make any statement, representation, or certification in any application, record, report, plan, or other document filed or required to be maintained pursuant to this part shall upon conviction be punished by a fine of not more than $10,000 or by imprisonment for not more than 1 year, or both.

(8) Any person who except as permitted by law willfully resists, prevents, impedes, or interferes with the department or its agents in the performance of duties pursuant to this part shall be punished by a fine of not more than $5,000 or by imprisonment for not more than 1 year, or both.

(9) No employee of the department performing any function or duty under this part shall have a direct or indirect financial interest in any strip- or underground-coal-mining operation. Whoever knowingly violates the provisions of this subsection shall upon conviction be punished by a fine of not more than $2,500 or by imprisonment of not more than 1 year, or both."

Section 2. **Extension of authority.** Any existing authority of the department of state lands or the board of land commissioners to make rules on the subject of the provisions of this act is extended to the provisions of this act.

HeinOnline -- 1985 vol. I 391 1985

bond, when required under this part, shall have been canceled or terminated, or who shall neglect to furnish other proof upon request of the division shall immediately return his license to the division. If any person shall fail to return to the division the license as provided herein, the division shall forthwith direct any peace officer or highway patrolman to secure possession thereof and to return the same to the division."

Section 2. Section 61-6-122, MCA, is amended to read:

"61-6-122. Suspension for nonpayment of judgments — exceptions. (1) The division, upon the receipt of a certified copy of a judgment, shall forthwith suspend the license and any nonresident's operating privilege of any person against whom such judgment was rendered, except as hereinafter otherwise provided in this section and in 61-6-125.

(2) If the judgment creditor consents in writing, in such form as the division may prescribe, that the judgment debtor be allowed license or nonresident's operating privilege, the same may be allowed by the division, in its discretion, for 6 months from the date of such consent and thereafter until such consent is revoked in writing notwithstanding default in the payment of such judgment, or of any installments thereof prescribed in 61-6-125, provided the judgment debtor furnishes proof of financial responsibility."

Section 3. Section 61-6-125, MCA, is amended to read:

"61-6-125. Installment payment of judgments — default. (1) A judgment debtor upon due notice to the judgment creditor may apply to the court in which such judgment was rendered for the privilege of paying such judgment in installments and the court, in its discretion and without prejudice to any other legal remedies which the judgment creditor may have, may so order and fix the amounts and times of payment of the installments.

(2) The division shall not suspend a license or a nonresident's operating privilege and shall restore any license or nonresident's operating privilege suspended following nonpayment of a judgment, when the judgment debtor gives proof of financial responsibility and obtains such an order permitting the payment of such judgment in installments, and while the payment of any said installment is not in default.

(3) In the event the judgment debtor fails to pay any installment as specified by such order, then upon notice of such default, the division shall forthwith suspend the license or nonresident's operating privilege of the judgment debtor until such judgment is satisfied, as provided in this part."

Section 4. Section 61-6-131, MCA, is amended to read:

"61-6-131. When proof of financial responsibility required. (1) Whenever the division under any of the laws of this state revokes the license of any person, *such* license shall remain revoked and shall not at any time thereafter be renewed nor shall any license be thereafter issued to such person until permitted under the motor vehicle laws of this state and not then unless and until he shall give and thereafter maintain proof of financial responsibility.

HeinOnline -- 1985 vol. I 392 1985

(2) If a person is not licensed, but by the final order or judgment is convicted of or forfeits any bail or collateral deposited to secure an appearance for trial for any offense requiring the revocation of a license, no license shall be thereafter issued to such person until he shall give and thereafter maintain proof of financial responsibility.

(3) Whenever the division revokes a nonresident's operating privilege by reason of a conviction or forfeiture of bail, such privilege shall remain so revoked unless such person shall have previously given or shall immediately give and thereafter maintain proof of financial responsibility."

Section 5. Section 61-6-133, MCA, is amended to read:

"61-6-133. Certificate of insurance as proof. Proof of financial responsibility may be furnished by filing with the division the written certificate of any insurance carrier duly authorized to do business in this state certifying that there is in effect a motor vehicle liability policy for the benefit of the person required to furnish proof of financial responsibility. Such certificate shall give the effective date of such motor vehicle liability policy, which date shall be the same as the effective date of the certificate, and shall designate by explicit description or by appropriate reference all motor vehicles covered thereby, unless the policy is issued to a person who is not the owner of a motor vehicle."

Section 6. Section 61-6-138, MCA, is amended to read:

"61-6-138. Money or securities as proof of responsibility. (1) Proof of financial responsibility may be evidenced by the certificate of the state treasurer that the person named therein has deposited with him *$55,000* in cash, or securities such as may legally be purchased by savings banks or for trust funds of a market value of *$55,000*. The state treasurer shall not accept any such deposit and issue a certificate therefor and the division shall not accept such certificate unless accompanied by evidence that there are no unsatisfied judgments of any character against the depositor in the county where the depositor resides.

(2) Such deposit shall be held by the state treasurer to satisfy, in accordance with the provisions of this part, any execution on a judgment issued against such person making the deposit, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damages because of injury to or destruction of property, including the loss of use thereof, resulting from the ownership, maintenance, use, or operation of a motor vehicle after such deposit was made. Money or securities so deposited shall not be subject to attachment or execution unless such attachment or execution shall arise out of a suit for damages as aforesaid."

Section 7. Section 61-6-142, MCA, is amended to read:

"61-6-142. Duration of proof — when money or securities may be canceled or returned. (1) The division shall direct and the state treasurer shall return to the person entitled thereto any money or securities deposited pursuant to this part as proof of financial responsibility, or the division shall waive the requirement of filing proof under this part, in any of the following events:

HeinOnline -- 1985 vol. I 393 1985

(a) at any time after 3 years from the date such proof was required when during the 3-year period preceding the request the division has not received record of a conviction or a forfeiture of bail which would require or permit the suspension or revocation of the license or nonresident's operating privilege of the person by or for whom such proof was furnished;

(b) in the event of the death of the person on whose behalf such proof was filed or the permanent incapacity of such person to operate a motor vehicle; or

(c) in the event the person who has given proof surrenders his license to the division.

(2) However, the division shall not consent to the return of any money or securities in the event any action for damages upon a liability covered by such proof is then pending or any judgment upon any such liability is then unsatisfied, or in the event the person who has deposited such money or securities has, within 1 year immediately preceding such request been involved as an operator or owner in any motor vehicle accident resulting in injury or damage to the person or property of others. An affidavit of the applicant as to the nonexistence of such facts, or that he has been released from all of his liability, or has been finally adjudicated not to be liable for such injury or damage, shall be sufficient evidence thereof in the absence of evidence to the contrary in the records of the division.

(3) Whenever any person whose proof has been canceled or returned under subsection (1)(c) of this section applies for a license within a period of 3 years from the date proof was originally required, any such application shall be refused unless the applicant complies with the insurance or bond requirements under 61-6-301 and 61-6-302."

Section 8. Section 61-6-151, MCA, is amended to read:

"61-6-151. Violations — penalties. (1) Any person who shall forge or, without authority, sign any evidence of proof of financial responsibility or who files or offers for filing any such evidence of proof knowing or having reason to believe that it is forged or signed without authority shall be fined not more than $1,000 or imprisoned for not more than 1 year or both.

(2) Any person whose license or nonresident's operating privilege has been suspended or revoked under this part and who, during such suspension or revocation drives any motor vehicle upon any highway or knowingly permits any motor vehicle owned by such person to be operated by another upon any highway, except as permitted under this part, shall be fined not more than $500 or imprisoned not exceeding 6 months or both.

(3) Any person willfully failing to return a license as required in 61-6-112 shall be fined not more than $500 or imprisoned not to exceed 30 days or both.

(4) Any person who shall violate any provision of this part for which no penalty is otherwise provided shall be fined not more than $500 or imprisoned not more than 90 days or both."

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 19-4-101, MCA, is amended to read:

HeinOnline -- 1985 vol. I 408 1985

(1) "Accumulated contributions" means the sum of all the amounts deducted from the compensation of a member or paid by a member and credited to his individual account in the annuity savings fund, together with interest. Regular interest shall be computed and allowed to provide a benefit at the time of retirement.

(2) "Actuarial equivalent" means a benefit of equal value when computed, with regular interest, on the basis of the mortality tables adopted by the retirement board.

(3) "Annuity" means the payments made to a beneficiary for life which are derived from a member's accumulated contributions.

(4) "Annuity reserve" means the present value of all payments to be made on account of a member's annuity computed, with regular interest, on the basis of the mortality tables adopted by the retirement board.

(5) (a) "Average final compensation" means the average of the earned compensation of a member during the 3 consecutive years of full-time service which yield the highest average and on which contributions have been made as required by 19-4-602(1). If the earned compensation includes any termination pay, the member shall select one of the following options:

(i) use the total termination pay in the calculation of the average final compensation. The member and the employer shall pay such contributions to the retirement system as are determined by the board to adequately compensate the system for the additional retirement benefit. The contributions must be made at the time the termination pay is received.

(ii) use a yearly amount of termination pay added to each of the 3 consecutive years' salary used in the calculation of the average final compensation, *if the member has 4 or more years of service with the employer from which the termination pay was received.* The amount of such compensation used in the calculation of average final compensation must be divided by the total number of years of creditable service to determine a yearly amount. The member and the employer must pay *contributions* on the termination pay *according to the rates provided for in 19-4-602(1) and 19-4-605(1)*; or

(iii) exclude the termination pay from the average final compensation. No contribution is required of either the employer or member.

(b) For purposes of this subsection, termination pay includes any form of termination pay or any lump-sum payment for deferred compensation, sick leave, or accumulated vacation credit, or any other payment for time not worked other than compensation received while on sick leave or authorized leave of absence.

(6) "Beneficiary" means a person in receipt of a pension, annuity, retirement allowance, or other benefit provided by the retirement system.

(7) "Creditable service" is that service defined by 19-4-401.

Section 3. **Text of compact.** The interstate mutual aid compact referred to in 10-3-204 and 10-3-205 reads as follows:

INTERSTATE MUTUAL AID COMPACT

Article I

The purpose of this compact is to provide voluntary assistance among participating states in responding to any disaster or imminent disaster that overextends the ability of local and state governments to reduce, counteract, or remove the danger. Assistance may include but is not limited to rescue, fire, police, medical, communication, and transportation services and facilities to cope with problems which require use of special equipment, trained personnel, or personnel in large numbers not locally available.

Article II

Article I, section 10, of the Constitution of the United States permits a state to enter into an agreement or compact with another state, subject to the consent of congress. Congress, through enactment of 50 U.S.C. 2281(g) and 2283 and the executive branch, by issuance of Executive Orders No. 10186 of December 1, 1950, encourages the states to enter into emergency, disaster, and civil defense mutual aid agreements or pacts.

Article III

It is agreed by participating states that the following conditions will guide implementation of the compact:

(1) Participating states through their designated officials are authorized to request and receive assistance from a participating state. Requests will be granted only if the requesting state is committed to the mitigation of the emergency and other resources are not immediately available.

(2) Requests for assistance may be verbal or in writing. If the request is made by other than written communication, it must be confirmed in writing as soon as practical after the request. A written request shall provide an itemization of equipment and operators, types of expertise, and personnel or other resources needed. Each request must be signed by an authorized official.

(3) Personnel and equipment of the aiding state made available to the requesting state shall, whenever possible, remain under the control and direction of the aiding state. The activities of personnel and equipment of the aiding state must be coordinated by the requesting state.

(4) An aiding state has the right to withdraw some or all of its personnel and equipment whenever the personnel and equipment are needed by

HeinOnline -- 1985 vol. I 415 1985

that state. Notice of intention to withdraw should be communicated to the requesting state as soon as possible.

Article IV

(1) The requesting state shall reimburse the aiding state as soon as possible after the receipt by the requesting state of an itemized voucher requesting reimbursement of costs.

(2) Any state rendering aid pursuant to this compact must be reimbursed by the state receiving such aid for any damage to, loss of, or expense incurred in the operation of any equipment used in responding to a request for aid, and for the cost incurred in connection with such requests.

(3) Any state rendering aid pursuant to this compact must be reimbursed by the state receiving such aid for the cost of compensation and death benefits to injured officers, agents, or employees and their dependents or representatives if such officers, agents, or employees sustain injuries or are killed while rendering aid pursuant to this arrangement and such payments are made in the same manner and on the same terms as if the injury or death were sustained within the aiding state.

Article V

(1) All privileges and immunities from liability, exemptions from law, ordinances, and rules and all pension, disability relief, workers' compensation, and other benefits that apply to the activity of officers, agents, or employees when performing their respective functions within the territorial limits of their respective political subdivisions apply to them to the same extent while engaged in the performance of any of their functions and duties extraterritorially under the provisions of this compact.

(2) All privileges and immunities from liability, exemptions from law, ordinances, and rules and workers' compensation and other benefits that apply to duly enrolled or registered volunteers when performing their respective functions at the request of their state and within its territorial limits apply to the same extent while performing their functions extraterritorially under the provisions of this compact. Volunteers may include but are not limited to physicians, surgeons, nurses, dentists, structural engineers, and trained search and rescue volunteers.

(3) The signatory states, their political subdivisions, municipal corporations, and other public agencies shall hold harmless the corresponding entities and personnel thereof from the other state with respect to the acts and omissions of its own agents and employees that occur while providing assistance pursuant to the common plan.

(4) Nothing in this arrangement may be construed as repealing or impairing any existing interstate mutual aid agreements.

(5) Upon enactment of this compact by two or more states, and annually by each January 1 thereafter, the participating states will exchange with each other the names of officials designated to request and provide services under this arrangement. In accordance with the cooperative nature of this arrangement, it is permissible and desirable for the states to

HeinOnline -- 1985 vol. I 416 1985

exchange operational procedures to be followed in requesting assistance and reimbursing expenses.

(6) This compact becomes effective and is binding upon the states so acting when it has been enacted into law by any two states. Thereafter, this compact becomes effective and binding as to any other state upon similar action by such state.

(7) This compact remains binding upon a party state until it enacts a law repealing the compact and providing for the sending of formal written notice of withdrawal from the compact to the appropriate officials of all other party states. An actual withdrawal may not take effect until the 30th consecutive day after the notice has been sent. Such withdrawal does not relieve the withdrawing state from its obligations assumed under this compact prior to the effective date of withdrawal.

Section 4. The department of military affairs may adopt rules necessary to implement the interstate mutual aid compact.

Section 5. **Repealer.** Section 10-3-206, MCA, is repealed.

(a) sooner than 6 months after the date of the second failure; or

(b) until he has taken 200 hours additional training at a registered school of cosmetology approved by the board.

(3) Anyone failing twice to pass the examination for a license to teach cosmetology must wait 1 year before reapplying to take the examination. Upon reapplying, the applicant must provide certification of completion of 500 hours of teacher training during that year in a registered school licensed as a teacher training unit.

(4) Physically handicapped persons trained for cosmetology by the department of social and rehabilitation services shall, for a period of 1 year immediately following their graduation, be exempt from the examination and the fees described in 37-31-323. On certification from the department of social and rehabilitation services that a department of social and rehabilitation services beneficiary has successfully completed the required apprenticeship or training in a shop or beauty school, the department shall issue the person the necessary certificate or license to practice the profession in this state."

Section 5. Section 37-31-312, MCA, is amended to read:

"37-31-312. Inspection. (1) The department shall appoint one or more inspectors, each of whom shall devote his time to inspecting beauty parlors and performing other duties as the department may direct. The inspectors may enter a beauty parlor or school of cosmetology during business hours for the purpose of inspection, and the refusal of a licensee to permit the inspection during business hours is cause for revocation of the license.

(2) Upon application for a license, any cosmetological establishment must pay an initial inspection fee prescribed by the board.

(3) The board may authorize the department to grant to a cosmetological establishment, upon payment of the initial inspection fee, a temporary permit authorizing the cosmetological establishment to operate for a period of not to exceed 90 days or until the inspector is able to make the inspection, whichever event occurs first. This temporary permit is not renewable.

(4) The board shall conduct an annual inspection of each cosmetology establishment in the state."

Section 6. Section 37-31-322, MCA, is amended to read:

"37-31-322. Renewal — continuing education — delinquency fee. (1) Licenses and certificates may be issued for no longer than 1 year unless otherwise provided by rule. Licenses and certificates expire on December 31 unless otherwise provided by rule or renewed for the next year or renewal period. Licenses and certificates may be renewed by application made prior to December 31 of each year, unless otherwise provided, and the payment of a required renewal fee. Expired licenses and certificates may be renewed under rules made by the board, but the right to renew an expired license or certificate terminates after 10 years of nonpayment. The board may provide by rule for a change in the renewal date and renewal period for the manager-operator and salon owner category. The renewal fee

HeinOnline -- 1985 vol. I 473 1985

may not exceed twice the fee for a 2-year renewal or three times the fee for a 3-year renewal and shall be as set by the board.

(2) In addition to the foregoing requirements for renewal, persons applying for the renewal of teachers' licenses must have fulfilled the following additional requirements:

(a) During each year, an active teacher, either full-time or part-time, must have successfully completed 30 hours' professional teacher training at a school approved by the board.

(b) A person holding a teacher's license but not actively engaged either full-time or part-time in teaching cosmetology during the preceding year may renew the license by paying the required fee. A person holding a teacher's license but not actively engaged in teaching cosmetology either full-time or part-time for the preceding year or longer and wishing to resume active teaching of cosmetology must successfully complete 30 hours' professional teacher training at a school approved by the board before resuming active teaching. However, the foregoing provisions do not prevent the board, under rules it adopts, from permitting a person holding a teacher's license and not actively engaged either full-time or part-time in teaching cosmetology from teaching as a substitute for an active teacher.

(3) A fee prescribed by the board shall be charged, in addition to other fees fixed by law, for renewal applications of licenses and certificates made after December 31 of each year or other predetermined renewal deadline."

Section 7. **Extension of authority.** Any existing authority of the board of cosmetologists to make rules on the subject of the provisions of this act is extended to the provisions of this act.

Section 8. **Effective date.** This act is effective on passage and approval.

Approved March 29, 1985.

(2) The net general fund levy requirement determined in subsection (1)(c) shall be reported to the county commissioners on the second Monday of August by the county superintendent as the general fund levy requirement for the district, and a levy shall be made by the county commissioners in accordance with 20-9-142."

Section 2. Section 20-9-331, MCA, is amended to read:

"20-9-331. Basic county tax and other revenues for county equalization of the elementary district foundation program. (1) It shall be the duty of the county commissioners of each county to levy an annual basic tax of 28 mills on the dollars of the taxable value of all taxable property within the county for the purposes of local and state foundation program support. The revenue to be collected from this levy shall be apportioned to the support of the foundation programs of the elementary school districts in the county and to the state special revenue fund, state equalization aid account, in the following manner:

(a) In order to determine the amount of revenue raised by this levy which is retained by the county, the sum of the estimated revenues identified in subsections (2)(a) through (2)*(e)* below shall be subtracted from the sum of the county elementary transportation obligation and the total of the foundation programs of all elementary districts of the county.

(b) If the basic levy prescribed by this section produces more revenue than is required to finance the difference determined above, the county commissioners shall order the county treasurer to remit the surplus funds to the state treasurer for deposit to the state special revenue fund, state equalization aid account, not later than June 1 of the fiscal year for which the levy has been set.

(2) The proceeds realized from the county's portion of the levy prescribed by this section and the revenues from the following sources shall be used for the equalization of the elementary district foundation programs of the county as prescribed in 20-9-334, and a separate accounting shall be kept of such proceeds and revenues by the county treasurer in accordance with 20-9-212(1):

(a) the portion of the federal Taylor Grazing Act funds distributed to a county and designated for the common school fund under the provisions of 17-3-222;

(b) the portion of the federal flood control act funds distributed to a county and designated for expenditure for the benefit of the county common schools under the provisions of 17-3-232;

(c) all money paid into the county treasury as a result of fines for violations of law and the use of which is not otherwise specified by law;

(d) any money remaining at the end of the immediately preceding school fiscal year in the county treasurer's account for the various sources of revenue established or referred to in this section; and

HeinOnline -- 1985 vol. I 479 1985

(e) any federal or state money, including anticipated *or reappropriated* motor vehicle fees and reimbursement under the provisions of 61-3-532 and 61-3-536, distributed to the county as payment in lieu of the property taxation established by the county levy required by this section."

Section 3 Section 20-9-333, MCA, is amended to read:

"20-9-333. Basic special levy and other revenues for county equalization of high school district foundation program. (1) It shall be the duty of the county commissioners of each county to levy an annual basic special tax for high schools of 17 mills on the dollar of the taxable value of all taxable property within the county for the purposes of local and state foundation program support. The revenue to be collected from this levy shall be apportioned to the support of the foundation programs of high school districts in the county and to the state special revenue fund, state equalization aid account, in the following manner:

(a) In order to determine the amount of revenue raised by this levy which is retained by the county, the estimated revenues identified in subsections (2)(a) and (2)(b) below shall be subtracted from the sum of the county's high school tuition obligation and the total of the foundation programs of all high school districts of the county.

(b) If the basic levy prescribed by this section produces more revenue than is required to finance the difference determined above, the county commissioners shall order the county treasurer to remit the surplus to the state treasurer for deposit to the state special revenue fund, state equalization aid account, not later than June 1 of the fiscal year for which the levy has been set.

(2) The proceeds realized from the county's portion of the levy prescribed in this section and the revenues from the following sources shall be used for the equalization of the high school district foundation programs of the county as prescribed in 20-9-334, and a separate accounting shall be kept of these proceeds by the county treasurer in accordance with 20-9-212(1):

(a) any money remaining at the end of the immediately preceding school fiscal year in the county treasurer's account for deposit of the proceeds from the levy established in this section; and

(b) any federal or state moneys, including anticipated *or reappropriated* motor vehicle fees and reimbursement under the provisions of 61-3-532 and 61-3-536, distributed to the county as a payment in lieu of the property taxation established by the county levy required by this section."

Section 4. Section 20-9-352, MCA, is amended to read:

"20-9-352. Permissive amount and permissive levy. (1) Whenever the trustees of any district shall deem it necessary to adopt a general fund budget in excess of the foundation program amount but not in excess of the maximum general fund budget amount for such district as established by the schedules in 20-9-316 through 20-9-321, the trustees shall adopt a resolution stating the reasons and purposes for exceeding the foundation program amount. Such excess above the foundation program

HeinOnline -- 1985 vol. I 480 1985

amount shall be known as the "permissive amount", and it shall be financed by a levy on the taxable value of all taxable property within the district as prescribed in 20-9-141, supplemented with any biennial appropriation by the legislature for this purpose.

(2) The district levies to be set for the purpose of funding the permissive amount are determined as follows:

(a) For each elementary school district, the county commissioners shall annually set a levy not exceeding 6 mills on all the taxable property in the district for the purpose of funding the permissive amount of the district. The permissive levy in mills shall be obtained by multiplying the ratio of the permissive amount to the maximum permissive amount by 6 or by using the number of mills which would fund the permissive amount, whichever is less. If the amount of revenue raised by this levy, plus anticipated *or reappropriated* motor vehicle fees and reimbursement under the provisions of 61-3-532 and 61-3-536, is not sufficient to fund the permissive amount in full, the amount of the deficiency shall be paid to the district from the state special revenue fund according to the provisions of 20-9-351 and subsection (3) of this section.

(b) For each high school district, the county commissioners shall annually set a levy not exceeding 4 mills on all taxable property in the district for the purpose of funding the permissive amount of the district. The permissive levy in mills shall be obtained by multiplying the ratio of the permissive levy to the maximum permissive amount by 4 or by using the number of mills which would fund the permissive amount, whichever is less. If the amount of revenue raised by this levy, plus anticipated motor vehicle fees and reimbursement under the provisions of 61-3-532 and 61-3-536, is not sufficient to fund the permissive amount in full, the amount of the deficiency shall be paid to the district from the state special revenue fund according to the provisions of 20-9-351 and subsection (3) of this section. The superintendent of public instruction shall, if the appropriation by the legislature for the permissive account [program] for the biennium is insufficient, request the budget director to submit a request for a supplemental appropriation in the second year of the biennium.

(3) Such distribution shall be made in two payments. The first payment shall be made at the same time as the first distribution of state equalization aid is made after January 1 of the fiscal year. The second payment shall be made at the same time as the last payment of state equalization aid is made for the fiscal year. If the appropriation is not sufficient to finance the deficiencies of the districts as determined according to subsection (2), each district will receive the same percentage of its deficiency. Surplus revenue in the second year of the biennium may be used to reduce the appropriation required for the next succeeding biennium or may be transferred to the state equalization aid state special revenue fund if revenues in that fund are insufficient to meet foundation program requirements."

Section 5. **Effective date.** This act is effective on passage and approval.

Approved March 29, 1985.

AN ACT AUTHORIZING AN ASSESSMENT OPTION BASED UPON WATER METER SIZE TO BE USED IN ASSESSING COSTS IN FIRE HYDRANT MAINTENANCE DISTRICTS; AMENDING SECTION 7-12-4611, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 7-12-4611, MCA, is amended to read:

"7-12-4611. Resolution for assessment — assessment options. The city or town council shall estimate, as nearly as practicable, the entire cost of installing and maintaining fire hydrants each year and the portion thereof to be assessed against the property within the district. Before the first Monday in October, the council must pass and finally adopt a resolution levying and assessing the property within the district. The city or town council, for the purpose of making the assessment, shall adopt one of the following methods:

(1) The council may assess the cost of fire hydrant installation and maintenance against the entire district, each lot or parcel of land within the district to be assessed for that part of the whole cost which its area bears to the area of the entire district, exclusive of streets, avenues, alleys, and public places.

(2) The council may assess the cost of fire hydrant installation and maintenance against the entire district, each lot or parcel of land within the district bordering or abutting on the streets where fire hydrants are located to be assessed in its lineal proportion to the total lineal feet bordering or abutting on such streets.

(3) If the city council determines that the area, frontage, or combination options are inequitable, it may assess the cost of fire hydrant installation and maintenance:

(a) against the entire district, each lot or parcel of land within such district to be assessed for that part of the whole cost that its taxable valuation, including improvements, bears to the taxable valuation of the entire district; *or*

(b) against the entire district, each lot or parcel of land receiving service within the district to be assessed by apportioning the whole cost according to a ratio between the water meter size servicing each lot or parcel and the whole cost."

AN ACT TO REQUIRE THAT THE STATE'S ACCOUNTING SYSTEM BE ESTABLISHED AND STATE AGENCY FINANCIAL RECORDS AND REPORTS BE PREPARED IN ACCORDANCE WITH GENERALLY ACCEPTED ACCOUNTING PRINCIPLES; AND AMENDING SECTIONS 17-1-102 AND 17-2-110, MCA.

Section 1. Section 17-1-102, MCA, is amended to read:

"17-1-102. Uniform accounting system and expenditure control. (1) The department shall establish a system of financial control so that the functioning of the various agencies of the state may be improved, duplications of work by different state agencies and employees eliminated, public service improved, and the cost of government reduced.

(2) The department shall prescribe and install uniform accounting and reporting for all state agencies and institutions, showing the receipt, use, and disposition of all public money and property *in accordance with generally accepted accounting principles*, and shall develop plans for improvements and economies in the organization and operation thereof, which shall be submitted to the respective heads of agencies and institutions. Copies of all such plans shall be delivered to the governor, and additional copies shall be retained in the office of the department for inspection by the members of the legislature.

(3) The department shall examine all financial affairs of every state agency and institution for the purpose of developing plans for improvements and economies in the organization and operation thereof and for the purpose of enabling the department to properly perform any of the duties imposed upon the department by this part.

(4) All state agencies, including units of the university system and the vocational-technical centers, shall input all necessary transactions to the accounting system prescribed in subsection (2) before the accounts are closed at the end of the fiscal year in order to present the receipt, use, and disposition of all money and property for which the agency is accountable in accordance with generally accepted accounting principles, except that for budgetary control purposes, encumbrances which are required by generally accepted accounting principles to be reported as a reservation of fund balance shall be recorded as expenditures and liabilities on the accounting records."

Section 2. Section 17-2-110, MCA, is amended to read:

"17-2-110. Fiscal year and financial reports. (1) The fiscal year for state purposes commences on July 1 of each year and ends on June 30 of each year.

(2) At the close of each fiscal year the fiscal records of each state office, department, bureau, commission, institution, university unit, *vocational--technical center*, and agency (hereinafter collectively referred to as "state agency") shall be closed as of the end of the fiscal year. Each state agency shall prepare such financial statements and reconciliations for the fiscal year as the department of administration may prescribe. These financial reports are to be completed and distributed not more than 31 days following the close of each fiscal year. The department of administration may extend this time limit if a state agency can show necessity therefor.

(3) The reports are to be distributed to the department of administration and the legislative auditor and any other state agency the department of administration may prescribe. It is the intent of this provision that these reports accurately and comprehensively present the financial activities of the reporting state agency *in accordance with generally accepted accounting principles* so that the reports can be effectively utilized by the executive and legislative branches of state government.

(4) Upon consolidation of the reports, the annual financial report by the department of administration will be available for other individuals and organizations interested in the financial affairs of the state of Montana."

CHAPTER NO. 268

[HB 831]

AN ACT REDEFINING THE OFFENSE OF INTIMIDATION TO LIMIT THE OFFENSE TO A THREAT TOWARD ANOTHER PERSON UNDER CIRCUMSTANCES WHICH REASONABLY TEND TO PRODUCE A FEAR THAT THE THREAT WILL BE ACCOMPLISHED; REVISING STATUTORY LANGUAGE TO CONFORM WITH THE REQUIREMENTS OF WURTZ V. RISLEY, 719 F2D 1438 (9TH CIR. 1983); AND AMENDING SECTION 45-5-203, MCA.

WHEREAS, section 45-5-203, MCA, provides that a person commits the offense of intimidation when, with the purpose to cause another to perform or omit the performance of any act, he communicates to another a threat to commit an act; and

WHEREAS, the language in section 45-5-203, MCA, is not narrowly drawn to punish only those threats that have a reasonable tendency to produce or instill fear in the victim, which threats traditionally have been punishable; and

WHEREAS, in Wurtz v. Risley, 719 F2d 1438 (9th Cir. 1983), the U.S. Ninth Circuit Court of Appeals held that subsection 45-5-203(1)(c), MCA, is aimed at "pure speech" rather than conduct; has an overbreadth that is

HeinOnline -- 1985 vol. I 484 1985

real and substantial in relation to the statute's legitimate sweep; has a chilling effect forbidden by the first amendment of the U.S. Constitution; and, in the absence of any narrowing construction or tightly drawn language, is void on its face for overbreadth; and

WHEREAS, in its holding in Wurtz v. Risley, the court said that the statutory language of subsection 45-5-203(1)(c), MCA, applied so broadly to threats of minor infractions, threats not reasonably likely to induce a belief that the threats would be carried out, and threats unrelated to any induced or threatened action, that a great deal of protected speech was brought within the statute; and

WHEREAS, the court in Wurtz v. Risley did not address the issue of overbreadth in the remainder of section 45-5-203, MCA, but in its dicta said that a threat must be distinquished from what is constitutionally protected speech, and that threats punishable without violation of the first amendment must contain the reasonable tendency that the threat will produce or instill in the victim fear that the threat will be carried out; and

WHEREAS, section 45-5-203, MCA, may contain language that defines elements of the offense of intimidation so that the statute applies too broadly or infringes on protected speech.

THEREFORE, the Legislature of the State of Montana finds it appropriate to amend section 45-5-203, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 45-5-203, MCA, is amended to read:

"**45-5-203. Intimidation.** (1) A person commits the offense of intimidation when, with the purpose to cause another to perform or to omit the performance of any act, he communicates to another, *under circumstances which reasonably tend to produce a fear that it will be carried out,* a threat to perform without lawful authority any of the following acts:

(a) inflict physical harm on the person threatened or any other person;

(b) subject any person to physical confinement or restraint; *or*

(c) commit any *felony.*

(2) A person commits the offense of intimidation if he knowingly communicates a threat or false report of a pending fire, explosion, or disaster which would endanger life or property.

(3) A person convicted of the offense of intimidation shall be imprisoned in the state prison for any term not to exceed 10 years or be fined an amount not to exceed $50,000, or both."

Approved March 29, 1985.

(3) If a barber *or* barber instructor, after securing his certificate, contracts a communicable, infectious, or contagious disease endangering the public health, the board of barbers shall revoke or suspend his certificate of registration until the board has satisfactory proof that the barber *or* barber instructor is no longer afflicted with the communicable, infectious, or contagious disease."

In those areas where the division provides driver licensing services 3 days or more a week the division is responsible for sale of receipts and may not appoint an agent. The division, upon receipt of payment of the fees specified in this section, shall issue to every applicant qualifying therefor an operator's or chauffeur's license as applied for. Such licenses shall contain a *full-face* photograph of the licensee in the size and form as prescribed by the division, *except as provided in subsection (4);* a distinguishing number issued to the licensee; the full name, date of birth, residence address, and a brief description of the licensee; and either a facsimile of the signature of the licensee or a space upon which he shall write his signature in pen and ink immediately upon receipt of the license. No license shall be valid until it has been so signed by the licensee. Five percent of the license fees collected by the county treasurer shall be deposited by the county treasurer for the use of the county general fund. In the event no agent is appointed under this section, 5% of the license fees collected by the division shall be retained by the division to defray the cost of handling.

(2) The division shall, when any person applies for renewal of an operator's or chauffeur's license, test the applicant's eyesight and may also in the division's discretion have the applicant demonstrate his physical ability to operate and to exercise ordinary and reasonable care in the operation of a motor vehicle. Any license so designated and marked may be suspended by the division for a period of not more than 12 months, when its records disclose that the licensee, subsequent to the issuance of such license, has been guilty of careless or negligent driving. Upon renewal as applicable to operator's licenses, the division may, for any reasonable cause as shown by its records, designate the renewal of the license as provisional; otherwise, a license in usual form shall be issued subject to other provisions of the laws of Montana.

(6) It shall be unlawful for any person to have in his possession or under his control more than one Montana operator's or chauffeur's license at any one time. A license is not valid for the operation of a motorcycle until the holder thereof has completed the requirements of 61-5-110 and the license has been clearly marked with the words "motorcycle endorsement".

(7) Fees for driver's licenses shall be as follows:

(b) motorcycle endorsement — 50 cents per year or fraction thereof.

(8) The county treasurer or other agent of the division collecting such fees shall retain 5% of each fee for the use of the county general fund and shall transmit the remainder to the state treasurer, who shall deposit to the credit of the state general fund all money received by him from the collection of the fees."

Section 2. **Coordination instruction.** If Article II, section 14, of the Montana constitution is amended by the electorate to permit the legislature to establish 21 years as the legal age for consuming alcoholic beverages, the phrase "19 years" in 61-5-111(4) must be changed to "21 years".

A dealer's license must be renewed and paid for annually, and an application for relicensure must be filed not later than January 1 of each year. (v) execute a certificate to the effect that the applicant has a bona fide service department for the repair, service, and maintenance of motor vehicles; and

(vi) execute a certificate to the effect that the applicant is a bona fide dealer in new motor vehicles and that he is recognized by a manufacturer, importer, or distributor as a dealer in new motor vehicles.

(b) To qualify as a used motor vehicle dealer and for the use of "UD" plates or as a recreational vehicle, trailer, semitrailer, or special mobile equipment dealer and for the use of "DTR" plates or as a motorcycle dealer and for the use of "MCD" plates, the applicant must, in addition to the matters set forth in subsections (i) and (ii) of subsection (2)(a) above, provide:

(ii) a certificate to the effect that the applicant is a bona fide dealer in used motor vehicles, recreational vehicles, trailers, semitrailers, special mobile equipment, or motorcycles. An applicant for a recreational vehicle dealer license must also indicate on the same certificate that he is recognized by a manufacturer, importer, or distributor as a dealer in recreational vehicles.

(c) To qualify for a used motor vehicle dealer's license, a person must submit an annual application for that license and comply with the provisions of 61-4-102(5) in addition to fulfilling the requirements of subsection (2)(b) above.

(d) The provisions of subsection (2)(c) above do not apply to an applicant who is licensed as a motor vehicle wrecking facility under the provisions of Title 75, chapter 10, part 5.

(3) The applicant for a dealer's license shall also file with his application a good and sufficient bond in the sum of $5,000, and the bond shall be conditioned that the applicant shall conduct his business in accordance with the requirements of the law. All bonds shall run to the state of Montana and shall be approved by the division and filed in its office and shall be renewed annually."

Section 2. Section 61-4-103, MCA, is amended to read:

"61-4-103. Assignment of dealer plates. (1) Upon the licensing of a dealer as a new motor vehicle dealer, used motor vehicle dealer, recreational vehicle dealer, or trailer, semitrailer, or special mobile equipment dealer, or a dealer of the motorcycle-type vehicle, the division shall assign to such dealer a distinctive serial license number as a dealer and after payment of fees furnish every qualified dealer in motor vehicles with such sets of number plates as required according to need, which need shall be justified by the dealer with the initial application for license and each renewal. Assigned number plates shall be similar to number plates furnished to owners of motor vehicles but shall bear thereon, in addition to the serial number assigned such dealer, the letter "D" if the dealer is authorized to sell new motor vehicles (including trucks and truck trailers); the letters "RV" if the dealer is authorized to sell recreational vehicles; the letters "UD" if the dealer is authorized to sell used motor vehicles (including used trucks and used truck trailers); the letters "DTR" if the dealer is authorized to sell trailers, semitrailers, or special mobile equipment (new or used); and the letters "MCD" if the dealer is authorized to sell vehicles of the motorcycle type (new or used).

(2) With the exception of a dealer authorized to sell new motor vehicles (including trucks and truck trailers) and to use the "D" plate or demonstrator plate, no dealer authorized to transact business under the provisions of this section may offer for sale or trade any vehicle described in this section except such vehicles as are authorized by the plates assigned to him. If an applicant wishes to sell more than one type of vehicle, he shall make application for each separate authorization. No plate assigned to a dealer may

HeinOnline -- 1985 vol. I 509 1985

be used on any vehicle other than the type described in this section. A dealer authorized to sell new motor vehicles and assigned a "D" plate or demonstrator plate is authorized to sell both new and used motor vehicles (including trucks and truck trailers), and such plates may be displayed on either new or used motor vehicles by a licensed dealer in new vehicles.

(3) The division shall cause to be placed on each set of license plates issued to a dealer a serial number assigned to each dealer and the actual number of license plates issued to each dealer. The number of the dealer shall follow the prefix of the county, and the number of plates issued the dealer shall follow the prefix of the county and the number of the dealer, the dealer's number to be separated from the county prefix by a dash, and the number of plates issued to a dealer to be separated from the dealer's number by a dash, as follows: dealer number 4 in Lewis and Clark County would be numbered 5-4, and if the dealer were issued three sets of plates, they would be numbered consecutively as follows, 5-4-1, 5-4-2, and 5-4-3.

(4) Dealers properly licensed under this section are authorized to use and display dealer's license plates on any motor vehicle held for bona fide sale or used in the conduct of the dealer's business in selling or demonstrating motor vehicles and operated by or under the control of the dealer, his officers or employees. For purposes of this provision, "officers and employees" include only such persons listed on the manufacturer's franchise agreement or the importer's distribution agreement and their spouses or such other persons upon whom the dealer has paid social security taxes as a full-time employee. No dealer's license plate shall be used or displayed on vehicles normally used for hire, lease, or rental or for purposes not incident to the business of a motor vehicle dealer. Each dealer is accountable for each plate issued and shall certify quarterly to the division the disposition of each dealer plate assigned to the dealer, including the name, address, and occupation of the person primarily using each plate.

(5) *When the division has reasonable cause to believe, from an investigation made by it or* information furnished to it by the sheriff or any other law enforcement officer, that any such dealer has been improperly licensed, has used the dealer's license in a manner other than the one herein authorized, or is not qualified as a dealer under the requirements of this section, the division may revoke such dealer's license. No person, firm, corporation, or association shall, for commission or profit, engage in the business of buying, selling, exchanging, or acting as a broker of new motor vehicles, trailers, or semitrailers unless duly licensed in compliance with this section (except trailers having an unladen weight of less than 500 pounds)."

Section 3. Section 61-4-104, MCA, is amended to read:

"61-4-104. Record of purchase or sale. Every dealer licensed under 61-4-101 shall keep a book or record of the purchases, sales or exchanges, or receipts for the purpose of sale of used vehicles and a description of such vehicles, together with the name and address of the seller, of the purchaser, and of the alleged owner or other person from whom each vehicle was purchased or received or to whom it was sold or delivered, as the case may be. The description in the case of motor vehicles shall also include the engine number, if any, maker's number, if any, chassis number, if any, and such other numbers or identification marks as appear thereon and shall

HeinOnline -- 1985 vol. I 510 1985

include a statement that a number has been obliterated, defaced, or changed if such is the fact. In the case of a trailer, semitrailer, or special mobile equipment, the record shall include the manufacturer's number and such other numbers or identification marks as appear thereon. The dealer shall also have in his possession a duly assigned certificate of ownership from the owner of the motor vehicle from the time the motor vehicle is delivered to him until it has been disposed of by him. *An authorized representative of the division, upon presentation of his credentials, may inspect and have access to and copy any records required under this chapter.*"

Section 4. Section 61-4-105, MCA, is amended to read:

"**61-4-105. Criminal penalty — civil penalty imposed by agency.** *(1)* Any person violating the provisions of 61-4-101 through 61-4-104 shall be guilty of a misdemeanor and subject to a fine of not less than $250 and not more than $500. For the purposes hereof, every sale of a motor vehicle in violation of the provisions of 61-4-101 through 61-4-104 shall be deemed a separate offense.

(2) In addition to all other penalties created by this part, the division is authorized to take appropriate enforcement action on its own initiative. Any person violating the provisions of 61-4-101 through 61-4-104 may be subject to administrative action, in accordance with the contested case procedures of Title 2, chapter 4, as follows:

(a) a civil penalty not to exceed $200 for each violation;

(b) suspension of the motor vehicle dealer license not to exceed 5 working days;

(c) revocation or denial of the motor vehicle dealer license; or

(d) any combination of subsections (2)(a) through (2)(c)."

Approved April 1, 1985.

CHAPTER NO. 283

[HB 609]

AN ACT TO REVISE THE POWER OF ATTORNEY PROVISIONS OF THE PROBATE CODE TO PROVIDE FOR DURABLE POWERS OF ATTORNEY; AMENDING SECTIONS 72-5-501 AND 72-5-502, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 72-5-501, MCA, is amended to read:

"**72-5-501. When power of attorney not affected by disability.** (1) *A durable power of attorney is a power of attorney by which* a principal designates another his attorney-in-fact or agent in writing and the writing contains the words, "This power of attorney shall not be affected by *subsequent* disability *or incapacity* of the principal *or lapse of time*" or "This power of attorney shall become effective upon the disability *or incapacity*

HeinOnline -- 1985 vol. I 511 1985

of the principal" or similar words showing the intent of the principal that the authority conferred shall be exercisable notwithstanding *the principal's subsequent* disability or incapacity, *and, unless it states a time of termination, notwithstanding the lapse of time since the execution of the instrument.* All acts done by the attorney-in-fact or agent pursuant to the power during any period of disability or *incapacity* or uncertainty as to whether the principal is dead or alive have the same effect and inure to the benefit of and bind the principal *and* his *successors in interest* as if the principal were alive, competent, and not disabled.

(2) If a conservator thereafter is appointed for the principal, the attorney-in-fact or agent, during the continuance of the appointment, *is accountable* to the conservator *as well as* the principal. The conservator has the same power *to revoke or amend the power of attorney that* the principal would have had if he were not disabled or *incapacitated. A principal may nominate, by a durable power of attorney, the conservator of his estate or guardian of his person for consideration by the court if protective proceedings for the principal's person or estate are thereafter commenced. The court shall make its appointment in accordance with the principal's most recent nomination in a durable power of attorney except for good cause or disqualification.*"

Section 2. Section 72-5-502, MCA, is amended to read:

"**72-5-502. Power of attorney not revoked until notice.** (1) The death of *a* principal who has executed a *written* power of attorney, *durable or otherwise,* does not revoke or terminate the agency as to the attorney-in-fact, agent, or other person who, without actual knowledge of the death of the principal, acts in good faith under the power of attorney or agency. Any action so taken, unless otherwise invalid or unenforceable, binds the *successors in interest of the* principal.

(2) The disability or incapacity of a principal who has previously executed a power of attorney that is not a durable power does not revoke or terminate the agency as to the attorney-in-fact or other person who, without actual knowledge of the disability or incapacity of the principal, acts in good faith under the power. Any action so taken, unless otherwise invalid or unenforceable, binds the principal and his successors in interest.

(3) As to acts undertaken in good faith reliance thereon, an affidavit executed by the attorney-in-fact or agent stating that he did not have, at the time of *exercise of the power,* actual knowledge of the termination of the power by *revocation or of the principal's* death, disability, or *incapacity* is conclusive proof of the nonrevocation or nontermination of the power at that time. If the exercise of the power requires execution and delivery of any instrument which is recordable, the affidavit when authenticated for record is likewise recordable.

(4) This section *does* not affect any provision *in a power of attorney* for *its* termination *by expiration of time or occurrence of an event other than express revocation or a change in the principal's capacity.*"

Approved April 1, 1985.

CHAPTER NO. 287

[HB 705]

AN ACT DIRECTING THE BOARD OF LAND COMMISSIONERS TO HOLD A PUBLIC HEARING ON ANY EXCHANGE OF STATE TRUST LANDS; PROVIDING FOR NOTICE OF A PROPOSED EXCHANGE TO THE LEASEHOLDERS; PROVIDING FOR APPROVAL OF AN EXCHANGE; PROVIDING FOR SETTLEMENT FOR IMPROVEMENTS; PROVIDING THAT, IN AN EXCHANGE INVOLVING PRIVATE LAND, THE PROPERTY APPRAISAL BE MADE AVAILABLE TO THE PUBLIC; AMENDING SECTIONS 77-2-203 AND 77-2-204, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 77-2-203, MCA, is amended to read:

"77-2-203. Exchange for private land. (1) The board is authorized to exchange state land for private land provided that the private land is of equal or greater value, as determined by the board after appraisal by a qualified land appraiser, than the state land and as closely as possible equal in area. *The contents of the appraisal must be made available to any person who makes a written request to the board.* The board shall place priority on exchanges which result in consolidation of state lands into more compact bodies. This section does not apply to exchanges undertaken under 76-12-107.

(2) If the requirements of subsection (1) and 77-2-204 are met, state lands bordering on navigable lakes and streams or other bodies of water with significant public use value may be exchanged for private land if the private land borders on similar navigable lakes, streams, or other bodies of water."

Section 2. Section 77-2-204, MCA, is amended to read:

"77-2-204. Notification of proposed exchange — hearing. *(1) Upon receipt of a proposal for an exchange of land under this part, the board shall give notice of the proposed exchange by certified mail to each person who has leased, under chapter 1 of this title, any portion of land involved in the proposed exchange. Any such leaseholder may present written or oral comments on the proposed exchange to the board before or during the hearing required by subsection (2). The notice must contain a statement informing the recipient of this right to comment.*

HeinOnline -- 1985 vol. I 517 1985

(2) A public hearing *on any exchange under this part* shall be held in the county containing the state land to be exchanged. When specific objections to the proposed exchange are raised *before or* during any such hearing *pursuant to subsection (1)*, the board shall make findings of fact responding to such objections and explaining their action."

Section 3. **Approval or disapproval of exchanges.** All exchanges of state lands are subject to approval and confirmation by the board, and no exchange is considered completed until after such approval and confirmation. The board has the power and it is its duty to disapprove any exchange which in its opinion would be disadvantageous to the state.

Section 4. **Settlement for improvements.** If any state land is exchanged on which there are improvements belonging to a lessee and some person other than the lessee is the transferee, that person shall settle with the lessee for all improvements on the land belonging to the lessee before the exchange is completed. The provisions of 77-6-301 through 77-6-306 relating to the payment and settlement for improvements on state lands between a former lessee and a new lessee apply to the settlement between a lessee and the transferee in an exchange. If settlement is not reached within 6 months of date of exchange, all improvements become the property of the state unless the department for good cause shown grants both parties additional time in which to exhaust arbitration.

Section 5. **Codification instruction.** Sections 3 and 4 are intended to be codified as an integral part of Title 77, chapter 2, part 2, and the provisions of Title 77, chapter 2, part 2, apply to sections 3 and 4.

CHAPTER NO. 288

[HB 769]

AN ACT TO GENERALLY REVISE BOND RELEASE PROCEDURES UNDER THE MONTANA STRIP AND UNDERGROUND MINE RECLAMATION ACT; AMENDING SECTION 82-4-232, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 82-4-232, MCA, is amended to read:

"82-4-232. Area mining required — bond — alternative plan. (1) Area strip mining, a method of operation which does not produce a bench or fill bench, is required where strip mining is proposed. All highwalls must be reduced and the steepest slope of the reduced highwall shall be no greater than 20 degrees from the horizontal. Highwall reduction shall be commenced at or beyond the top of the highwall and sloped to the

HeinOnline -- 1985 vol. I 518 1985

graded spoil bank. Reduction, backfilling, and grading shall eliminate all highwalls and spoil peaks. The area of land affected shall be restored to the approximate original contour of the land. When directed by the department, the operator shall construct in the final grading such diversion ditches, depressions, or terraces as will accumulate or control the water runoff. Additional restoration work may be required by the department according to rules adopted by the board.

(2) In addition to the backfilling and grading requirements, the operator's method of operation on steep slopes may be regulated and controlled according to rules adopted by the board. These rules may require any measure whatsoever to accomplish the purpose of this part.

(3) For coal mining on prime farmlands, the board shall establish by rule specifications for soil removal, storage, replacement, and reconstruction, and the operator shall as a minimum be required to:

(a) segregate the A horizon of the natural soil, except where it can be shown that other available soil materials will create a final soil having a greater productive capacity; and if not utilized immediately, stockpile this material separately from other spoil and provide needed protection from wind and water erosion or contamination by other acid or toxic material;

(b) segregate the B horizon of the natural soil, or underlying C horizon or other strata, or a combination of such horizons or other strata that are shown to be both texturally and chemically suitable for plant growth and that can be shown to be equally or more favorable for plant growth than the B horizon in sufficient quantities to create in the regraded final soil a root zone of comparable depth and quality to that which existed in the natural soil; and if not utilized immediately, stockpile this material separately from other spoil and provide needed protection from wind and water erosion or contamination by acid or toxic material;

(c) replace and regrade the root zone material described in (b) above with proper compaction and uniform depth over the regraded spoil material; and

(d) redistribute and grade in a uniform manner the surface soil horizon described in (a) above.

(4) All available topsoil shall be removed in a separate layer, guarded from erosion and pollution, and kept in such a condition that it can sustain vegetation of at least the quality and variety it sustained prior to removal, provided that the operator shall accord substantially the same treatment to any subsurface deposit of material that is capable, as determined by the department, of supporting surface vegetation virtually as well as the present topsoil. After the operation has been backfilled and graded, the topsoil or the best available subsurface deposit of material which is best able to support vegetation shall be returned as the top layer.

(5) As determined by rules of the board, time limits shall be established requiring backfilling, grading, subsidence stabilization, water control, highwall reduction, topsoiling, planting, and revegetation to be kept current. All backfilling, subsidence stabilization, sealing, grading, and topsoiling shall be completed before necessary equipment is moved from the operation.

HeinOnline -- 1985 vol. I 519 1985

(6) *(a) The permittee may file a request with the department for the release of all or part of a performance bond or deposit. Within 30 days after any application for bond or deposit release has been filed with the department, the permittee shall submit a copy of an advertisement notice placed at least once a week for 4 successive weeks in a newspaper of general circulation in the locality of the prospecting or mining operation. The notice is considered part of any bond release application and must contain a notification of the precise location of the land affected, the number of acres, the permit and the date approved, the amount of the bond filed and the portion sought to be released, the type and appropriate dates of reclamation work performed, and a description of the results achieved as they relate to the permittee's approved reclamation plan. In addition, as part of any bond release application, the permittee shall submit copies of letters that he has sent to adjoining property owners, local governmental bodies, planning agencies, and sewage and water treatment authorities or water companies in the locality of the operation, notifying them of his intention to seek release from the bond.*

(b) Upon receipt of the request and copies of the notification made under subsection (6)(a), the department shall, within 30 days, conduct an inspection and evaluation of the reclamation work involved. In the evaluation, the department shall consider, among other things, the degree of difficulty in completing any remaining reclamation, whether pollution of surface and subsurface water is occurring, the probability of continuance or future occurrence of such pollution, and the estimated cost of abating such pollution. The department shall notify the permittee in writing of its decision to release or not to release all or part of the performance bond within 60 days of the filing of the request if no public hearing is held pursuant to subsection (6)(f) or, if a public hearing is held pursuant to that subsection, within 30 days thereafter.

(c) The department may release the bond or deposit in whole or in part if it is satisfied the reclamation covered by the bond or deposit or portion thereof has been accomplished as required by this part according to the following schedule:

(i) When the permittee completes the plugging, backfilling, regrading, and drainage control of a bonded area in accordance with his approved reclamation plan, the department shall release 60% of the bond or collateral for the applicable permit area.

(ii) After revegetation has been established on the regraded lands in accordance with the approved reclamation plan, the department shall, for the period specified for operator responsibility of reestablishing revegetation, retain that amount of bond for the revegetated area that would be sufficient for a third party to cover the cost of reestablishing revegetation. Whenever a silt dam is to be retained as a permanent impoundment, the portion of bond may be released under this subsection (6)(c)(ii) if provisions for sound future maintenance by the operator or the landowner have been made with the department. No part of the bond or deposit may be released under this subsection (6)(c)(ii):

(A) as long as the lands to which the release would be applicable are contributing suspended solids to streamflow or runoff outside the permit area in excess of the requirements of 82-4-231(3)(k); or

HeinOnline -- 1985 vol. I 520 1985

(B) before soil productivity for prime farm lands to which the release would be applicable has returned to equivalent levels of yield as nonmined land of the same soil type in the surrounding area under equivalent management practices, as determined from the soil survey.

(iii) When the permittee has successfully completed all prospecting, mining, and reclamation activities, the department shall release the remaining portion of the bond, but not before the expiration of the period specified for responsibility and not until all reclamation requirements of this part are fully met.

(d) If the department disapproves the application for release of the bond or portion thereof, it shall notify the permittee, in writing, stating the reasons for disapproval and recommending corrective actions necessary to secure the release and allowing opportunity for a public hearing.

(e) When an application for total or partial bond release is filed with the department, it shall notify the municipality in which a prospecting or mining operation is located by certified mail at least 30 days prior to the release of all or a portion of the bond.

(f) Any person with a valid legal interest that might be adversely affected by release of the bond or the responsible officer or head of any federal, state, or local governmental agency which has jurisdiction by law or special expertise with respect to any environmental, social, or economic impact involved in the operation or is authorized to develop and enforce environmental standards with respect to such operations has the right to file written objections to the proposed release from bond to the department within 30 days after the last publication of the notice provided for in subsection (6)(a). If written objections are filed and a hearing requested, the department shall inform all the interested parties of the time and place of the hearing and, within 30 days of the request for such hearing, hold a public hearing in the locality of the operation proposed for bond release. The date, time, and location of the public hearing must be advertised by the department in a newspaper of general circulation in the locality for 2 consecutive weeks, and the hearing must be held in the locality of the operation proposed for bond release or at the state capital, at the option of the objector, within 30 days of the request for such hearing.

(g) Without prejudice to the rights of the objectors or the permittee or the responsibilities of the department pursuant to this section, the department may establish an informal conference to resolve such written objections.

(h) For the purpose of the hearing under subsection (6)(f), the department may administer oaths; subpoena witnesses or written or printed materials; compel the attendance of witnesses or the production of materials; and take evidence, including but not limited to site inspections of the land affected and other operations carried on by the permittee in the general vicinity. A verbatim record of each public hearing required by this section must be made, and a transcript must be made available on the motion of any party or by order of the department.

(7) An operator may propose alternative plans other than backfilling, grading, highwall reduction, topsoiling, or seeding to a permanent diverse

HeinOnline -- 1985 vol. I 521 1985

vegetative cover if the restoration will be consistent with the purpose of this part. These plans shall be submitted to the department, and after consultation with the landowner, if the plans are approved by the board and complied with within the time limits as may be determined by the board as being reasonable for carrying out the plans, the backfilling, grading, highwall reduction, topsoiling, or revegetation requirements of this part may be modified by the board. An operator who proposes alternative plans that will affect an existing permit shall comply with the notice requirement of 82-4-222(1)(k).

(8) If alternate revegetation is proposed, a management plan must be submitted showing how the area will be utilized and any data necessary to show that the alternate postmining land use can be achieved. Any plan must require the operation as a minimum to:

(a) restore the land affected to a condition capable of supporting the use which it was capable of supporting prior to any mining operation or to a higher or better use of which there is a reasonable likelihood, if the use or uses do not present any actual or probable threat of water diminution or pollution, and if the permit applicant's proposed land use following reclamation is not deemed to be impractical, unreasonable, or inconsistent with applicable land use policies and plans, would not involve unreasonable delay in implementation, and would not violate federal, state, or local law; and

(b) prevent soil erosion to the extent achieved prior to mining."

Section 2. **Extension of authority.** Any existing authority of the board of land commissioners or department of state lands to make rules on the subject of the provisions of this act is extended to the provisions of this act.

Approved April 1, 1985.

CHAPTER NO. 289

[HB 784]

AN ACT TO GENERALLY REVISE STRIP MINE PERMIT APPLICATION REVIEW PROCEDURES; REVISING TIME FRAMES; AMENDING SECTION 82-4-231, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 82-4-231, MCA, is amended to read:

"82-4-231. Submission of and action on reclamation plan. (1) As rapidly, completely, and effectively as the most modern technology and the most advanced state of the art will allow, each operator granted a permit under this part shall reclaim and revegetate the land affected by his operation, except that underground tunnels, shafts, or other subsurface excavations need not be revegetated. Under the provisions of this part and rules

HeinOnline -- 1985 vol. I 522 1985

adopted by the board, an operator shall prepare and carry out a method of operation, plan of grading, backfilling, highwall reduction, subsidence stabilization, water control, topsoiling, and a reclamation plan for the area of land affected by his operation. In developing a method of operation and plans of backfilling, subsidence stabilization, water control, grading, highwall reduction, topsoiling, and reclamation, all measures shall be taken to eliminate damages to landowners and members of the public, their real and personal property, public roads, streams, and all other public property from soil erosion, subsidence, landslides, water pollution, and hazards dangerous to life and property.

(2) The reclamation plan shall set forth in detail the manner in which the applicant intends to comply with this section and 82-4-232 through 82-4-234, as amended, and the steps to be taken to comply with applicable air and water quality laws and rules and any applicable health and safety standards.

(3) The application for permit or major revision of a permit, which shall contain the reclamation plan, shall be submitted to the department.

(4) The department shall determine whether the application is administratively complete. An application is administratively complete if it contains information addressing each application requirement in 82-4-222 and the rules implementing that section and all information necessary to initiate processing and public review. The department shall notify the applicant in writing of its determination no later than 90 days after submittal of the application. If the department determines that the application is not administratively complete, it shall specify in the notice those items which the application must address. The application shall be presumed administratively complete as to those requirements not specified in the notice.

(5) If the department determines that an environmental impact statement on the application is required, it shall notify the applicant in writing at the same time it gives the applicant notice pursuant to subsection (4).

(6) After the applicant receives notice that the application is administratively complete, he shall publish notice of filing of the application once a week for 4 consecutive weeks in a newspaper of general circulation in the locality of the proposed operation. The department shall notify various local governmental bodies, planning agencies, sewage and water treatment authorities, and water companies in the locality in which the proposed mining will take place of the application and provide a reasonable time for them to submit written comments. Any person having an interest which is or may be adversely affected or the officer or head of any federal, state, or local governmental agency or authority shall have the right to file written objections to the proposed initial or revised application for permit or major revision within 30 days of the applicant's published notice. If written objections are filed and an objector requests an informal conference, the department shall hold an informal conference in the locality of the proposed operation *within 30 days of receipt of the request. The department shall notify the applicant and all parties to the informal conference of its decision and the reasons therefor within 60 days of the informal conference.* The department may arrange with the applicant upon request by any party

to the administrative proceeding for access to the proposed mining area for the purpose of gathering information relevant to the proceeding.

(7) The filing of written objections or a request for an informal conference shall not preclude the department from proceeding with its review of the application as specified in subsection (8).

(8) (a) The department shall review each administratively complete application and determine the acceptability of the application. During the review, the department may propose modifications to the application or delete areas from the application in accordance with the requirements of 82-4-227. A complete application is considered acceptable when the application is in compliance with all of the applicable requirements of this part and the regulatory program pursuant to this part.

(b) If the applicant significantly modifies the application after the application has been determined administratively complete in accordance with subsection (4), the department shall under this section either deny the application or conduct a new review, including an administrative completeness determination, public notice, and objection period.

(c) If an environmental impact statement is determined to be necessary prior to making a permit decision, the department shall complete and publish the final environmental impact statement within 365 days of the date of notice provided pursuant to subsection (5).

(d) Within 120 days after it determines that an application is administratively complete, the department shall notify the applicant in writing whether the application is or is not acceptable. If the application is not acceptable, the department shall set forth the reasons why it is not acceptable, and it may propose modifications, delete areas, or reject the entire application. All items not specified as unacceptable in the department's notification are presumed to be acceptable. If the applicant revises the application in response to a notice of unacceptability, the department shall review the revised application and notify the applicant in writing within 120 days of the date of receipt whether the revised application is acceptable. If the revision constitutes a significant modification under subsection (8)(b), the department shall conduct a new review, beginning with an administrative completeness determination.

(e) When the application is determined to be acceptable, the department shall publish notice of its determination once a week for 2 consecutive weeks in a newspaper of general circulation in the locality of the proposed operation. Any person having an interest that is or may be adversely affected may file a written objection to the determination within 10 days of the department's last published notice. If a written objection is filed and an objector requests an informal conference, the department shall hold an informal conference in the locality of the proposed operation within 20 days of receipt of the request. The department shall notify the applicant and all parties to the informal conference of its decision and the reasons therefor within 10 days of the informal conference.

(f) The department shall prepare written findings granting or denying the permit or major revision application in whole or in part no later than

HeinOnline -- 1985 vol. I 524 1985

45 days from the date the application is determined acceptable or from the publication of the final environmental impact statement, whichever occurs later. However, if lands subject to the federal lands program are included in the application for permit or major revision, the department shall prepare and submit written findings to the federal regulatory authority. If the department's decision is to grant the permit, the department shall issue the permit on the date of its written finding or, if any federal concurrence is necessary, on the date when such concurrence is obtained. If the application is denied, specific reasons for the denial must be set forth in the written notification to the applicant.

(g) If the department fails to act within the times specified in this subsection (8), it shall immediately notify the board in writing of its failure to comply and the reasons for the failure to comply.

(9) The applicant, a landowner, or any person with an interest that is or may be adversely affected by the department's permit decision may within 30 days of that decision submit a written notice requesting a hearing by the board. The notice must contain the grounds upon which the requester contends that the decision is in error. The hearing shall be held within 30 days of the request. For purposes of a hearing, the board may order site inspections of the area pertinent to the application. The board shall within 20 days of the hearing notify the person who requested the hearing, by certified mail, and all other persons, by regular mail, of the findings and decisions. No person who presided at the informal conference may either preside at the hearing or participate in the decision thereon.

(10) In addition to the method of operation, grading, backfilling, subsidence stabilization, water control, highwall reduction, topsoiling, and reclamation requirements of this part and rules adopted under this part, the operator, consistent with the directives of subsection (1) of this section, shall:

(a) bury under adequate fill all toxic materials, shale, mineral, or any other material determined by the department to be acid producing, toxic, undesirable, or creating a hazard;

(b) as directed by rules seal off tunnels, shafts, or other openings or any breakthrough of water creating a hazard;

(c) impound, drain, or treat all runoff or underground mine waters so as to reduce soil erosion, damage to grazing and agricultural lands, and pollution of surface and subsurface waters;

(d) remove or bury all metal, lumber, and other refuse resulting from the operation;

(e) use explosives in connection with the operation only in accordance with department regulations designed to minimize noise, damage to adjacent lands, and water pollution and ensure public safety and for other purposes;

(f) adopt measures to prevent land subsidence unless the board approves a plan for inducing subsidence into an abandoned operation in a predictable and controlled manner with measures for grading, topsoiling,

HeinOnline -- 1985 vol. I 525 1985

and revegetating the subsided land surface. In order for a controlled subsidence plan to be approved, the applicant must show that subsidence will not cause a direct or indirect hazard to any public or private buildings, roads, facilities, or use areas, constitute a hazard to human life or health, or constitute a hazard to domestic livestock or to a viable agricultural operation, or violate any other restrictions the board may consider necessary.

(g) stockpile and protect from erosion all mining and processing wastes until these wastes can be disposed of according to the provisions of this part;

(h) deposit as much stockpiled waste material as possible back into the mine voids upon abandonment in such manner as to prevent or minimize land subsidence. The remaining waste material shall be disposed of as provided by this part and the rules of the board.

(i) seal all portals, entryways, drifts, shafts, or other openings between the surface and underground mine workings when no longer needed;

(j) to the extent possible using the best technology currently available, minimize disturbances and adverse impacts of the operation on fish, wildlife, and related environmental values and achieve enhancement of such resources where practicable;

(k) minimize the disturbances to the prevailing hydrologic balance at the mine site and in associated offsite areas and to the quality and quantity of water in surface-water and ground-water systems both during and after strip- or underground-coal-mining operations and during reclamation by:

(i) avoiding acid or other toxic mine drainage by such measures as, but not limited to:

(A) preventing or removing water from contact with toxic-producing deposits;

(B) treating drainage to reduce toxic content which adversely affects downstream water upon being released to water courses;

(C) casing, sealing, or otherwise managing boreholes, shafts, and wells and keeping acid or other toxic drainage from entering ground and surface waters;

(ii) (A) conducting strip- or underground-mining operations so as to prevent, to the extent possible using the best technology currently available, additional contributions of suspended solids to streamflow or runoff outside the permit area but in no event shall contributions be in excess of requirements set by applicable state or federal law;

(B) constructing any siltation structures pursuant to (ii)(A) of this subsection prior to commencement of strip- or underground-mining operations, such structures to be certified by a qualified registered engineer to be constructed as designed and as approved in the reclamation plan;

(iii) cleaning out and removing temporary or large settling ponds or other siltation structures from drainways after disturbed areas are revegetated and stabilized and depositing the silt and debris at a site and in a manner approved by the department;

HeinOnline -- 1985 vol. I 526 1985

(iv) restoring recharge capacity of the mined area to approximate premining conditions;

(v) avoiding channel deepening or enlargement in operations requiring the discharge of water from mines;

(vi) preserving throughout the mining and reclamation process the essential hydrologic functions of alluvial valley floors in the arid and semiarid areas of the country; and

(vii) such other actions as the department may prescribe;

(l) conduct strip- or underground-mine operations in accordance with the approved coal conservation plan;

(m) stabilize and protect all surface areas, including spoil piles, to effectively control air pollution;

(n) seal all auger holes with an impervious and noncombustible material in order to prevent drainage except where the department determines that the resulting impoundment of water in such auger holes may create a hazard to the environment or the public health and safety;

(o) develop contingency plans to prevent sustained combustion;

(p) refrain from construction of roads or other access ways up a streambed or drainage channel or in such proximity to such channel so as to seriously alter the normal flow of water;

(q) meet such other criteria as are necessary to achieve reclamation in accordance with the purposes of this part, taking into consideration the physical, climatological, and other characteristics of the site;

(r) with regard to underground mines, eliminate fire hazards and otherwise eliminate conditions which constitute a hazard to health and safety of the public;

(s) locate openings for all new drift mines working acid-producing or iron-producing coal seams in such a manner as to prevent a gravity discharge of water from the mine.

(11) An operator may not throw, dump, pile, or permit the dumping, piling, or throwing or otherwise placing any overburden, stones, rocks, mineral, earth, soil, dirt, debris, trees, wood, logs, or any other materials or substances of any kind or nature beyond or outside of the area of land which is under permit and for which a bond has been posted under 82-4-223, as amended, or place the materials described in this section in such a way that normal erosion or slides brought about by natural physical causes will permit the materials to go beyond or outside of that area of land. An operator shall conduct the strip- or underground-mining operation in such a manner as to protect areas outside the permit area."

Section 2. **Extension of authority.** Any existing authority of the board of land commissioners or the department of state lands to make rules on the subject of the provisions of this act is extended to the provisions of this act.

"20-9-351. Funding of deficiency in state equalization aid. If the *foundation program* level made under the provisions of 20-9-348 is less than 100% or if the permissive funding level made under the provisions of 20-9-352 is less than 100%, it shall be the duty of the superintendent of public instruction to request the budget director to submit a request for a supplemental appropriation in the second year of the biennium that would be sufficient to complete the funding of the foundation programs prescribed under 20-9-348 and of the permissive programs prescribed under 20-9-352 of the elementary or secondary schools, or both, for the current biennium."

CHAPTER NO. 301

[HB 658]

AN ACT TO ESTABLISH A JOINT UNDERWRITING ASSOCIATION FOR MEDICAL LIABILITY INSURANCE; AND PROVIDING A TERMINATION DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Purpose.** The legislature finds that an emergency situation exists because of the high cost and impending unavailability of medical liability insurance. The purpose of [this act] is to provide an interim solution to the unavailability of such insurance, if such insurance becomes unavailable prior to the next session of the legislature. Accordingly, [this act] is enacted for a limited period of time.

Section 2. **Definitions.** As used in [this act], the following definitions apply:

(1) "Association" means the joint underwriting association established pursuant to the provisions of [this act].

(2) "Medical liability insurance" means insurance coverage against legal liability of the insured and against loss, damage, or expense incident to a claim arising out of the death or injury of any person as a result of negligence in rendering professional service by a licensed physician or a hospital, health care facility, or long-term care facility, as defined by 50-5-101.

(3) "Net direct premiums" means gross direct premiums on personal injury liability insurance written pursuant to the provisions of the insurance laws of Montana, including the liability component of multiple peril package policies as computed by the commissioner of insurance, less return premiums or the unused or unabsorbed portions of premium deposits.

Section 3. **Joint underwriting association.** (1) A joint underwriting association is created, consisting of all insurers authorized to write and

HeinOnline -- 1985 vol. I 545 1985

engaged in writing within this state on a direct basis insurance against legal liability for the death, injury, or disability of any person pursuant to the provisions of [Title 33], including insurers covering the perils in multiple peril package policies. Each of these insurers shall remain a member of the association as a condition of its authority to continue to transact this kind of insurance in this state. The purpose of the association is to provide medical liability insurance on a self-supporting basis.

(2) The association may not commence underwriting operations for physicians until the commissioner of insurance, after due hearing and investigation, has determined that medical liability insurance cannot be made available for physicians in the voluntary market. Upon that determination the association is the exclusive agency through which medical liability insurance may be written in this state on a primary basis for physicians.

(3) The association may not commence underwriting operations for hospitals, health care facilities, or long-term care facilities until the commissioner of insurance, after due hearing and investigation, has determined that medical liability insurance is not readily available for these facilities in the voluntary market. Upon that determination the association is authorized to issue policies of medical liability insurance to hospitals, health care facilities, or long-term care facilities, but need not be the exclusive agency through which this insurance may be written on a primary basis in this state.

(4) If the commissioner of insurance determines at any time that medical liability insurance can be made available in the voluntary market for either physicians or hospitals, health care facilities, or long-term care facilities, the association shall thereby cease its underwriting operations for the medical liability insurance which the commissioner has determined can be made available in the voluntary market.

(5) The association has, pursuant to the provisions of [this act] and the plan of operation with respect to medical liability insurance, the power on behalf of its members to:

(a) subject to limits as specified in the plan of operation but not to exceed $1,000,000 for each claimant under one policy and $3,000,000 for all claimants under one policy in any one year, issue or cause to be issued policies of insurance to applicants, including incidental coverages;

(b) underwrite the insurance and assume reinsurance from its members; and

(c) cede reinsurance.

(6) (a) Within 45 days following the creation of the association, the directors of the association shall submit to the commissioner of insurance for his review a proposed plan of operation consistent with the provisions of [this act] to be fully effective and operative upon order of the commissioner of insurance.

(b) The plan of operation shall provide for economic, fair, and nondiscriminatory administration and for the prompt and efficient provision of

HeinOnline -- 1985 vol. I 546 1985

medical liability insurance and shall contain other provisions including but not limited to preliminary assessment of all members for initial expenses necessary to commence operations, establishment of necessary facilities, management of the association, assessment of members to defray losses and expenses, commission arrangements, reasonable and objective underwriting standards, acceptance and cession of reinsurance, appointment of servicing carriers, and procedures for determining amounts of insurance to be provided by the association.

(c) The plan of operation shall provide that any profit achieved by the association be added to the reserves of the association or returned to the policyholders as a dividend.

(d) Amendments to the plan of operation may be made by the directors of the association, subject to the approval of the commissioner of insurance, or must be made if directed by the commissioner.

Section 4. **Procedures.** (1) (a) On or after the effective date of the plan of operation, a licensed physician or hospital, health care facility, or long-term care facility is entitled to apply to the association for coverage. The application may be made on behalf of an applicant by a broker or agent authorized by the applicant.

(b) If the association determines that the applicant meets the underwriting standards of the association as prescribed in the plan of operation and there is no unpaid, uncontested premium due from the applicant for prior insurance, as shown by the insured having failed to make written objections to the premium charges within 30 days after billing, the association, upon receipt of the premium or such portion thereof as is prescribed in the plan of operation, shall cause to be issued a policy of medical liability insurance for a term of 1 year.

(2) (a) The rates, rating plans, rating rules, rating classifications, territories, and policy forms applicable to the insurance written by the association and statistics relating thereto are subject to the insurance laws of Montana, giving due consideration to the past and prospective loss and expense experience for medical liability insurance of all of the member companies of the association, trends in the frequency and severity of losses, the investment income of the association, and such other information as the commissioner of insurance may require.

(b) Within such time as the commissioner of insurance directs, the association shall submit for the approval of the commissioner an initial filing, in proper form, of policy forms, classifications, rates, rating plans, and rating rules applicable to medical liability insurance to be written by the association. If the commissioner disapproves the initial filing, in whole or in part, the association shall amend it in accordance with the direction of the commissioner. If the commissioner is unable to approve the filing or amended filing within the time specified, he shall promulgate the policy forms, classifications, rates, rating plans, and rules to be used by the association in writing such insurance.

(c) Any deficit sustained by the association in any one year must be recouped pursuant to the plan of operation and the rating plan then in effect by one or both of the following procedures:

HeinOnline -- 1985 vol. I 547 1985

(i) an assessment upon the policyholders; or

(ii) a rate increase applicable prospectively.

(d) Effective after the initial year of operation, rates, rating plans, rating rules, and any provision for recoupment through policyholder assessment or premium rate increase must be based upon the association's loss and expense experience, together with such other information based upon that experience as the commissioner of insurance considers appropriate. The resultant premium rates must be on an actuarially sound basis and must be calculated to be self-supporting.

(e) If sufficient funds are not available for the sound financial operation of the association, pending recoupment as provided in subsection (2)(d), all members shall on a temporary basis contribute to the financial requirements of the association in the manner provided for in this section. Contributions must be reimbursed to the members following recoupment as provided in subsection (2)(d).

(f) The commissioner of insurance shall consider requiring the association to offer policies on both a claims made and occurrence basis so that applicants may select either policy at their option. However, the premium rate charged for both claims made and occurrence policies must be at rates established on an actuarially sound basis and which are calculated to be self-supporting.

Section 5. **Participation.** All insurers that are members of the association shall participate in its writings, expenses, profits, and losses in the proportion that the net direct premiums of each member written during the preceding calendar year, after excluding that portion of premiums attributable to the operation of the association, bears to the aggregate net direct premiums written in this state by all members of the association. Each insurer's participation in the association must be determined annually on the basis of the net direct premiums written during the preceding calendar year as reported in the annual statements and other reports filed by the insurer with the commissioner of insurance. No member is obligated in any one year to reimburse the association on account of the member's proportionate share in the deficit from operations of the association in that year in excess of 1% of the member's surplus to policyholders, and the aggregate amount not so reimbursed must be reallocated among the remaining members in accordance with the method of determining participation prescribed in this section, after excluding from the computation the total net direct premiums of all members not sharing in the excess deficit. If the deficit from operations allocated to all members of the association in any calendar year exceeds 1% of their respective surplus to policyholders, the amount of the deficit must be allocated to each member in accordance with the method of determining participation prescribed in this section.

Section 6. **Directors.** The association must be governed by a board of directors, to be elected annually. Eight directors must be elected by cumulative voting of members of the association, whose votes must be weighted in accordance with each member's net direct premiums written during the preceding calendar year. Three directors must be appointed by the commissioner of insurance as representatives of the medical profession, the

HeinOnline -- 1985 vol. I 548 1985

appointments being made at or before each annual meeting. The eight directors serving on the first board who are to be elected by members of the association must be elected at a meeting of the members held at a time and place designated by the commissioner.

Section 7. **Appeals and judicial review.** (1) With respect to those items the plan of operation defines as appealable matters, an applicant to the association, a person insured pursuant to [this act], his representative, or an affected insurer may appeal to the commissioner of insurance within 30 days after a ruling, action, or decision by or on behalf of the association.

(2) All orders of the commissioner of insurance made pursuant to [this act] are subject to judicial review as provided in [Title 33].

Section 8. **Privileged communications.** There is no liability on the part of and no cause of action of any nature may arise against the association, its agents or employees, an insurer, a licensed agent or broker, or the commissioner of insurance or his authorized representative for any statement made in good faith by them in any report or communication concerning risks insured or to be insured by the association or at any administrative hearing conducted in connection therewith.

Section 9. **Annual statements.** The association shall file in the office of the commissioner of insurance annually on or before March 1 a statement containing information with respect to its transactions, condition, operations, and affairs during the preceding year. The statement must contain the matters and information prescribed and must be in a form approved by the commissioner. The commissioner may at any time require the association to furnish additional information with respect to its transactions, conditions, or any matter connected therewith considered to be material and of assistance in evaluating the scope, operation, and experience of the association.

Section 10. **Examination of association's affairs.** The commissioner of insurance shall make an examination into the affairs of the association at least annually. The examination must be conducted and the report thereon filed in the manner provided by law. The expenses of every examination must be borne and paid by the association in the manner prescribed by law.

Section 11. **Termination date — enforceability of issued policies.** This act terminates October 1, 1987, after which no new policies may be issued by the association. However, all issued policies continue in force until their expiration dates.

Section 12. **Extension of authority.** Any existing authority of the commissioner of insurance to make rules on the subject of the provisions of this act is extended to the provisions of this act.

Approved April 1, 1985.

CHAPTER NO. 303

[SB 159]

AN ACT TO INCREASE THE AMOUNT THAT A RETIREE MAY EARN IN COVERED EMPLOYMENT UNDER THE PUBLIC EMPLOYEES' RETIREMENT SYSTEM BEFORE RECEIVING A REDUCTION IN HIS RETIREMENT ALLOWANCE; CHANGING THE RATE AT WHICH A RETIREE'S ALLOWANCE WILL BE REDUCED AFTER HIS EARNINGS EXCEED THIS AMOUNT; CLARIFYING EXCLUSIONS TO MEMBERSHIP UNDER THE RETIREMENT SYSTEM; AMENDING SECTIONS 19-3-403 AND 19-3-1106, MCA; AND PROVIDING A RETROACTIVE APPLICABILITY DATE AND AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 19-3-403, MCA, is amended to read:

"19-3-403. Exclusions. The following persons may not become members of the retirement system:

HeinOnline -- 1985 vol. I 551 1985

(1) elective officers who have not filed with the board written requests to become members, except that a person so excluded from membership may later become a member by otherwise becoming an employee or by written request after a subsequent election to office, and if he affirmatively exercises the option, the contributions of the employer because of his membership shall be the same as they would have been had he not been so excluded;

(2) inmates of state institutions who are allowed compensation for such service as they are able to perform;

(3) persons in state institutions principally for the purpose of training, but who receive compensation;

(4) independent contractors, unless there is a written contract which specifies the creation of an employer-employee relationship for purposes of retirement coverage under The Public Employees' Retirement System Act;

(5) employees serving in employment which does not exceed the equivalent of 120 working days in any fiscal year who have not filed with the board a written request to become members. A member so excluded from membership by this subsection may later become a member by otherwise becoming an employee or by written request after the initial date of exclusion. If he affirmatively exercises the option and pays the employee contribution plus interest, the contributions of the employer, because of his membership, shall be the same as they would have been had he not been so excluded plus accrued interest on all employer contributions from the date the contributions would have been made to the date of payment.

(6) employees in service on July 1, 1945, or prior thereto who filed with the board elections not to become members, except that a person so excluded from membership may become a member and be eligible thereafter to receive the same benefits that he would have received if he had never filed an election not to be a member by meeting the requirements prescribed in 19-3-505 and 19-3-506;

(7) persons directly appointed by the governor who do not file with the board an election in writing to become members;

(8) persons who are members of any other retirement or pension system supported wholly or in part by funds of the United States government, any state government, or political subdivision thereof and who are receiving credit in the other system for service, it being the purpose of this subsection to prevent a person from receiving credit for the same service in two retirement systems supported wholly or in part by public funds, except when the service qualifies, is applied for, and purchased pursuant to 19-3-503. A member of the retirement system who, because of his employment by the state, is required to become a member of any other system described in this subsection shall be considered, solely for the purposes of making normal contributions, as permanently separated from service. Exclusion under this subsection is subject to the following exceptions:

(a) When an employer has entered into a collective bargaining agreement which includes provisions for payments or contributions by the employer in lieu of wages to a retirement or pension plan qualified by the

HeinOnline -- 1985 vol. I 552 1985

internal revenue service for its employees, the employees remain eligible, if otherwise qualified, for membership in the retirement system, and the payments or contributions in lieu of wages may not be considered a part of the employees' compensation for purposes of computing the employer or employee contributions to the retirement system.

(b) For the purpose of this subsection (8), persons receiving pensions, retirement allowances, or other payments from any source on account of employment other than as an employee as defined in this chapter are not considered, because of such receipt, members of any other retirement or pension system.

(9) court commissioners or appointive members of any board or commission who serve the state or any contracting employer intermittently and who are paid on a per diem basis;

(10) persons who become employees after they have reached their 60th birthday and have no creditable service in this system and who do not file with the board an election to become members;

(11) employees of county hospitals or county rest homes in the sixth- and seventh-class counties, unless they elect to file with the board an election in writing to become members;

(12) persons employed for 6 months or less by the legislature or the legislative council to perform work related to the legislative session who do not file with the board an election in writing to become members;

(13) full-time students employed at and attending the same public elementary school, high school, vocational-technical center, or community college or any unit of the state university system, except that a person so excluded from membership as a student of a public community college or a unit of the state university system who later becomes a member by otherwise becoming an employee may affirmatively exercise the option of qualifying the service excluded by this subsection by applying to the board in writing after becoming a member and become eligible to receive credit for the excluded service under the provisions of 19-3-505;

(14) the chief administrative officer of any city or county where the chief administrative officer has filed an election in writing with the board to be excluded from membership, this election to be filed no later than July 1, 1979, or 30 days after initial employment by a county or city, whichever is later;

(15) all former members receiving a retirement allowance, other than as a beneficiary, serving in employment if that employment does not exceed 60 working days in any *calendar* year. These former members must be reinstated into membership on the 61st working day in any *calendar* year unless they elect to return to membership prior to that day."

Section 2. Section 19-3-1106, MCA, is amended to read:

"19-3-1106. Reduction of retirement allowance upon limited reemployment. Any person receiving a service retirement allowance, not as a beneficiary, who is not eligible for membership may return to covered employment for a period not to exceed 60 working days in any *calendar*

year. The retirement allowance of a retiree so employed will be reduced by $1 for each *$3* earned in excess of *$5,000* for each calendar year."

Section 3. **Extension of authority.** Any existing authority of the public employees' retirement board to make rules on the subject of the provisions of this act is extended to the provisions of this act.

WHEREAS, there is no central, statewide coordination of a safety program and location standards for commercial anhydrous ammonia facilities; and

WHEREAS, the State of Montana does not have an existing safety code for anhydrous ammonia storage, manufacturing, and distribution facilities; and

WHEREAS, the public interest in health and safety requires that such facilities be properly located and operated, according to acceptable and defined industry standards.

THEREFORE, the Legislature finds it necessary and appropriate to enact legislation providing that the Montana Department of Agriculture act as the coordinator of a comprehensive safety program for commercial anhydrous ammonia facilities.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Short title.** [Sections 1 through 7] shall be known and may be cited as the "Anhydrous Ammonia Facilities Safety Act".

Section 2. **Definitions.** As used in [sections 1 through 7], the following definitions apply:

(1) "Anhydrous ammonia" means a compound formed by a combination of two gaseous elements, nitrogen and hydrogen, in the proportion of one part nitrogen to three parts hydrogen by volume, which compound is in either gaseous or liquid form and is used primarily as fertilizer.

(2) "Anhydrous ammonia facility" or "facility" means any building, tank, or system of equipment used for processing, storing, or distributing anhydrous ammonia and includes all appurtenances to such building, tank, or system.

HeinOnline -- 1985 vol. I 561 1985

Section 3. **Rulemaking authority and requirements.** (1) The department shall adopt rules for the design, construction, repair, alteration, location, installation, and operation of anhydrous ammonia facilities. Such rules must be in substantial conformity with nationally recognized safety standards for the storage and handling of anhydrous ammonia. The rules shall require the owner to place his name and phone number on his anhydrous ammonia tank or tanks. The department may adopt additional rules necessary for the protection and safety of persons employed in anhydrous ammonia facilities, persons using anhydrous ammonia, and the public.

(2) The rules must include a provision under which new or existing facilities may apply for a temporary or permanent variance from any requirement of the rules. The rules must provide criteria for granting or denying a variance request and must provide for written notice and public hearing on any variance request.

(3) The department shall coordinate its rulemaking activities with other executive branch agencies and departments by providing them with timely information on the adoption of the rules, inviting and encouraging their participation, giving due weight and consideration to their comments and testimony, and coordinating interdepartmental meetings on matters pertaining to the adoption of the rules.

Section 4. **Preexisting facilities.** Any facility in operation prior to the adoption of rules under [section 3] that is not in compliance with the rules must be allowed to continue in operation unless the department, after inspection and written notice to the owner or operator, makes a determination that the facility presents a safety hazard to employees, other persons using the facility, or the public.

Section 5. **Variance.** A person who owns or controls a facility may request in writing from the department a variance, which is an exemption or partial exemption from any rule governing the design, construction, repair, alteration, location, installation, or operation of a facility.

Section 6. **Enforcement.** [Sections 1 through 7] must be enforced as provided in 80-10-303.

Section 7. **Funding.** Administration and enforcement of the provisions of [sections 1 through 7] and the rules adopted under [section 3] must be funded through expenditures of the anhydrous ammonia account established under 80-10-207(5).

Section 8. Section 80-10-207, MCA, is amended to read:

"80-10-207. Fees. (1) There shall be paid to the department fees on all commercial fertilizer distributed in this state, except specialty fertilizers sold in packages of 10 pounds or less, and unmanipulated animal and vegetable manures, provided that sales to manufacturers or exchanges between them are exempt. The fees are:

(a) inspection *of fertilizers other than anhydrous ammonia*, 20 cents per ton. The department may by rule after hearing adjust the inspection fee not to exceed a maximum of 25 cents per ton to maintain adequate funding for the administration of this part. Any change in fee becomes effective on

HeinOnline -- 1985 vol. I 562 1985

the first day of a reporting period. All registrants shall be given notice of any change in fees before the effective date.

(b) inspection of anhydrous ammonia, 20 cents per ton. The department may by rule after hearing adjust the anhydrous ammonia inspection fee not to exceed a maximum of 65 cents per ton to maintain adequate funding for the administration and enforcement of [sections 1 through 7]. Any change in fee becomes effective on the first day of a reporting period. All registrants and manufacturers of anhydrous ammonia shall be given notice of any change in fees before the effective date of the fee adjustment.

(c) assessment, the fee prescribed in 80-10-103. The assessment fee shall be used to fund educational and experimental programs as provided in 80-10-103 through 80-10-106.

(2) There shall be paid to the department on all soil amendments distributed in this state an inspection fee of 10 cents per ton subject to the following provisions:

(a) sales to manufacturers or exchanges between them are exempt; and

(b) when less than 50 tons of registered soil amendment is sold per 6-month period, there shall be paid to the department a fee of $5 per soil amendment per 6-month period in lieu of the 10 cents per ton fee. Inspection fees shall be used by the department for administration of this part.

(3) (a) Every registrant and licensee who distributes a soil amendment or commercial fertilizer, except specialty fertilizer in packages of 10 pounds or less and unmanipulated manures, to an unlicensed or unregistered person in this state shall file with the department on forms furnished or approved by the department a semiannual statement for the periods ending June 30 and December 31 setting forth the number of net tons of each commercial fertilizer and/or soil amendment distributed in this state during the 6-month period. The report is due on or before the 30th day of the month following the close of each period. The registrant or licensee shall pay the proper fees, as set forth in subsection (1) of this section, at that time.

(b) If the tonnage report is not filed and the payment of fees is not made within 30 days after the end of the period a collection fee amounting to 10% of the amount due but not less than $10 shall be assessed against the registrant or licensee, and the amount of fees due shall constitute a debt and become the basis of a judgment against the registrant or licensee.

(4) *Except as provided in subsection (5), all* fees collected for licenses, registration, and inspection and moneys collected as penalties shall be deposited in the state treasury to the credit of the state special revenue fund for the purpose of administering this chapter, including the cost of equipment and facilities and the cost of inspecting, analyzing, and examining commercial fertilizer and soil amendments manufactured or distributed in this state. Reserve funds may be invested by the department with interest credited to the state special revenue fund.

(5) All fees collected under subsection (1)(b) shall be deposited in the state treasury to the credit of the state special revenue fund, anhydrous

ammonia account, for the administration and enforcement of [sections 1 through 7] and the rules adopted thereunder."

Section 9. Section 80-10-303, MCA, is amended to read:

"**80-10-303. Violations — enforcement proceedings — judicial review.** (1) If it appears from the examination of any commercial fertilizer *or from the inspection of any anhydrous ammonia facility* that this chapter or the rules adopted under this chapter have been violated, the department shall give notice of the violations to the registrant, licensee, distributor, or possessor from whom the sample was taken. A person notified shall be given an opportunity to be heard under rules of the department. If it appears after a hearing, either in the presence or absence of the person notified, that this chapter or rules issued under this chapter have been violated, the department may certify the facts to the proper prosecuting attorney.

(2) A person who violates this chapter or the rules adopted under this chapter or who obstructs, prevents, or attempts to prevent the department from performing its duty under this chapter is guilty of a misdemeanor and shall be fined not less than $300 or more than $500 for the first violation and not less than $300 or more than $1,000 for a subsequent violation. In all prosecutions under this chapter involving the composition of a lot of commercial fertilizer, a certified copy of the official analysis of the department is prima facie evidence of the composition.

(3) Nothing in this chapter requires the department to report for prosecution or for the beginning of seizure proceedings minor violations of this chapter when it believes that the public interest will be best served by a suitable notice of warning in writing.

(4) A prosecuting attorney to whom a violation is reported shall prosecute the violator in a court of competent jurisdiction without delay.

(5) The department may apply for and the court may grant a temporary or permanent injunction restraining any person from violating or continuing to violate any of the provisions of this chapter or any rule adopted under the chapter notwithstanding the existence of other remedies at law. The injunction shall be issued without bond.

(6) If a person adversely affected by an act, order, or ruling made by the department under this chapter is not entitled to a hearing before the department to determine his rights, he may within 45 days sue in the district court of any county where the alleged violation giving rise to the department's act, order, or ruling occurred, for new trial of the issues bearing upon the act, order, or ruling. After the trial the court may issue and enforce those orders, judgments, or decrees it considers proper, just, and equitable."

Section 10. **Extension of authority.** Any existing authority of the department of agriculture to make rules on the subject of the provisions of this act is extended to the provisions of this act.

Section 11. **Codification instruction.** Sections 1 through 7 are intended to be codified as an integral part of Title 80, chapter 10.

Approved April 2, 1985.

CHAPTER NO. 311

[HB 136]

AN ACT ALLOWING OPERATION OF A MOTORBOAT FOR 20 DAYS AFTER TRANSFER OF OWNERSHIP FROM A REGISTERED BOAT DEALER OR MANUFACTURER WITHOUT DISPLAY OF REQUIRED NUMBERS AND DECAL; ELIMINATING THE SPECIAL PENALTY PROVISION FOR FAILURE TO DISPLAY NUMBERS AND DECAL TO MAKE VIOLATION PUNISHABLE AS A MISDEMEANOR UNDER THE GENERAL PENALTY PROVISION; AMENDING SECTION 23-2-511, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Operation of unnumbered motorboats prohibited — display of decals.** (1) Every motorboat on the waters of this state, propelled by a motor or an engine of any description, must be properly numbered and display valid license decals. No person may operate or give permission for the operation of any motorboat on such waters unless the motorboat is numbered and displays valid license decals in accordance with this part, with applicable federal law, or with a federally approved numbering system of another state and unless:

(a) the certificate of number assigned to the motorboat is in full force and effect; and

(b) the identifying number set forth in the certificate of number and the valid license decals are displayed on such motorboat.

(2) *Upon transfer of ownership of a motorboat from a registered boat dealer or manufacturer, the transferred motorboat may be operated on the waters of this state for 20 consecutive calendar days immediately following the transfer of ownership without displaying the numbers and license decal required by subsection (1) provided that when the motorboat is operated during those 20 consecutive calendar days, a bill of sale or other evidence of transfer reciting the date of the transfer of ownership is retained in the motorboat and is exhibited to a warden or other officer upon request.*"

CHAPTER NO. 312

[HB 167]

AN ACT TO REVISE THE REGISTRATION PERIOD FOR MOTORBOATS AND THE LICENSURE PERIOD FOR MOTORBOAT DEALERS; AMENDING SECTIONS 23-2-512, 23-2-513, AND 23-2-515, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 23-2-512, MCA, is amended to read:

"**23-2-512. Identification number.** (1) The owner of each motorboat requiring numbering by this state shall file an application for number in the office of the county treasurer where the motorboat is owned or taxable on forms prepared and furnished by the division of motor vehicles. The application must be signed by the owner of the motorboat and be accompanied by a fee of $1. Any alteration, change, or false statement contained in the application will render the certificate of number void. Upon receipt of the application in approved form, the county treasurer shall issue to the applicant a certificate of number prepared and furnished by the division of motor vehicles, stating the number assigned to the motorboat and the name and address of the owner.

(2) Before filing the application with the county treasurer, the applicant shall submit it to the county assessor, who shall enter on the application, in a space to be provided for that purpose, the market value and taxable value of the motorboat for the year for which the application for registration is made.

(3) The applicant, upon the filing of the application, shall pay to the county treasurer the registration fee and the personal property taxes assessed against the motorboat or vessel for the current year of registration before the application for registration or reregistration may be accepted by the county treasurer.

(4) Should the ownership of a motorboat change, a new application form with fee must be filed within a reasonable time with the county treasurer and a new certificate of number assigned in the same manner as provided for in an original assignment of number.

(5) If an agency of the United States government has in force a comprehensive system of identification numbering for motorboats in the United States, the numbering system employed pursuant to this part by the division of motor vehicles must be in conformity.

(6) Every certificate of number and the license decals assigned under this part continues in effect for a period not to exceed 1 year unless terminated or discontinued in accordance with the provisions of this part. Certificates of number and license decals must show the date of expiration and may be renewed by the owner in the same manner provided for in the initial securing of the certificate.

HeinOnline -- 1985 vol. I 566 1985

(7) Certificates of number expire on *December 31* of each year and may not be in effect unless renewed under this part.

(8) In event of transfer of ownership, the purchaser shall furnish the county treasurer notice within a reasonable time of the acquisition of all or any part of his interest, other than the creation of a security interest, in a motorboat numbered in this state or of the loss, theft, destruction, or abandonment of the motorboat. The transfer, loss, theft, destruction, or abandonment terminates the certificate of number for the motorboat. Recovery from theft or transfer of a part interest that does not affect the owner's right to operate the motorboat does not terminate the certificate of number.

(9) A holder of a certificate of number shall notify the county treasurer within reasonable time if his address no longer conforms to the address appearing on the certificate and furnish the county treasurer with his new address. The division of motor vehicles may provide by rule for the surrender of the certificate bearing the former address and its replacement with a certificate bearing the new address or the alteration of an outstanding certificate to show the new address of the holder.

(10) (a) The number assigned must be painted on or attached to each outboard side of the forward half of the motorboat or, if there are no such sides, at a corresponding location on both outboard sides of the foredeck of the motorboat. The number assigned must read from left to right in Arabic numerals and block characters of good proportion at least 3 inches tall excluding border or trim of a color that contrasts with the color of the background and be so maintained as to be clearly visible and legible. The number may not be placed on the obscured underside of the flared bow where it cannot be easily seen from another vessel or ashore. No numerals, letters, or devices other than those used in connection with the identifying number issued may be placed in the proximity of the identifying number. No numerals, letters, or devices that might interfere with the ready identification of the motorboat by its identifying number may be carried as to interfere with the motorboat's identification. No number other than the number and license decal assigned to a motorboat or granted reciprocity under this part may be painted, attached, or otherwise displayed on either side of the forward half of the motorboat.

(b) The certificate of number shall be pocket size and available to federal, state, or local law enforcement officers at all reasonable times for inspection on the motorboat whenever the motorboat is on waters of this state.

(c) Boat liveries are not required to have the certificate of number on board each motorboat, but a rental agreement must be carried on board livery motorboats in place of the certificate of number.

(11) Fees collected under this section shall be transmitted to the state treasurer who shall deposit the fees in the motorboat certificate identification account of the state special revenue fund. These fees shall be used only for the administration and enforcement of this part, as amended.

(12) An owner of a motorboat must within a reasonable time notify the division of motor vehicles, giving the motorboat's identifying number and

HeinOnline -- 1985 vol. I 567 1985

the owner's name when that motorboat becomes documented as a vessel of the United States or is transferred, lost, destroyed, abandoned, or frauded or within 60 days after change of state of principal use."

Section 2. Section 23-2-513, MCA, is amended to read:

"23-2-513. Dealer's identification number. (1) A dealer or manufacturer may apply directly to the division of motor vehicles for one identifying number and one or more certificates of number. A dealer's or manufacturer's identifying number shall be displayed on his boat while the boat is operating for a purpose related to the buying, selling, or exchanging of the boat by the dealer or manufacturer.

(2) The application for a dealer's or manufacturer's identifying number must include his name and business address. Each dealer or manufacturer will have one identifying number assigned to his business.

(3) An application for dealer's or manufacturer's identifying number and certificate of number must be accompanied by the following fees:

(a) for the identifying number, first certificate of number, and set of license decals, $5;

(b) for each additional certificate of number and set of license decals applied for in any application, $2.

(4) The division of motor vehicles shall issue certificates of number for the identifying numbers assigned to a dealer or manufacturer in the same manner as provided in 23-2-512(1) and (10), as amended, except that no boat may be described in the certificate and each certificate must state that the identifying number has been assigned to a dealer or manufacturer. A dealer's or manufacturer's certificate of number expires on *December 31* of the year for which it is issued.

(5) A dealer's or manufacturer's identifying number shall be displayed in the same manner as provided in 23-2-512(10), as amended, except that the number may be temporarily attached. The last three letters shall be "DLR" for dealer and "MFR" for manufacturer. These letters shall be included, respectively, in dealer or manufacturer identification numbers only.

(6) No person other than a dealer or manufacturer or an employee of a dealer or manufacturer may display or use a dealer's or manufacturer's identifying number. A dealer's or manufacturer's identifying number may be displayed only on motorboats owned by the dealer or manufacturer.

(7) No dealer or manufacturer or employee of a dealer or manufacturer may use a dealer's or manufacturer's identifying number for any purpose other than the purpose described in subsection (1) of this section."

Section 3. Section 23-2-515, MCA, is amended to read:

"23-2-515. License decals to be displayed. (1) Every Montana boat numbered in accordance with the provisions of 23-2-512 and 23-2-513 shall be required to display license decals. For this purpose the county treasurer, upon receipt of a certificate of tax of personal property showing payment

HeinOnline -- 1985 vol. I 568 1985

of tax on the motorboat for the current year, shall issue a pair of decals prepared and furnished by the division of motor vehicles with all new certificates of number and renewals thereof.

(2) The decals shall be of a style and design prescribed by the division of motor vehicles and shall be a color differing from the preceding year. The license decal will be serially numbered and have the expiration date of *December 31* of the appropriate year printed thereon.

(3) License decals shall be displayed only in the following manner: one valid license decal on each side of the forward half, 3 inches aft of the identifying numbers."

Section 4. **Extension of authority.** Any existing authority of the department of fish, wildlife, and parks and the department of justice to make rules on the subject of the provisions of this act is extended to the provisions of this act.

Section 5. **Implementation.** Certificates of number and license decals for motorboats and motorboat dealers expiring on April 30, 1985, shall be renewed for the period from May 1, 1985, to December 31, 1985, and all amounts collected in connection with the issuance must be prorated for that portion of the year.

Section 6. **Effective date.** This act is effective on passage and approval and applies to registration and licensure periods, as provided in section 5, and to subsequent periods.

Approved April 2, 1985.

CHAPTER NO. 324

[HB 573]

AN ACT PROVIDING FOR ODOMETER DISCLOSURE UPON TRANSFER OF MOTOR VEHICLE OWNERSHIP; PROVIDING PENALTIES; AMENDING SECTION 61-3-201, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-3-201, MCA, is amended to read:

"61-3-201. Transfer of interest. (1) Upon a transfer of any interest in a motor vehicle registered under the provisions of this chapter, the person whose interest is to be transferred shall write his signature with pen and ink upon the certificate of ownership issued for such vehicle in the appropriate space provided upon the reverse side of the certificate, and his signature shall be acknowledged before a notary public.

(2) Within 20 calendar days thereafter, the transferee shall forward both the endorsed certificate of ownership *with the odometer mileage statement required under [section 2]* and the certificate of registration, together with the information required under 61-3-202, to the county treasurer, who shall forward them to the division. No certificate of ownership or certificate of registration may be issued by the division until the outstanding certificates are surrendered to that office or their loss is established to its reasonable satisfaction. Failure to make application within the 20-day grace period subjects the transferee to a penalty of $10. The penalty is to be collected by the county treasurer at the time of registration and is in addition to the fees otherwise provided by law.

(3) In the event of a transfer by operation of law of any interest in a motor vehicle as upon inheritance, devise, or bequest, order in bankruptcy or insolvency, execution sale, repossession upon default in the performance of the terms of a lease or executory sales contract, or otherwise than by voluntary act of the person whose title or interest is transferred, the executor, administrator, receiver, trustee, sheriff, or other representative or successor in interest of the person whose interest is transferred shall forward to the division an application for a certificate of ownership in the form required for an original application for a certificate of ownership, together with a verified or certified statement of the transfer of such interest. The statement shall set forth the reason for the involuntary transfer, the interest so transferred, the name of the person to whom the interest is to be transferred, the process of procedure effecting such transfer, and other information requested by the division. Evidence and instruments otherwise required by law to effect a transfer of legal or equitable title to or an interest in chattels as may be required in such cases shall be furnished with the statement. If the division is satisfied that the transfer is regular and that all formalities required by law have been complied with, it shall send to the owner, conditional sales vendor, lessor, mortgagee, and other lienor, as shown by its records, notice of the intended transfer and thereafter, but not less than 5 days thereafter, shall issue a new certificate of ownership and

HeinOnline -- 1985 vol. I 581 1985

certificate of registration to the person entitled thereto. The notice herein required is complied with by deposit in the post office in Deer Lodge, Montana, such notice, postage prepaid, addressed to the person at the respective address shown on its records.

(4) When the vehicle certificate of ownership that is involuntarily transferred is not registered in this state, the procedure set forth above must be followed in applying for a new certificate of ownership and certificate of registration but the division need not send notice of intended transfer and shall issue a new certificate of ownership and a new certificate of registration to the person entitled thereto.

(5) (a) In the event of the death of the owner of one or more motor vehicles, trailers, semitrailers, or housetrailers registered hereunder and not exceeding a combined value of $15,000 without leaving other property necessitating the procuring of letters of administration or letters testamentary, then the surviving spouse or other heir unless such property is by will otherwise bequeathed may secure transfer of the decedent's certificate of ownership and the certificate of registration for the vehicle.

(b) The person seeking transfer of the certificate of ownership shall file an affidavit with the division setting forth the fact of survivorship and the name and address of any other heirs and such other facts as are hereby made necessary to entitle the affiant to a transfer.

(c) The division is authorized to transfer the certificate of ownership and certificate of registration, subject to all security interests shown by its records, upon receipt of an affidavit showing that the affiant is entitled to a transfer under the provisions of subsection (5)(a) of this section.

(6) Nothing in subsection (5) shall prevent any secured party from assigning his interest in a motor vehicle registered under the provisions of this chapter to any other person without the consent of and without affecting the interest of the holder of the certificate of ownership and certificate of registration. Upon any assignment by a secured party of his security interest in any motor vehicle registered under this chapter, a copy of such assignment must be filed with the division and record thereof made upon its records.

(7) The certificates of ownership shall remain valid until canceled by the division upon a transfer of any interest shown therein and need not be renewed annually."

Section 2. **Odometer disclosure requirements.** (1) Except as provided in subsection (3), before executing any transfer of ownership document relating to a motor vehicle, each seller of a motor vehicle shall record on the certificate of ownership the odometer reading at the time of transfer or, if the certificate of ownership does not provide for the recording of the odometer reading, furnish to the purchaser a written statement signed by each seller, containing the following information:

(a) the odometer reading at the time of transfer;

(b) the date of transfer;

(c) the seller's name and current address;

HeinOnline -- 1985 vol. I 582 1985

(d) the purchaser's name and current address;

(e) the vehicle year, make, body style, and identification number;

(f) one of the following statements or certification:

(i) a certification by the seller that, to the best of his knowledge, the odometer reading reflects the actual miles or kilometers the vehicle has been driven;

(ii) if the seller knows that the odometer reading reflects the amount of mileage in excess of the designed mechanical odometer limit of 99,999 miles or kilometers, he shall include a statement to that effect; or

(iii) if the seller knows that the odometer reading differs from the number of miles or kilometers the vehicle has actually traveled and that the difference is greater than that caused by odometer calibration error, he shall include a statement that the odometer reading is not the actual mileage and should not be relied upon.

(2) The purchaser shall acknowledge receipt of the disclosure statement by signing it.

(3) The seller of the following types of motor vehicles need not disclose the odometer reading of the vehicle as required in subsection (1):

(a) a motor vehicle that is 6 years old or older;

(b) a vehicle that is not self-propelled;

(c) a new motor vehicle transferred between dealers prior to its first retail sale, unless such vehicle has been used as a demonstrator.

Section 3. **Penalty for tampering with odometer or violating odometer statement requirements.** (1) It is unlawful for a person to tamper with the odometer of a motor vehicle. It is considered tampering if a person removes, turns back, or changes the reading on the odometer, except when repairing or replacing a defective odometer and setting it anew to show the true mileage, or if a person sells, offers for sale, uses, installs, or causes to be installed any device that causes the odometer to register a mileage reading other than the true mileage for the purpose of deceiving a prospective purchaser. For purposes of this section, the true mileage is that driven by the vehicle as registered by the odometer within the manufacturer's designed tolerance.

(2) A person who purposely or knowingly violates the provisions of [section 2] or subsection (1) of this section is guilty of a misdemeanor. If that person is a motor vehicle dealer, the division shall place the dealer in a 1-year probationary license status upon a first conviction. For a second or subsequent conviction of a violation of [section 2] or subsection (1) of this section, the division may suspend or revoke the dealer's license. Action by the division under this subsection must conform to the contested case procedures in Title 2, chapter 4.

Section 4. **Codification instruction.** Sections 2 and 3 are intended to be codified as an integral part of Title 61, chapter 3, and the provisions of Title 61 apply to sections 2 and 3.

HeinOnline -- 1985 vol. I 583 1985

Section 5. **Extension of authority.** Any existing authority of the department of justice, motor vehicles division, to make rules on the subject of the provisions of this act is extended to the provisions of this act.

Approved April 2, 1985.

The amount of the assessment for the group of all physicians must be equally assessed against all physicians. The amount of the assessment for the group of all other health care facilities must be equally assessed against all other health care facilities. Surplus funds, if any, over and above the amount required for the annual administration of the chapter shall be retained by the director and used to finance the administration of this chapter in succeeding years, in which event the director shall reduce the annual assessment in subsequent years, commensurate with the proper administration of this chapter.

(3) The annual surcharge shall be paid on or before the date physicians' annual registration fees are due under 37-3-313. *All unpaid assessments bear a late charge fee equal to the judgment rate of interest. The late charge fee is part of the annual surcharge.* The director has the same powers and duties in connection with the collection of and failure to pay the annual surcharge as the department of commerce has under 37-3-313 in connection with physicians' annual registration fees."

(2) In *all other* cases, two of the panel members *must* be *physicians,* one panel member *must* be *an administrator of the same type of* health care *facility, and three panel members must be attorneys.*"

Be it enacted by the Legislature of the State of Montana:

Section 1. **Air search and rescue volunteers — expenses — workers' compensation coverage.** (1) The department may temporarily employ an airman or other person who volunteers to aid in the aerial search for a missing aircraft being conducted by the department.

(2) The department and volunteer stand in the relationship of employer and employee for purposes of and as those terms are defined in Title 39, chapter 71. The department must have each volunteer covered by the Workers' Compensation Act in Title 39, chapter 71, during the course of the volunteer's assistance.

(3) Volunteers are not salaried employees and are not entitled to wages and benefits. The department may in its discretion reimburse volunteers for their otherwise uncompensated out-of-pocket expenses, including but not limited to their expenditures for fuel, oil, food, and lodging.

The terms include aliens and minors, whether lawfully or unlawfully employed, and all of the elected and appointed paid public officers and officers and members of boards of directors of quasi-public or private corporations while rendering actual service for such corporations for pay. Household or domestic service is excluded.

HeinOnline -- 1985 vol. I 595 1985

(c) a person receiving on-the-job vocational rehabilitation training or other on-the-job training under a state or federal vocational training program, whether or not under an appointment or contract of hire with an employer as defined in this chapter and whether or not receiving payment from a third party. However, this subsection does not apply to students enrolled in vocational training programs as outlined above while they are on the premises of a public school or community college;

(d) students enrolled and in attendance in programs of vocational technical education approved by the state board of public education at designated postsecondary vocational technical centers; *or*

(e) an airman or other person employed as a volunteer under [section 1].

(2) If the employer is a partnership or sole proprietorship, such employer may elect to include as an employee within the provisions of this chapter any member of such partnership or the owner of the sole proprietorship devoting full time to the partnership or proprietorship business. In the event of such election, the employer must serve upon the employer's insurer written notice naming the partners or sole proprietor to be covered, and no partner or sole proprietor shall be deemed an employee within this chapter until such notice has been given. For premium ratemaking and for the determination of weekly wage for weekly compensation benefits, the insurance carrier shall assume a salary or wage of such electing employee to be not less than $900 a month and not more than 1 ½ times the average weekly wage as defined in this chapter."

Section 3. Section 39-71-401, MCA, is amended to read:

"39-71-401. Employments covered and employments exempted. (1) Except as provided in subsection (2) of this section, the Workers' Compensation Act applies to all employers as defined in 39-71-117 and to all employees as defined in 39-71-118. An employer who has any employee in service under any appointment or contract of hire, expressed or implied, oral or written, shall elect to be bound by the provisions of compensation plan No. 1, 2, or 3. Every employee whose employer is bound by the Workers' Compensation Act is subject to and bound by the compensation plan that has been elected by the employer.

(2) Unless the employer elects coverage for these employments under this chapter and an insurer allows such an election, the Workers' Compensation Act does not apply to any of the following employments:

(a) household and domestic employment;

(b) casual employment as defined in 39-71-116(3) *except employment of a volunteer under [section 1]*;

(f) any person performing services in return for aid or sustenance only *except employment of a volunteer under [section 1]*;

(g) employment with any railroad engaged in interstate commerce, except that railroad construction work shall be included in and subject to the provisions of this chapter.

(3) A sole proprietor or working member of a partnership who holds himself out or considers himself an independent contractor and who is not contracting for agricultural services to be performed on a farm or ranch or for broker or salesman services performed under a license issued by the board of realty regulation must elect to be bound personally and individually by the provisions of compensation plan No. 1, 2, or 3, but he may apply to the division for an exemption from the Workers' Compensation Act for himself. The application must be made in accordance with the rules adopted by the division. The division may deny the application only if it determines that the applicant is not an independent contractor. When an application is approved by the division, it is conclusive as to the status of an independent contractor and precludes the applicant from obtaining benefits under this chapter.

(4) Each employer shall post a sign in the workplace at the locations where notices to employees are normally posted, informing employees about the employer's current provision of compensation insurance. A workplace is any location where an employee performs any work-related act in the course of employment, regardless of whether the location is temporary or permanent, and includes the place of business or property of a third person while the employer has access to or control over such place of business or property for the purpose of carrying on his usual trade, business, or occupation. The sign will be provided by the division, distributed through insurers or directly by the division, and posted by employers in accordance with rules adopted by the division. An employer who purposely or knowingly fails to post a sign as provided in this subsection is subject to a $50 fine for each citation."

CHAPTER NO. 341

[SB 206]

AN ACT REVISING THE METHOD OF FILING SECURITY INTERESTS IN MOTOR VEHICLES AND SNOWMOBILES; EXEMPTING VEHICLES CONSTITUTING DEALER INVENTORY FROM PERFECTION OF SECURITY INTERESTS BY NOTATION ON TITLE; AMENDING SECTIONS 23-2-612, 61-3-103, AND 61-3-202, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 23-2-612, MCA, is amended to read:

"23-2-612. Transfer of interest. (1) Except as provided in subsection (3), upon a transfer of any certificate of ownership to a snowmobile registered as required under the provisions of this part, the person whose title or interest is to be transferred shall write his signature with pen and ink upon the certificate of ownership issued for the snowmobile in the appropriate space provided upon the reverse side of the certificate, and such signature shall be acknowledged before a notary public.

(2) Within 20 calendar days thereafter, the transferee shall make application for transfer of the certificate of ownership so endorsed with the county treasurer of the county in which the transferee resides and also make application for registration of the snowmobile. The county treasurer shall forward the application to the division of motor vehicles, which shall file the same upon receipt thereof. No certificate of ownership may be issued by the division until the outstanding certificates are surrendered to that office or their loss established to its reasonable satisfaction. The county treasurer shall collect a fee of $3 for each application for transfer of ownership, of which $2 shall be forwarded to the division of motor vehicles for deposit in the motor vehicle recording account of the state special revenue fund.

(3) A purchaser of a new or used snowmobile from a licensed snowmobile dealer has a grace period of 20 calendar days from the date of purchase to register the snowmobile, make application for a certificate of ownership, and obtain a decal indicating that the fee in lieu of property tax has been paid on the snowmobile for the current year. It is not a violation of this part or any other law for the purchaser to operate a newly acquired snowmobile without a certificate of ownership, certificate of registration, and a decal during the 20-day period. During this period the sticker, provided for in subsection (4), shall remain affixed to the snowmobile.

(4) Prior to the delivery of the snowmobile to the purchaser, the dealer shall issue and affix to the snowmobile a sticker (in a form to be prescribed by the division of motor vehicles). The sticker shall contain the name and address of the purchaser, the date of sale, the name and address of the dealer, and a description of the snowmobile, including its serial number. The dealer shall keep a copy of the sticker for his records and shall send a copy of the sticker to the division.

HeinOnline -- 1985 vol. I 604 1985

(5) The provisions of subsection (2) of this section do not apply in the event of the transfer of a snowmobile to a duly licensed snowmobile dealer intending to resell the snowmobile and who operates it only for demonstration purposes, but every such dealer, upon transferring such interest, shall deliver the certificate of ownership with an application for a new certificate executed by the new owner in accordance with the provisions of this part. The division, upon receipt of the certificate of ownership and application for a new certificate, *containing notice of a security interest*, if any, shall issue a new certificate of ownership together with a statement of any conditional sales contract, mortgage, or other lien."

Section 2. Section 61-3-103, MCA, is amended to read:

"61-3-103. Filing of security interests, rights, procedure, fees. (1) No security interest in a motor vehicle shall be valid as against creditors, subsequent purchasers, or encumbrancers unless *a lien notice, on a form approved by the division, that shows a security interest has been created,* has been filed with the division as provided in this section. The division shall not file any security *interest* or other lien unless it is accompanied by *or specified in the application for a* certificate of ownership of the vehicle encumbered. *If the approved notice form is transmitted to the division, the security agreement or other lien instrument that creates the security interest must be retained by the secured party. A copy of the security agreement is sufficient as a lien notice if it contains the name and address of the debtor and the secured party, the complete vehicle description, amount of lien, and is signed by the debtor.* The division shall file the security *interest or* lien by entering the name and address of the secured party upon the face of the certificate of ownership. The division shall mail a statement certifying to the filing of a security *interest* or lien to the secured party and mail the certificate of ownership to the owner at the address given on the certificate. The owner of a motor vehicle is the person entitled to operate and possess such motor vehicle.

(2) A security interest in a motor vehicle held as inventory by a dealer licensed under the provisions of 61-4-101, must be perfected in accordance with Title 30, chapter 9, and no endorsement on the certificate of title is necessary for perfection.

(3) Whenever a security *interest* or lien is filed against a motor vehicle that is subject to two security interests previously perfected by filing under this section, the division shall endorse on the face of the certificate of ownership, "NOTICE. This motor vehicle is subject to additional security interests on file with the Division of Motor Vehicles." No other information regarding such additional security interests need be endorsed on the certificate.

(4) Satisfactions or statements of release filed with the division under this chapter shall be retained by it for a period of 8 years after receipt, after which they may be destroyed.

(5) The filing of a security *interest* or other lien, as herein provided, perfects a security interest which has attached *at the time the certificate of ownership noting such interest is issued. Issuance of a certificate of ownership* constitutes constructive notice to subsequent purchasers or encumbrancers, from the time of filing, of the existence of the security interest.

HeinOnline -- 1985 vol. I 605 1985

(6) Upon default under a chattel mortgage or conditional sales contract covering a motor vehicle, the mortgagee or vendor has the same remedies as in the case of other personal property. In case of attachment of motor vehicles all the provisions of 27-18-413, 27-18-414, and 27-18-804 shall be applicable except that deposits must be made with the division.

(7) A conditional sales vendor or chattel mortgagee or assignee who fails to file a satisfaction of a chattel mortgage, assignment, or conditional sales contract within 15 days after receiving final payment shall be required to pay the division the sum of $1 for each day thereafter that he fails to file such satisfaction.

(8) Upon receipt of any liens, or notice of liens dependent on possession, or attachments, etc., against the record of any motor vehicle registered in this state, the division shall within 24 hours mail to the owner, conditional sale vendor, mortgagees, or assignees of any thereof a notice showing the name and address of the lien claimant, amount of the lien, date of execution of lien, and in the case of attachment the full title of the court and the action and the name of the attorneys for the plaintiff and/or attaching creditor.

(9) It shall not be necessary to refile with the division any instruments on file in the offices of the county clerk and recorders at the time this law takes effect.

(10) A fee of $3 shall be paid to the division to file any security *interest* or other lien against a motor vehicle. The $3 fee shall include and cover the cost of filing a satisfaction or release of the security interest and also the cost of entering such satisfaction or release on the records of the division and deleting the endorsement of the security interest from the face of the certificate of ownership. A fee of $3 shall be paid the division for issuing a certified copy of a *certificate of ownership subject to a* security *interest* or other lien on file in the office of the division, or for filing an assignment of any *security interest or other lien* on file with the division. All fees provided for in this section shall be deposited by the division in the motor vehicle recording account of the state special revenue fund."

Section 3. Section 61-3-202, MCA, is amended to read:

"61-3-202. Certificate of ownership — issuance — contents — joint ownership. (1) Upon completion of the application for certificate of ownership, on forms furnished by the division, the county treasurer shall forward one copy of the application to the division, which shall enter the information contained in the application upon the corresponding records of its office and shall furnish the applicant a certificate of ownership subject to the provisions of 61-3-103.

(2) The certificate of ownership shall contain upon the face thereof:

(a) the date issued;

(b) the name and complete address of the owner or the names and addresses of joint owners;

(c) except as provided in 61-3-103, the name and complete address of any holder of a perfected security interest in the registered vehicle;

HeinOnline -- 1985 vol. I 606 1985

(d) a description of the registered vehicle, including the year built and serial number;

(e) except as provided in 61-3-103, the filing date of any lien against such motor vehicle; and

(f) such other statement of facts as may be determined by the division.

(3) When the names and addresses of more than one owner who are members of the same immediate family are listed on the certificate of ownership, joint ownership with right of survivorship, and not as tenants in common, is presumed.

(4) Upon receipt of the application, the division shall recheck the application. If there is any error in the application it may be returned to the county treasurer to effectively secure the correction of such error, who shall return the same to the division.

(5) The certificate of ownership shall contain a notice to the division of a transfer of interest of the owner and such other statements as may be determined by the division."

Section 4. **Saving clause.** This act does not affect any security interest or lien filed or perfected prior to October 1, 1985.

Section 5. **Extension of authority.** Any existing authority of the division of motor vehicles to make rules on the subject of the provisions of this act is extended to the provisions of this act.

Approved April 3, 1985.

Schedule of maximum reimbursement by mileage rates.** (1) The following mileage rates for school transportation constitute the maximum reimbursement to districts for school transportation from state and county sources of transportation revenue under the provisions of 20-10-145 and 20-10-146. These rates shall not limit the amount which a district may budget in its transportation fund budget in order to provide for the estimated and necessary cost of school transportation during the ensuing school fiscal year. All bus miles traveled on routes approved by the county transportation committee are reimbursable. *Nonbus mileage is reimbursable for a vehicle driven by a bus driver to and from an overnight location of a school bus when the location is more than 10 miles from the school.* A district may approve additional bus *or nonbus* miles within its own district or approved service area but may not claim reimbursement for such mileage. (b) when the rated capacity is more than 45 children, an additional 2 cents per bus mile for each additional child in the rated capacity in excess of 45 shall be added to a base rate of 72 cents in fiscal 1984 and 80 cents in fiscal 1985 and each year thereafter per bus mile.

(3) Reimbursement for nonbus mileage provided for in subsection (1) may not exceed 50% of the maximum reimbursement rate determined under subsection (2).

(4) When the number of eligible transportees boarding a school bus on an approved route is less than one-half of its rated capacity, the rate per bus mile traveled shall be computed as follows:

(a) determine the number of eligible transportees that board the school bus on the route;

(b) multiply the number determined in subsection *(4)(a)* by two and round off to the nearest whole number; and

(c) use the adjusted rated capacity determined in subsection *(4)(b)* as the rated capacity of the bus to determine the rate per bus mile traveled from the rate schedule in subsection (2).

(5) The rated capacity shall be the number of riding positions of a school bus as determined under the policy adopted by the board of public education."

Section 2. **Extension of authority.** Any existing authority of the superintendent of public instruction to make rules on the subject of the provisions of this act is extended to the provisions of this act.

shall be required for each mine complex. Prior to receiving an operating permit from the board, any person must pay the basic permit fee of $25 and must submit an application on a form provided by the board, which shall contain the following information and any other pertinent data required by the rules:

(a) name and address of the operator and, if a corporation or other business entity, the name and address of its principal officers, partners, and the like and its resident agent for service of process, if required by law;

(b) minerals expected to be mined;

(c) a proposed reclamation plan;

(d) expected starting date of mining;

(e) a map showing the specific area to be mined and the boundaries of the land which will be disturbed, topographic detail, the location and names of all streams, roads, railroads, and utility lines on or immediately adjacent to the area, location of proposed access roads to be built, and the names and addresses of the surface and mineral owners of all lands within the mining area, to the extent known to applicant;

(f) types of access roads to be built and manner of reclamation of road sites on abandonment;

(g) a plan of mining which will provide, within limits of normal operating procedures of the industry, for completion of mining and associated land disturbances;

(h) ground water and surface water hydrologic data gathered from a sufficient number of sources and length of time to characterize the hydrologic regime;

(i) a plan detailing the design, operation, and monitoring of impounding structures, including but not limited to tailings impoundments and water reservoirs, sufficient to ensure that such structures are safe and stable;

(j) a plan identifying methods to be used to monitor for the accidental discharge of objectionable materials and remedial action plans to be used to control and mitigate discharges to surface or ground water; and

(k) an evaluation of the expected life of any tailings impoundment or waste area and the potential for expansion of the tailings impoundment or waste site.

(2) Except as provided in subsection (3), the permit provided for in subsection (1) for a large-scale mineral development as defined in 90-6-302 shall be conditioned to provide that activities under the permit may not commence until the hard-rock mining impact board approves the impact plan under 90-6-307 and until the permittee has provided a written guarantee to the department and to the hard-rock mining impact board of compliance within the time schedule with the commitment made in the impact plan approved by the hard-rock mining impact board, as provided in 90-6-307. If the permittee does not comply with that commitment within the time scheduled, the board, upon receipt of written notice from the

HeinOnline -- 1985 vol. I 613 1985

hard-rock mining impact board, shall suspend the permit until it receives written notice from the hard-rock mining impact board that the permittee is in compliance.

(3) Compliance with 90-6-307 is not required for exploration and bulk sampling for metallurgical testing when the aggregate samples are less than 10,000 tons."

Section 2. Section 82-4-336, MCA, is amended to read:

"82-4-336. Reclamation plan and specific reclamation requirements. (1) The reclamation plan shall provide that reclamation activities, particularly those relating to control of erosion, to the extent feasible, shall be conducted simultaneously with mining and in any case shall be initiated promptly after completion or abandonment of mining on those portions of the mine complex that will not be subject to further disturbance by the mining operation. In the absence of an order by the board providing a longer period, the plan shall provide that reclamation activities shall be completed not more than 2 years after completion or abandonment of mining on that portion of mine complex.

(2) In the absence of emergency or suddenly threatened or existing catastrophe, an operator may not depart from an approved plan without previously obtaining from the department written approval of his proposed change.

(3) Provision shall be made to avoid accumulation of stagnant water in the mined area which may serve as a host or breeding ground for mosquitoes or other disease-bearing or noxious insect life.

(4) All final grading shall be made with nonnoxious, nonflammable, noncombustible solids unless approval has been granted by the board for a supervised sanitary fill.

(5) Where mining has left an open pit exceeding 2 acres of surface area and the composition of the floor or walls of the pit are likely to cause formation of acid, toxic, or otherwise pollutive solutions (hereinafter "objectionable effluents") on exposure to moisture, the reclamation plan shall include provisions which adequately provide for:

(a) insulation of all faces from moisture or water contact by covering to a depth of 2 feet or more with material or fill not susceptible itself to generation of objectionable effluents;

(b) processing of any objectionable effluents in the pit before their being allowed to flow or be pumped out of it to reduce toxic or other objectionable ratios to a level considered safe to humans and the environment by the board;

(c) drainage of any objectionable effluents to settling or treatment basins when the objectionable effluents must be reduced to levels considered safe by the board before release from the settling basin; or

(d) absorption or evaporation of objectionable effluents in the open pit itself; and

HeinOnline -- 1985 vol. I 614 1985

(e) prevention of entrance into the open pit by persons or livestock lawfully upon adjacent lands by fencing, warning signs, and such other devices as may reasonably be required by the board.

(6) Provisions for vegetative cover shall be required in the reclamation plan if appropriate to the future use of the land as specified in the reclamation plan. *The reestablished vegetative cover shall meet county standards for noxious weed control.*

(7) The reclamation plan shall provide for the reclamation of all disturbed land. Proposed reclamation *shall provide for the reclamation of disturbed land to comparable utility and stability as that of adjacent areas, except for open pits and rock faces which may not be feasible to reclaim. In such excepted cases, the board shall require sufficient measures to insure public safety and to prevent the pollution of air or water and the degradation of adjacent lands.*

(8) A reclamation plan shall be approved by the board if it adequately provides for the accomplishment of the activities specified in this section.

(9) The reclamation plan shall provide for permanent landscaping and contouring to minimize the amount of precipitation that infiltrates into disturbed areas, including but not limited to tailings impoundments and waste rock dumps. The plan shall also provide measures to prevent objectionable postmining ground water discharges."

Section 3. Section 82-4-338, MCA, is amended to read:

"**82-4-338. Performance bond.** (1) The applicant shall file with the department a bond payable to the state of Montana with surety satisfactory to the department in the penal sum to be determined by the department of not less than $200 or more than $2,500 for each acre or fraction thereof of the disturbed area, conditioned upon the faithful performance of the requirements of this part and the rules of the board. In lieu of such bond, the applicant may file with the board a cash deposit, an assignment of a certificate of deposit, or other surety acceptable to the board. Regardless of the above limits, the bond shall not be less than the estimated cost to the state to complete the reclamation of the disturbed land. A public or governmental agency shall not be required to post a bond under the provisions of this part. A blanket performance bond covering two or more operations may be accepted by the board. Such blanket bond shall adequately secure the estimated total number of acres of disturbed land. When determined by the department that the set bonding level of a permit or license does not represent the present costs of reclamation, the department may modify the bonding requirements of that permit or license.

(2) No bond filed in accordance with the provisions of this part shall be released by the department until the provisions of this part, the rules adopted pursuant thereto, and this reclamation plan have been fulfilled.

(3) No bond filed for an operating permit obtained under 82-4-335 may be released until the public has been provided an opportunity for a hearing."

Section 4. **Mandamus to compel enforcement.** (1) Any person having an interest that is or may be adversely affected, with knowledge that

HeinOnline -- 1985 vol. I 615 1985

a requirement of this part or a rule adopted under this part is not being enforced by a public officer or employee whose duty it is to enforce the requirement or rule, may bring the failure to the attention of the public officer or employee by an affidavit stating the specific facts of the failure. Knowingly making false statements or charges in the affidavit subjects the affiant to penalties prescribed for false swearing, as provided in 45-7-202.

(2) If the public officer or employee neglects or refuses for an unreasonable time after receipt of the affidavit to enforce the requirement or rule, the affiant may bring an action of mandamus in the district court of the first judicial district or in the district court of the county in which the land is located. If the court finds that a requirement of this part or a rule adopted under this part is not being enforced, it shall order the public officer or employee to perform his duties. If he fails to do so, the public officer or employee must be held in contempt of court and is subject to the penalties provided by law.

(3) Any person having an interest that is or may be adversely affected may commence a civil action on his own behalf to compel compliance with this part against any person for the violation of this part or any rule, order, or permit issued under it. However, no such action may commence:

(a) prior to 60 days after the plaintiff has given notice in writing to the department and to the alleged violator; or

(b) if the department has commenced and is diligently prosecuting a civil action to require compliance with the provisions of this part or any rule, order or permit issued under it. Any person having an interest that is or may be adversely affected may intervene as a matter of right in any such civil action.

(4) Nothing in this section restricts any right of any person under any statute or common law to seek enforcement of this part or the rules adopted under it or to seek any other relief.

Section 5. **Action for damages to water supply — replacement.** (1) An owner of an interest in real property who obtains all or part of his supply of water for beneficial uses, as defined in 85-2-102, from an underground source other than a subterranean stream having a permanent, distinct, and known channel may sue the operator engaged in a mining or exploration operation to recover damages for loss in quality or quantity of the water supply resulting from mining or exploration. The owner is required to exhaust the administrative remedy under subsection (2) prior to filing suit.

(2) (a) An owner described in subsection (1) may file a complaint with the department detailing the loss in quality or quantity of water. Upon receipt of a valid complaint, the department:

(i) shall investigate the statements and charges in the complaint, using all available information, including monitoring data gathered at the exploration or mine site;

(ii) may require the operator, if necessary, to install monitoring wells or other practices that may be needed to determine the cause of water loss, if there is a loss, in terms of quantity and quality;

HeinOnline -- 1985 vol. I 616 1985

(iii) shall issue a written finding specifying the cause of the water loss, if there is a loss, in terms of quantity and quality;

(iv) shall, if it determines that the preponderance of evidence indicates that the loss is caused by an exploration or mining operation, order the operator, in compliance with Title 85, chapter 2, to provide the needed water immediately on a temporary basis and within a reasonable time replace the water in like quality, quantity, and duration. If the water is not replaced, the department shall order the suspension of the operator's exploration or operating permit until such time as the operator provides substitute water, except that nothing in this section preempts Title 85, chapter 2. The operator may not be required to replace a junior right if the operator's withdrawal or dewatering is not in excess of his senior right.

(b) If the department determines that there is a great potential that surface or subsurface water quality and quantity may be adversely affected by a mining or exploration operation, the operator shall install a water quality monitoring program, water quantity monitoring program, or both, which must be approved by the department prior to the commencement of exploration or mining.

Section 6. **Codification instruction.** Sections 4 and 5 are intended to be codified as an integral part of Title 82, chapter 4, part 3, and the provisions of Title 82, chapter 4, part 3, apply to sections 4 and 5.

Section 7. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 8. **Extension of rulemaking authority.** Any existing authority of the board of land commissioners or department of state lands to make rules on the subject of the provisions of this act is extended to the provisions of this act.

Approved April 3, 1985.

CHAPTER NO. 346

[SB 257]

AN ACT TO REVISE A TIME FOR TRIAL LIMITATION IN THE DETAINER LAW SO THAT IT CONFORMS TO THE INTERSTATE AGREEMENT ON DETAINERS; AMENDING SECTION 46-31-101, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 46-31-101, MCA, is amended to read:

"46-31-101. Agreement on detainers — enactment and text. The agreement on detainers is hereby enacted into law and entered into by

HeinOnline -- 1985 vol. I 617 1985

this state with all other jurisdictions legally joining therein in the form substantially as follows:

The contracting states solemnly agree that:

Article I

The party states find that charges outstanding against a prisoner, detainers based on untried indictments, informations, or complaints, and difficulties in securing speedy trial of persons already incarcerated in other jurisdictions produce uncertainties which obstruct programs of prisoner treatment and rehabilitation. Accordingly, it is the policy of the party states and the purpose of this agreement to encourage the expeditious and orderly disposition of such charges and determination of the proper status of any and all detainers based on untried indictments, informations, or complaints. The party states also find that proceedings with reference to such charges and detainers, when emanating from another jurisdiction, cannot properly be had in the absence of cooperative procedures. It is the further purpose of this agreement to provide such cooperative procedures.

Article II

As used in this agreement:

(1) "state" shall mean a state of the United States, the United States of America, a territory or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico;

(2) "sending state" shall mean a state in which a prisoner is incarcerated at the time that he initiates a request for final disposition pursuant to Article III hereof or at the time that a request for custody or availability is initiated pursuant to Article IV hereof;

(3) "receiving state" shall mean the state in which trial is to be had on an indictment, information, or complaint pursuant to Article III or Article IV hereof.

Article III

(1) Whenever a person has entered upon a term of imprisonment in a penal or correctional institution of a party state and whenever during the continuance of the term of imprisonment there is pending in any other party state any untried indictment, information, or complaint on the basis of which a detainer has been lodged against the prisoner, he shall be brought to trial *within 180 days* after he shall have caused to be delivered to the prosecuting officer and the appropriate court of the prosecuting officer's jurisdiction written notice of the place of his imprisonment and his request for a final disposition to be made of the indictment, information, or complaint; provided that for good cause shown in open court, the prisoner or his counsel being present, the court having jurisdiction of the matter may grant any necessary or reasonable continuance. The request of the prisoner shall be accompanied by a certificate of the appropriate official having custody of the prisoner, stating the term of commitment under which the prisoner is being held, the time already served, the time remaining to be served on the sentence, the amount of good time earned, the time

HeinOnline -- 1985 vol. I 618 1985

of parole eligibility of the prisoner, and any decisions of the state parole agency relating to the prisoner.

(2) The written notice and request for final disposition referred to in subsection (1) hereof shall be given or sent by the prisoner to the warden, commissioner of corrections, or other official having custody of him, who shall promptly forward it together with the certificate to the appropriate prosecuting official and court by registered or certified mail, return receipt requested.

(3) The warden, commissioner of corrections, or other official having custody of the prisoner shall promptly inform him of the source and contents of any detainer lodged against him and shall also inform him of his right to make a request for final disposition of the indictment, information, or complaint on which the detainer is based.

(4) Any request for final disposition made by a prisoner pursuant to subsection (1) hereof shall operate as a request for final disposition of all untried indictments, informations, or complaints on the basis of which detainers have been lodged against the prisoner from the state to whose prosecuting official the request for final disposition is specifically directed. The warden, commissioner of corrections, or other official having custody of the prisoner shall forthwith notify all appropriate prosecuting officers and courts in the several jurisdictions within the state to which the prisoner's request for final disposition is being sent of the proceeding being initiated by the prisoner. Any notification sent pursuant to this subsection shall be accompanied by copies of the prisoner's written notice, request, and the certificate. If trial is not had on any indictment, information, or complaint contemplated hereby prior to the return of the prisoner to the original place of imprisonment, such indictment, information, or complaint shall not be of any further force or effect, and the court shall enter an order dismissing the same with prejudice.

(5) Any request for final disposition made by a prisoner pursuant to subsection (1) hereof shall also be deemed to be a waiver of extradition with respect to any charge or proceeding contemplated thereby or included therein by reason of subsection (4) hereof and a waiver of extradition to the receiving state to serve any sentence there imposed upon him after completion of his term of imprisonment in the sending state. The request for final disposition shall also constitute a consent by the prisoner to the production of his body in any court where his presence may be required in order to effectuate the purposes of this agreement and a further consent voluntarily to be returned to the original place of imprisonment in accordance with the provisions of this agreement. Nothing in this paragraph shall prevent the imposition of a concurrent sentence if otherwise permitted by law.

(6) Escape from custody by the prisoner subsequent to his execution of the request for final disposition referred to in subsection (1) hereof shall void the request.

Article IV

(1) The appropriate officer of the jurisdiction in which an untried indictment, information, or complaint is pending shall be entitled to have

HeinOnline -- 1985 vol. I 619 1985

a prisoner against whom he has lodged a detainer and who is serving a term of imprisonment in any party state made available in accordance with Article V(1) hereof upon presentation of a written request for temporary custody or availability to the appropriate authorities of the state in which the prisoner is incarcerated; provided that the court having jurisdiction of such indictment, information, or complaint shall have duly approved, recorded, and transmitted the request; and provided further that there shall be a period of 30 days after receipt by the appropriate authorities before the request be honored, within which period the governor of the sending state may disapprove the request for temporary custody or availability either upon his own motion or upon motion of the prisoner.

(2) Upon receipt of the officer's written request as provided in subsection (1) hereof, the appropriate authorities having the prisoner in custody shall furnish the officer with a certificate stating the term of commitment under which the prisoner is being held, the time already served, the time remaining to be served on the sentence, the amount of good time earned, the time of parole eligibility of the prisoner, and any decisions of the state parole agency relating to the prisoner. Said authorities simultaneously shall furnish all other officers and appropriate courts in the receiving state who have lodged detainers against the prisoner with similar certificates and with notices informing them of the request for custody or availability and of the reasons therefor.

(3) In respect of any proceeding made possible by this article, trial shall be commenced within 120 days of the arrival of the prisoner in the receiving state, but for good cause shown in open court, the prisoner or his counsel being present, the court having jurisdiction of the matter may grant any necessary or reasonable continuance.

(4) Nothing contained in this article shall be construed to deprive any prisoner of any right which he may have to contest the legality of his delivery as provided in subsection (1), but such delivery may not be opposed or denied on the ground that the executive authority of the sending state has not affirmatively consented to or ordered such delivery.

(5) If trial is not had on any indictment, information, or complaint contemplated hereby prior to the prisoner's being returned to the original place of imprisonment pursuant to Article V(5) hereof, such indictment, information, or complaint shall not be of any further force or effect and the court shall enter an order dismissing the same with prejudice.

Article V

(1) In response to a request made under Article III or Article IV hereof, the appropriate authority in a sending state shall offer to deliver temporary custody of such prisoner to the appropriate authority in the state where such indictment, information, or complaint is pending against such person in order that speedy and efficient prosecution may be had. If the request for final disposition is made by the prisoner, the offer of temporary custody shall accompany the written notice provided for in Article III of this agreement. In the case of a federal prisoner, the appropriate authority in the receiving state shall be entitled to temporary custody as provided by this

HeinOnline -- 1985 vol. I 620 1985

agreement or to the prisoner's presence in federal custody at the place for trial, whichever custodial arrangement may be approved by the custodian.

(2) The officer or other representative of a state accepting an offer of temporary custody shall present the following upon demand:

(a) proper identification and evidence of his authority to act for the state into whose temporary custody the prisoner is to be given;

(b) a duly certified copy of the indictment, information, or complaint on the basis of which the detainer has been lodged and on the basis of which the request for temporary custody of the prisoner has been made.

(3) If the appropriate authority shall refuse or fail to accept temporary custody of said person or in the event that an action on the indictment, information, or complaint on the basis of which the detainer has been lodged is not brought to trial within the periods provided by this chapter, the appropriate court of the jurisdiction where the indictment, information, or complaint has been pending shall enter an order dismissing the same with prejudice and any detainer based thereon shall cease to be of any force or effect.

(4) The temporary custody referred to in this agreement shall be only for the purpose of permitting prosecution on the charge or charges contained in one or more untried indictments, informations, or complaints which form the basis of the detainer or detainers or for prosecution on any other charge or charges arising out of the same transaction. Except for his attendance at court and while being transported to or from any place at which his presence may be required, the prisoner shall be held in a suitable jail or other facility regularly used for persons awaiting prosecution.

(5) At the earliest practicable time consonant with the purposes of this agreement, the prisoner shall be returned to the sending state.

(6) During the continuance of temporary custody or while the prisoner is otherwise being made available for trial as required by this agreement, time being served on the sentence shall continue to run, but good time shall be earned by the prisoner only if, and to the extent that, the law and practice of the jurisdiction which imposed the sentence may allow.

(7) For all purposes other than that for which temporary custody as provided in this agreement is exercised, the prisoner shall be deemed to remain in the custody of and subject to the jurisdiction of the sending state and any escape from temporary custody may be dealt with in the same manner as an escape from the original place of imprisonment or in any other manner permitted by law.

(8) From the time that a party state receives custody of a prisoner pursuant to this agreement until such prisoner is returned to the territory and custody of the sending state, the state in which the one or more untried indictments, informations, or complaints are pending or in which trial is being had shall be responsible for the prisoner and shall also pay all costs of transporting, caring for, keeping, and returning the prisoner. The provisions of this subsection shall govern unless the states concerned shall have entered into a supplementary agreement providing for a different allocation

HeinOnline -- 1985 vol. I 621 1985

of costs and responsibilities as between or among themselves. Nothing herein contained shall be construed to alter or affect any internal relationship among the departments, agencies, and officers of and in the government of a party state or between a party state and its subdivisions as to the payment of costs or responsibilities therefor.

Article VI

(1) In determining the duration and expiration dates of the time periods provided in Articles III and IV of this agreement, the running of said time periods shall be tolled whenever and for as long as the prisoner is unable to stand trial, as determined by the court having jurisdiction of the matter.

(2) No provision of this agreement and no remedy made available by this agreement shall apply to any person who is adjudged to be mentally ill.

Article VII

Each state party to this agreement shall designate an officer who, acting jointly with like officers of other party states, shall promulgate rules and regulations to carry out more effectively the terms and provisions of this agreement and who shall provide within and without the state information necessary to the effective operation of this agreement.

Article VIII

This agreement shall enter into full force and effect as to a party state when such state has enacted the same into law. A state party to this agreement may withdraw herefrom by enacting a statute repealing the same. However, the withdrawal of any state shall not affect the status of any proceedings already initiated by inmates or by state officers at the time such withdrawal takes effect, nor shall it affect their rights in respect thereof.

Article IX

This agreement shall be liberally construed so as to effectuate its purposes. The provisions of this agreement shall be severable, and if any phrase, clause, sentence, or provision of this agreement is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person, or circumstances is held invalid, the validity of the remainder of this agreement and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this agreement shall be held contrary to the constitution of any state party hereto, the agreement shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters."

Section 2. **Effective date.** This act is effective on passage and approval.

Section 1. Section 71-1-206, MCA, is amended to read:

"**71-1-206. Future advances.** (1) The amount of future advances *or total indebtedness that may be outstanding at any given time* and subject to mortgage protection must be stated in the mortgage. *The* mortgagee may reserve the right, at the mortgagee's option, to refuse to make all or any part *of a future advance. The total amount of indebtedness that may be secured by the mortgage may decrease or increase from time to time, but the total principal amount of the obligations secured at any one time may not exceed the face amount stated in the mortgage together with interest as provided in the instrument secured by the mortgage.*

(2) The lien for *the* stated amount of future advances *or total indebtedness* shall, *notwithstanding the fact that from time to time during the term of the mortgage no indebtedness is due from the mortgagor to the mortgagee,* have priority to the same extent as if the amount thereof had been actually advanced by the mortgagee to the mortgagor at the time of the execution of the mortgage. *The lien extends to interest as provided in the instrument secured by the mortgage.*

(3) The mortgagee shall, upon demand of the mortgagor or a creditor, furnish a statement of all such advances and amounts paid on the principal sum secured, provided such statement shall not impair or affect the lien created for all advances. Upon receipt of such statement or at any other time following the execution and delivery of the mortgage, the mortgagor may deliver written notice, duly acknowledged, to the mortgagee plainly stating that the mortgagor does not desire to request or apply for any future advances if none have been allowed or for any further advances if additional advances have in fact been theretofore allowed under the mortgage, clearly identifying the mortgage by reference to its date, the parties thereto, and the principal amount of the original indebtedness and the limit

HeinOnline -- 1985 vol. I 642 1985

placed on contemplated future advances, if allowed. Upon the recording of such written notice by the mortgagor in the county and counties where the mortgage is recorded, the lien of the mortgage shall continue to have priority, but only for the aggregate amount of the indebtedness then existing, including any advances theretofore made, interest due, and other charges as evidenced by the original loan-contract and indebtedness thereafter accumulating on such basis, exclusive of any other future advances originally contemplated. *The mortgagor retains the right to demand satisfaction of the mortgage at any time the balance is zero.*"

Section 2. **Saving clause.** This act does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before the effective date of this act.

[SB 259]

AN ACT REMOVING THE REQUIREMENT THAT THE STATE PRISON RANCH REPAY GENERAL FUND LOANS BY THE END OF THE FISCAL YEAR; AMENDING SECTION 17-2-107, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 17-2-107, MCA, is amended to read:

"**17-2-107. Accurate accounting records and interaccount loans.** (1) The department of administration shall record receipts and disbursements for treasury funds and for accounts within treasury funds and shall maintain records in such a manner as to reflect the total cash and invested balance of each fund and each account. The department of administration shall adopt the necessary procedures to insure that interdepartmental or intradepartmental transfers of money do not result in inflation of figures reflecting total governmental costs and revenues.

(2) When the expenditure of an appropriation is necessary and the cash balance in the account from which the appropriation was made is insufficient, the department of administration may authorize a transfer, as a temporary loan bearing no interest, of unrestricted moneys from other accounts, provided that there is reasonable evidence that the income provided for the remainder of the fiscal year will be sufficient to restore the amount so transferred and provided the loan is recorded in the state accounting records. The loan must be repaid before the end of the fiscal

HeinOnline -- 1985 vol. I 650 1985

year unless it is extended under the criteria of subsection (3) or by specific legislative authorization. No account shall be so impaired that all proper demands thereon cannot be met even if the loan is extended.

(3) No loan may be extended into the next fiscal year unless it is for the sole purpose of:

(a) repairing or replacing property damage covered by insurance; or

(b) payment of expenses which will later be reimbursed by:

(i) contractual receipts due from federal revenue;

(ii) receipts due to the auxiliary and restricted subfunds;

(iii) receipts due to the loan fund; *or*

(iv) receipts from the sale of state prison ranch products.

(4) These loans may be extended into the next fiscal year if the department of administration receives sufficient written justification therefor from the borrower. A loan extended beyond the fiscal yearend must be repaid within 1 calendar year of the date the loan is approved. Under unusual circumstances the director of the department of administration may grant one extension of a loan for up to 1 year. The department of administration shall prepare a written justification and proposed repayment plan for each loan extension authorized and shall furnish a copy of the written justification and proposed repayment plan to the house appropriations and senate finance and claims committees at the next legislative session.

(5) Any loan from the general fund or the university current unrestricted subfund to funds designated in subsections (1)(d)(i)(D) and (1)(d)(ii) through (1)(d)(vi) of 17-2-102 shall bear interest at a rate equivalent to the previous fiscal year's average rate of return on the board of investment's short-term investment pool. Except for investment earnings on restricted donations, all designated and restricted subfund investment earnings are credited to the state general fund.

(6) No accounting entity may have a negative cash balance at fiscal yearend. The department of administration may, however, allow any entity to carry a negative balance at any point during the fiscal year subject to the following restrictions:

(a) Accounting entity negative cash balances may not exist more than 7 working days in the funds provided in subsections (1)(a) through (1)(c) of 17-2-102.

(b) Units of the university system must maintain positive cash balances in the subfunds provided in subsections (1)(d)(i)(A) through (1)(d)(i)(D) and (1)(d)(ii) through (1)(d)(vi) of 17-2-102."

HeinOnline -- 1985 vol. I 651 1985

(4) If the identity of the last registered owner cannot be determined, or if the registration contains no address for the owner, or if it is impossible to determine with reasonable certainty the identity and addresses of all lienholders, notice by one publication in one newspaper of general circulation in the county where the motor vehicle was abandoned shall be sufficient to meet all requirements of notice pursuant to this part. In the release the sheriff *or the city police* shall include a description of the vehicle including year, make, model, serial number, and license number if available. A release provided by the sheriff *or the city police* under this section shall be transmitted to the motor vehicle wrecking facility and shall be considered by that facility to meet the requirements for records under 75-10-512 and 75-10-513. Vehicles described in this section may be submitted without notice and without a required holding period."

He shall not be required to pay storage charges for a period longer than 90 days."

(2) After any vehicle has been so sold, the former owner or person entitled to possession has no further right, title, claim, or interest in or to the vehicle."

Section 4. Section 61-12-405, MCA, is amended to read:

"61-12-405. Certificate of sale. (1) When any vehicle is so sold, the sheriff *or the city police* at the time of the payment of the purchase price shall execute a certificate of sale in duplicate *and* shall deliver the original certificate to the purchaser and retain the copy.

HeinOnline -- 1985 vol. I 653 1985

(2) The certificate of sale shall contain the name and address of the purchaser, the date of sale, the consideration paid, a description of the vehicle, and a stipulation that no warranty is made as to the condition or title of the vehicle."

Section 5. Section 61-12-407, MCA, is amended to read:

[SB 307]

AN ACT TO CLARIFY THE JURISDICTION AND THE AUTHORITY OF THE COUNTY TAX APPEAL BOARDS AND THE STATE TAX APPEAL BOARD; AMENDING SECTIONS 15-1-303, 15-10-304, AND 15-23-104, MCA; AND REPEALING SECTION 15-8-305, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-1-303, MCA, is amended to read:

"15-1-303. Penalty for refusal to furnish information. (1) If any person shall refuse inspection of any books or records when requested by the department or its authorized agent or shall refuse or neglect to furnish any information called for by the department in the performance of its official duties relating to the assessment and taxation of property, the department shall make such determination and assessment of his or its property as in its judgment appears to be just and equitable and may add to its assessment thus made not more than 20% thereof as a penalty for such

refusal or neglect. The department shall immediately notify the person so assessed of its action, either by certified or registered mail or by personal service of such notice.

(2) Upon receiving an assessment made pursuant to subsection (1), the taxpayer has the following remedies:

(a) Within 15 days after receipt of the assessment, or by April 1, whichever is later, he may request an informal conference with the agent of the department. At the conference, the taxpayer may present evidence in mitigation or extenuation of his failure to supply the information requested by the department. Within 10 days after the conference, the agent of the department shall notify the taxpayer by certified mail whether the assessment will be modified. The department may modify the penalty if the taxpayer presents sufficient evidence in mitigation or extenuation of his failure to supply the information sought by the department and if it finds that the taxpayer did not willfully refuse to supply the information.

(b) If the taxpayer is aggrieved as a result of the informal conference, he may appeal to the county tax appeal board within 20 days after receipt of the decision of the department. The county tax appeal board has the authority to modify the:

(i) assessment only if it finds that the assessment exceeds 100% of the value of the property specified in 15-8-111; and

(ii) penalty if the taxpayer presents by a preponderance of the evidence facts in mitigation or extenuation of his failure to supply the information which the department sought.

(c) If the county tax appeal board modifies a penalty pursuant to subsection (2)(b)(ii), it may not reduce the penalty to less than 20% of the assessment, or if the assessment is modified pursuant to subsection (2)(b)(i), to less than 20% of the modified assessment.

(3) Either party aggrieved as a result of the decision of the county tax appeal board may appeal to the state tax appeal board within 20 days after receipt of the county tax appeal board's decision. When deciding an appeal brought under this subsection, the state tax appeal board must follow the provisions of subsections (2)(b) and (2)(c).

(4) Either party aggrieved as a result of the decision of the state tax appeal board may seek judicial review pursuant to 15-2-303."

Section 2. Section 15-10-304, MCA, is amended to read:

"15-10-304. County clerk and recorder to follow directions of department, county or state tax appeal boards. As soon as the county clerk and recorder receives from the department of revenue, county or state tax appeal board a statement of any change or changes made by the department or board in the assessment books of the county or in any assessment therein contained, he must make the corresponding change or changes in the assessment books by entering the same in a column provided with a proper heading in the assessment books, counting any fractional sum when more than 50 cents as $1 and omitting it when less than

HeinOnline -- 1985 vol. I 656 1985

50 cents so that the value of any separate assessment shall contain no fractions of a dollar; provided, however, that if such assessment books are not in the possession of the county clerk and recorder at the time he receives any such statement, he must immediately make a copy thereof, attesting the same with his seal of office, and deliver such attested copy to the county or state officer then having possession of such assessment books, and it shall be the duty of such county or state officer to immediately make the corresponding change or changes in such assessment in the manner herein provided."

Section 3. Section 15-23-104, MCA, is amended to read:

"15-23-104. Failure to file — estimate by department — penalty. If any person fails to file a report or return within the time established in 15-23-103 or by such later date as the department may approve, the department shall estimate the value of the property to have been reported on the basis of the best available information. In estimating the value of the net proceeds of mines, the department shall proceed under 15-23-506, and in estimating the value of the gross proceeds of coal mines, the department shall proceed under 15-35-107. *In estimating the value of all other property subject to assessment under parts 2 through 4 of this chapter, the department shall proceed under 15-1-303.* In estimating value under this section, the department may subpoena a person or his agent as specified in 15-1-302. An assessment *pursuant to parts 5 through 8 of this chapter* based on estimated value *or imputed value* is subject to review under 15-8-601. Each month or part of a month a report is delinquent, the department shall impose and collect a $25 penalty, the total not to exceed $200, and shall deposit such penalty to the credit of the general fund. CHAPTER NO. 358

[SB 333]

AN ACT TO ALLOW A CREDITOR OR SECURED PARTY TO RECORD A LIEN OR SECURITY INTEREST AND TRANSFER TITLE IF THE OWNER HAS NOT TRANSFERRED TITLE AND REGISTERED THE VEHICLE WITHIN THE STATUTORY 20-DAY GRACE PERIOD; AMENDING SECTIONS 61-3-103, 61-3-201, AND 61-3-202, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-3-103, MCA, is amended to read:

"61-3-103. Filing of security interests, rights, procedure, fees. (1) No security interest in a motor vehicle shall be valid as against creditors, subsequent purchasers, or encumbrancers unless the security agreement or other lien instrument that creates the security interest or a true

HeinOnline -- 1985 vol. I 657 1985

copy thereof certified by a notary public has been filed with the division as provided in this section. The division shall not file any security agreement or other lien instrument unless it is accompanied by the certificate of ownership of the vehicle encumbered, except in the sale of a new motor vehicle by a duly licensed dealer. The division shall file the security agreement, lien instrument, or its certified copy by entering upon its records the name and address of the secured party together with the amount of the security interest and, except as provided in subsection (2), shall endorse the same information upon the face of the certificate of ownership. The division shall mail a statement certifying to the filing of a security agreement or lien instrument to the secured party. *The division shall* mail the certificate of ownership to the owner at the address given on the certificate*; however, if the transfer of ownership and filing of the security interest are paid for by a creditor or secured party, the division shall return the certificate of ownership to the county treasurer where the vehicle is to be registered.* The owner of a motor vehicle is the person entitled to operate and possess such motor vehicle.

(2) Whenever a security agreement or lien instrument is filed against a motor vehicle that is subject to two security interests previously perfected by filing under this section, the division shall endorse on the face of the certificate of ownership, "NOTICE. This motor vehicle is subject to additional security interests on file with the Division of Motor Vehicles." No other information regarding such additional security interests need be endorsed on the certificate.

(3) Satisfactions or statements of release filed with the division under this chapter shall be retained by it for a period of 8 years after receipt, after which they may be destroyed. Security agreements and other lien instruments filed with the division, and all renewals and assignments thereof, shall be retained by it for a period of 8 years after the maturity date stated in the security agreement, lien instrument, or renewal, or if no maturity date is therein stated, for a period of 13 years after receipt, after which they may be destroyed.

(4) The filing of a security agreement or other lien instrument or copy thereof, as herein provided, perfects a security interest which has attached under the document filed. Filing of a security agreement or other lien instrument constitutes constructive notice to subsequent purchasers or encumbrancers, from the time of filing, of the existence of the security interest created by the document filed.

(5) Upon default under a chattel mortgage or conditional sales contract covering a motor vehicle, the mortgagee or vendor has the same remedies as in the case of other personal property. In case of attachment of motor vehicles all the provisions of 27-18-413, 27-18-414, and 27-18-804 shall be applicable except that deposits must be made with the division.

(6) A conditional sales vendor or chattel mortgagee or assignee who fails to file a satisfaction of a chattel mortgage, assignment, or conditional sales contract within 15 days after receiving final payment shall be required to pay the division the sum of $1 for each day thereafter that he fails to file such satisfaction.

HeinOnline -- 1985 vol. I 658 1985

(7) Upon receipt of any liens, or notice of liens dependent on possession, or attachments, etc., against the record of any motor vehicle registered in this state, the division shall within 24 hours mail to the owner, conditional sale vendor, mortgagees, or assignees of any thereof a notice showing the name and address of the lien claimant, amount of the lien, date of execution of lien, and in the case of attachment the full title of the court and the action and the name of the attorneys for the plaintiff and/or attaching creditor.

(8) It shall not be necessary to refile with the division any instruments on file in the offices of the county clerk and recorders at the time this law takes effect.

(9) A fee of $3 shall be paid to the division to file any security agreement or other lien instrument against a motor vehicle. The $3 fee shall include and cover the cost of filing a satisfaction or release of the security interest and also the cost of entering such satisfaction or release on the records of the division and deleting the endorsement of the security interest from the face of the certificate of ownership. A fee of $3 shall be paid the division for issuing a certified copy of a security agreement or other lien instrument on file in the office of the division, or for filing an assignment of any instrument on file with the division. All fees provided for in this section shall be deposited by the division in the motor vehicle recording account of the state special revenue fund."

Section 2. Section 61-3-201, MCA, is amended to read:

"61-3-201. Transfer of interest. (1) Upon a transfer of any interest in a motor vehicle registered under the provisions of this chapter, the person whose interest is to be transferred shall write his signature with pen and ink upon the certificate of ownership issued for such vehicle in the appropriate space provided upon the reverse side of the certificate, and his signature shall be acknowledged before a notary public.

(2) Within 20 calendar days thereafter, the transferee shall forward both the endorsed certificate of ownership and the certificate of registration, together with the information required under 61-3-202, to the county treasurer, who shall forward them to the division. No certificate of ownership or certificate of registration may be issued by the division until the outstanding certificates are surrendered to that office or their loss is established to its reasonable satisfaction. Failure to make application within the 20-day grace period subjects the transferee to a penalty of $10. The penalty is to be collected by the county treasurer at the time of registration and is in addition to the fees otherwise provided by law. *If the transferee has not made application within 25 days, a creditor or secured party may pay the fees for the transfer of title and filing of security interest or lien in order to have title transferred to the transferee and have the security interest or lien filed. The creditor or secured party is not liable for the penalty, registration fees, or taxes. The division shall return the certificate of title to the county treasurer as provided in 61-3-103(1). When the certificate of ownership is returned by the division to the county treasurer, the treasurer shall hold the certificate of ownership until the vehicle is properly registered.*

HeinOnline -- 1985 vol. I 659 1985

(3) In the event of a transfer by operation of law of any interest in a motor vehicle as upon inheritance, devise, or bequest, order in bankruptcy or insolvency, execution sale, repossession upon default in the performance of the terms of a lease or executory sales contract, or otherwise than by voluntary act of the person whose title or interest is transferred, the executor, administrator, receiver, trustee, sheriff, or other representative or successor in interest of the person whose interest is transferred shall forward to the division an application for a certificate of ownership in the form required for an original application for a certificate of ownership, together with a verified or certified statement of the transfer of such interest. The statement shall set forth the reason for the involuntary transfer, the interest so transferred, the name of the person to whom the interest is to be transferred, the process of procedure effecting such transfer, and other information requested by the division. Evidence and instruments otherwise required by law to effect a transfer of legal or equitable title to or an interest in chattels as may be required in such cases shall be furnished with the statement. If the division is satisfied that the transfer is regular and that all formalities required by law have been complied with, it shall send to the owner, conditional sales vendor, lessor, mortgagee, and other lienor, as shown by its records, notice of the intended transfer and thereafter, but not less than 5 days thereafter, shall issue a new certificate of ownership and certificate of registration to the person entitled thereto. The notice herein required is complied with by deposit in the post office in Deer Lodge, Montana, such notice, postage prepaid, addressed to the person at the respective address shown on its records.

(4) When the vehicle certificate of ownership that is involuntarily transferred is not registered in this state, the procedure set forth above must be followed in applying for a new certificate of ownership and certificate of registration but the division need not send notice of intended transfer and shall issue a new certificate of ownership and a new certificate of registration to the person entitled thereto.

(5) (a) In the event of the death of the owner of one or more motor vehicles, trailers, semitrailers, or housetrailers registered hereunder and not exceeding a combined value of $15,000 without leaving other property necessitating the procuring of letters of administration or letters testamentary, then the surviving spouse or other heir unless such property is by will otherwise bequeathed may secure transfer of the decedent's certificate of ownership and the certificate of registration for the vehicle.

(b) The person seeking transfer of the certificate of ownership shall file an affidavit with the division setting forth the fact of survivorship and the name and address of any other heirs and such other facts as are hereby made necessary to entitle the affiant to a transfer.

(c) The division is authorized to transfer the certificate of ownership and certificate of registration, subject to all security interests shown by its records, upon receipt of an affidavit showing that the affiant is entitled to a transfer under the provisions of subsection (5)(a) of this section.

(6) Nothing in subsection (5) shall prevent any secured party from assigning his interest in a motor vehicle registered under the provisions of

HeinOnline -- 1985 vol. I 660 1985

this chapter to any other person without the consent of and without affecting the interest of the holder of the certificate of ownership and certificate of registration. Upon any assignment by a secured party of his security interest in any motor vehicle registered under this chapter, a copy of such assignment must be filed with the division and record thereof made upon its records.

(7) The certificates of ownership shall remain valid until canceled by the division upon a transfer of any interest shown therein and need not be renewed annually."

Section 3. Section 61-3-202, MCA, is amended to read:

"61-3-202. Certificate of ownership — issuance — contents — joint ownership. (1) Upon completion of the application for certificate of ownership, on forms furnished by the division, the county treasurer shall forward one copy of the application to the division, which shall enter the information contained in the application upon the corresponding records of its office and, *except as provided in 61-3-103(1) and 61-3-201(2) concerning applications by creditors or secured parties,* shall furnish the applicant a certificate of ownership subject to the provisions of 61-3-103.

(2) The certificate of ownership shall contain upon the face thereof:

(a) the date issued;

CHAPTER NO. 364

[SB 464]

AN ACT TO EXCLUDE CERTAIN DISABILITY BENEFITS FROM ADJUSTED GROSS INCOME IN COMPUTING STATE INCOME TAX LIABILITY; AMENDING SECTION 15-30-111, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-30-111, MCA, is amended to read:

"15-30-111. Adjusted gross income. (1) Adjusted gross income shall be the taxpayer's federal income tax adjusted gross income as defined in section 62 of the Internal Revenue Code of 1954 or as that section may be labeled or amended and in addition shall include the following:

(a) interest received on obligations of another state or territory or county, municipality, district, or other political subdivision thereof;

(b) refunds received of federal income tax, to the extent the deduction of such tax resulted in a reduction of Montana income tax liability.

(2) Notwithstanding the provisions of the federal Internal Revenue Code of 1954 as labeled or amended, adjusted gross income does not include the following which are exempt from taxation under this chapter:

(a) all interest income from obligations of the United States government, the state of Montana, county, municipality, district, or other political subdivision thereof;

(b) interest income earned by a taxpayer age 65 or older in a taxable year up to and including $800 for a taxpayer filing a separate return and $1,600 for each joint return;

(c) all benefits received under the Federal Employees' Retirement Act not in excess of $3,600;

(d) all benefits, not in excess of $360, received as an annuity, pension, or endowment under any private or corporate retirement plan or system;

(e) all benefits paid under the teachers' retirement law which are specified as exempt from taxation by 19-4-706;

(f) all benefits paid under The Public Employees' Retirement System Act which are specified as exempt from taxation by 19-3-105;

(g) all benefits paid under the highway patrol retirement law which are specified as exempt from taxation by 19-6-705;

(h) all Montana income tax refunds or credits thereof;

(i) all benefits paid under 19-11-602, 19-11-604, and 19-11-605 to retired and disabled firefighters, their surviving spouses and orphans;

HeinOnline -- 1985 vol. I 668 1985

(j) all benefits paid by first- or second-class cities for the policemen's retirement system provided for by Title 19, chapter 9;

(k) gain required to be recognized by a liquidating corporation under 15-31-113(1)(a)(ii);

(l) all tips covered by section 3402(k) of the Internal Revenue Code of 1954, as amended and applicable on January 1, 1983, received by persons for services rendered by them to patrons of premises licensed to provide food, beverage, or lodging.

(3) In the case of a shareholder of a corporation with respect to which the election provided for under subchapter S. of the Internal Revenue Code of 1954, as amended, is in effect but with respect to which the election provided for under 15-31-202, as amended, is not in effect, adjusted gross income does not include any part of the corporation's undistributed taxable income, net operating loss, capital gains or other gains, profits, or losses required to be included in the shareholder's federal income tax adjusted gross income by reason of the said election under subchapter S. However, the shareholder's adjusted gross income shall include actual distributions from the corporation to the extent they would be treated as taxable dividends if the subchapter S. election were not in effect.

(4) A shareholder of a DISC that is exempt from the corporation license tax under 15-31-102(1)(l) shall include in his adjusted gross income the earnings and profits of the DISC in the same manner as provided by federal law (section 995, Internal Revenue Code) for all periods for which the DISC election is effective.

(5) A taxpayer who, in determining federal adjusted gross income, has reduced his business deductions by an amount for wages and salaries for which a federal tax credit was elected under section 44B of the Internal Revenue Code of 1954 or as that section may be labeled or amended is allowed to deduct the amount of such wages and salaries paid regardless of the credit taken. The deduction must be made in the year the wages and salaries were used to compute the credit. In the case of a partnership or small business corporation, the deduction must be made to determine the amount of income or loss of the partnership or small business corporation.

(6) A taxpayer receiving retirement disability benefits who has not attained age 65 by the end of the taxable year and who has retired as permanently and totally disabled may exclude from adjusted gross income up to $100 per week received as wages or payments in lieu of wages for a period during which the employee is absent from work due to the disability. If the adjusted gross income before this exclusion and before application of the two-earner married couple deduction exceeds $15,000, the excess reduces the exclusion by an equal amount. This limitation affects the amount of exclusion, but not the taxpayer's eligibility for the exclusion. If eligible, married individuals shall apply the exclusion separately, but the limitation for income exceeding $15,000 is determined with respect to the spouses on their combined adjusted gross income. For the purpose of this subsection, permanently and totally disabled means unable to engage in any substantial gainful activity by reason of any medically determined physical

or mental impairment lasting or expected to last at least 12 months. **(Subsection (2)(l) terminates on occurrence of contingency—sec. 3, Ch. 634, L. 1983.)"**

Section 2. **Extension of authority.** Any existing authority of the department of revenue to make rules on the subject of the provisions of this act is extended to the provisions of this act.

Section 3. **Effective date — applicability.** This act is effective on passage and approval and applies retroactively, within the meaning of 1-2-109, to taxable years beginning after December 31, 1983.

Approved April 4, 1985.
